Summary: The University of Hawaii will present proposed tuition hikes -- at a series of public meetings around the state.

Date/News: 4/20, 6pm, Length: 0:55

Summary: Meanwhile -- the rail line through Honolulu could lead to MILLIONS of dollars in construction costs for the department of education. The DOE wants to create a school impact fee district from Kalihi to Ala Moana to offset the possible 227-million dollars in construction costs. A D-O-E report says more school space will be required for nearly 40-thousand housing units planned in the area. A new school district could be created in the next 25 years. The fee district would allow the state to collect 10-percent

of school construction costs, and 100-percent of land costs from the housing developments. The D-O-E is expected to schedule a public hearing on the district.

Date/Newscast: 4/26, 6am, Length: 1:44

Summary: Living in Hawaii is a dream for many. Waking up paradise certainly has its perks with our mostly warm weather and sandy beaches. But all of this may be an illusion for some who are in search of teaching jobs in paradise. Our partners at Civil Beat are reporting stories and blog posts that are sweeping the nation with some claiming Hawaii will pay 50-thousand dollars a year for teachers to work here. As a result, applications are arriving from around the globe. According to the DOE, the search for qualified teachers has become akin to "searching for a needle in a haystack."

Date/Newscast: 5/03, 6 & 10pm, Length: 1:30

Summary: Hawaii DOE to expand free meal program to 30 schools

Date/Newscast: 5/04, 6pm, Length: 1:03

Lifeguards say the boat will be stationed in Kewalo Basin but will be able to respond to incidents from Barbers point to Hawaii Kai. They say it'll have several advantages over their current jet ski fleet.

Date/Newscaat: 4/14, 6pm, Length:2:10

Summary: UH domestic violence policy examined after two players were arrested.

Date/Newscaat: 4/14, 6pm, Length: 1:23

Summary: Researchers from the University of Copenhagen say that chemicals commonly used in sunscreen can weaken sperm. They say the same chemicals that filter out harmful UV rays are also endocrine disrupters that can harm male fertility. Men we spoke to say, the choice between protecting skin versus protecting their fertility is a tough one.

Date/Newscaat: 4/14, 6pm, Length: 2:03

Summary: The dangerous link so many dreaded is there. Tonight the Centers for Disease control and prevention confirms the Zika virus does INDEED cause the brain abnormality "micro-cephaly", babies born with smaller brains. The mosquito that carries Zika could soon spread to 30 states. ABC's Stephanie Ramos shows preventing bites leading to the devastating infection is tough.

Date/Newscaat: 4/14, 6pm, Length: 2:45

Summary: Finding a PURPOSE... and filling a NEED. It's been 10 years since Dr. Bob (Roo-gshe-AIR-ee) Ruggieri founded Island Urgent Care. Over the past decade, he says he's learned a lot about himself, his patients -- and what it means to serve in medicine. In tonight's MVP... he shares his thoughts on why he decided to take a BIG RISK.

Date/Newscaat: 4/15, 6 & 10pm, Length: 4:28

Summary: Having a fit pregnancy is something more and more moms-to-be are striving for. Doctors say moms who stay active have easier births. The Bar Method is a workout celebrities like Drew Barrymore and Jennifer Anniston swear by... and now there's a studio in Hawaii, where you'll find lots of new moms and moms-to-be.

Date/Newscaat: 4/18, 6am, Length:2:05

Summary: It sounds like science fiction -- but it's real, and it could be deadly. We're talking about spontaneous combustion. All it takes is some simple household products and a little negligence. KITV's Nate Serota shows us how common it is and how you can protect your home.

Date/Newscaat: 4/18, 6pm, Length: 2:11

Summary: Explosion in a U-H science lab... The blast that cost a researcher her arm is coming into focus tonight. The Honolulu Fire Department just released a report on the explosion.

Date/Newscaat: 4/18, 6pm, Length:0:44

Summary: Breastfeeding moms could soon be exempt from jury duty in Hawaii. The State Senate just passed a bill that would excuse mothers from jury duty if they are breastfeeding children up to age two. The bill was previously passed by the House, so it now goes to Governor David Ige, who may sign it into law. Advocates of the bill say mothers don't have a realistic opportunity to pump during a trial. They also say it's vital for a child's well-being.

Date/Newscast: 4/19, 5pm, Length: 1:50

Summary: There's no denying the benefits of breast feeding an infant child. But what if a mother was denied the ability to OPENLY breast feed her child at a restaurant. That's what happened this weekend, and it has outraged a group of local mothers. KITV videographer Nate Serota shows us how today that restaurant set out to reconcile the situation.

Date/Newscast: 4/21, 6pm, Length: 1:03

Summary: There have been no LOCALLY acquired cases of the Zika virus in Hawaii -- but state health officials warn -- the threat isn't gone. Now -- health experts in FLORIDA -- are looking to create genetically-modified mosquitoes -- to combat the virus. Scientist want to release MILLIONS of the GMO male mosquitoes into South Florida neighborhoods -- with a goal to lower the populations of the type of mosquito that's known to SPREAD the Zika virus.

Date/Newscast: 4/25, 6pm, Length:0:49

Summary: Along with maintaining the aloha spirit for visitors...there is a new push to keep them safe while enjoying the ocean. Today the state, counties and lifeguards unveiled a series of new posters at island airport baggage claims. They're aimed at directing visitors to an ocean safety website...hawaii-beach-safety-dot-com. The site serves as a one-stop shop for information on popular beaches and advisories that might be posted at any given time. The new push comes with data confirming that ocean drowning is the leading cause of visitor deaths in Hawai'i...with tourists 8 times more likely to get in trouble in the water than locals. Since the site began about 10 years ago...officials say it's content has steadily grown....as has its overall reach.

Date/Newscast: 4/27, 5pm, Length: 1:10

Summary: State and County officials announced that Hawaii has reached a turning-point in the fight against Dengue Fever. "We have reached an important milestone - a very important milestone. It has been 30 days since the end of the infections period of the last locally acquired case of dengue fever on the Hawaii island," said Hawaii Gov. David Ige. Officials say today's announcement is thanks to the joint efforts of the State, City and residents. More than 500 private properties and 300 public spaces were examined for mosquito breeding areas. Officials say the Dengue Fever outbreak has helped the State be better prepared for future vector borne illnesses. Officials say they are now working on a strategic state-wide plan to work with every county to combat mosquito born diseases.

Date/Newscast: 4/27, 6pm, Length:0:44

Summary: Some good news in the fight against Dengue Fever. State and county officials say we've reached a turning-point. It's been 30 days since the end of the infections period of the last locally-acquired case of dengue fever on the Big Island. Officials say today's announcement is thanks to the joint efforts of the State, City and residents. More than 500 private properties and 300 public spaces were examined for mosquito breeding areas. Officials say the outbreak has helped the State be better prepared for future vector borne illnesses.

Date/Newscast: 4/27, 6pm, Length: 2:33

Summary: A taxi regulation bill that had been advancing through the city council is now stuck in neutral, after heated debate over passenger safety.

Date/Newscast: 4/30, 10pm, Length: 3:04

Summary: What started as a relaxing vacation in Hawaii, has turned into a family's struggle to bring their critically injured father home. The 67 year old veteran was knocked out and nearly killed by a powerful wave at the beach.

Date/Newscast: 5/02, 5pm, Length: 1:30

Summary: Judd Trail closed after tree falls on hiker

Date/Newscast: 5/03, 6pm, Length:0:45

Summary: The Department of Transportation says big rig drivers have heeded their warning to avoid a popular bridge near Sunset Beach. The DOT has rerouted vehicles that weigh more than 15-tons near the Paumalu-Stream Bridge. Officials say this year's high surf caused additional damage to an already dilapidated structure. Inspectors found deterioration on some of the bridges concrete support pillars and large vertical cracks in the columns. The DOT says drivers appear to be making the adjustment. Last Wednesday 23 trucks were turned around at the bridge - Monday just 6 had to be rerouted.

Date/Newscast: 5/04, 6pm, Length: 2:00

Summary: A toxic scare on the produce aisle. The FBI has arrested a man they accuse of spraying poisonous chemicals on items at several grocery stores.

Date/Newscast: 5/04, 6pm, Length: 1:44

Summary: The national highway traffic safety administration today announced an expansion to what was already the nation's largest auto recall -- with an additional 35 to 40 million airbags added to the recall list.

Date/Newscast: 5/04, 6pm, Length: 1:10

Summary: Until a medical emergency happens to you --many people may not you fully appreciate the paramedics and medical technicians who come to your aid. Our ambulances respond to close to 90-thousand 911 calls a year. And unlike most places across the country, here in Honolulu at least one paramedic is assigned to every ambulance. To mark National Emergency Services week the governor today signed a proclamation honoring the work by EMS personnel.

Date/Newscast: 5/09, 6pm, Length: 1:53

Summary: If you find yourself in trouble on the open ocean, would YOU know what to do until help arrives? With THREE ocean rescues over the weekend -- knowing proper ocean safety could be the difference between life and death.

Date/Newscast: 5/11, 5pm, Length: 1:09

Summary: Should bartenders be allowed to say no to pregnant women who order a drink? Many doctors recommend that women steer clear of alcohol for the entire nine months of pregnancy, but in New York City bartenders can't say no. A new ruling by the New York City's Human Rights Commission says bars cannot refuse to serve pregnant women alcohol, arguing that such treatment is discriminatory.

Date/Newscast: 5/11, 6pm, Length: 1:30

Summary: When it comes to RAGE -- we own the road! It's no secret -- Hawaii's roadways are some of the most congested in the nation. But a new study shows our drivers are some of the most HOT-headed.

Date/Newscast: 5/12, 6pm, Length: 1:44

Summary: Whether you like vegetables or not, there's one thing you know for sure: veggies are really good for you. CNN's Mary Moloney discusses ways to make them even \*more\* nutritious in today's Health Minute.

Date/Newscast: 5/13, 6 & 10pm, Length: 1:53

Summary: Nonstop doesn't do it justice here. Blood Bank Hawaii runs a 24/7, 365 day a year operation at the Dillingham headquarters. The threat of the Zika virus adds to the urgency of an already tireless mission.

Date/Newscast: 5/17, 6pm, Length: 2:10

Summary: A warning from Consumer Reports tonight. It says nearly half of the sun screen brands it recently tested... did NOT meet the SPF claims on the bottles. And some of the sunscreen companies named... are now fighting back.

Date/Newscast: 5/17, 6pm, Length: 1:55

Summary: A big warning tonight about keeping your home safe. Intruders caught on camera invading houses -- could something like this happen to you? ABC's safety expert is putting one family's home security to the test -- and revealing just how easy it can be to break in.

Date/Newscast: 5/19, 6pm, Length: 2:22

Summary: A hotspot for sharks? That would be Maui. It's based on the spike in shark bite cases we saw a few years ago--- twice as high than anywhere else in Hawaii. As Catherine Cruz tells us a results of a study are in to try and explain why you might be more likely to have a shark encounter in waters of the Valley Isle.

Date/Newscast: 5/24, 10pm, Length: 1:10

Summary: Can hula improve your health and well-being? Researchers at the UH Cancer Center are launching a new study to find out.

Date/Newscast: 5/25, 6pm, Length: 1:45

Summary: The NTSB has finished it's investigation of a plane crash off of Moloka'i that happened more than two years ago. State Health Director Loretta Fuddy was one of the 8 passengers on board. All of them were able to get out of the plane -- but Fuddy was found unresponsive about an hour later. In it's report -- the NTSB emphasizes two factors in the crash. The PILOT -- who it says FAILED to give a safety briefing -- AND -- the operator for certain maintenance of the planes engine that HAD NOT been taken care of. Aviation expert Peter Forman says there may have been some confusion.

Date/Newscast: 5/26, 5pm, Length: 1:44

Summary: This time last year, officials predicted a busy El Nino hurricane Season - that's exactly what we got.

Date/Newscast: 6/06, 6pm, Length: 0:55

Summary: CrimeStoppers and Honolulu police need your help finding a man wanted for sexual assault and attempted murder.

Date/Newscast: 6/08, 5/6 & 10pm, Length: 2:00

Summary: An attack in BROAD DAYLIGHT leaves a woman DAZED and CONFUSED -- and police asking for YOUR help. It happened here at the Aloha Towers in Waikiki. Specifically, in this parking garage on May 28th. This is where the suspects sped out from in car and got away.

Date/Newscast: 6/10, 6pm, Length: 2:10

Summary: One of the most common and terrifying concerns parents of young children have -- their child choking on small objects. That nightmare became a chilling reality for one local mother whose instincts to save her baby kicked into gear. KITV's Lei Kaholokula caught up with the Maui mom who took to social media shedding light on a situation that could happen to anyone.

Date/Newscast: 6/14, 10pm, Length: 2:00

Summary: According to the Consumer Product Safety Commission nearly 25,000 visits to the emergency room last year were because of injuries from wearing flip flops.

Date/Newscast: 6/18, 6pm, Length: 2:00

Summary: Time is running out on a bill to put Hawaii gun owners into an FBI database. The bill is sitting on the governor's desk, waiting his signature or veto. But it continues to fire up debate over gun regulation.

***Date/subject of KITV4 News stories on the Hawaiian Culture:***

Date/Newscast: 4/04, 10pm, Length: 1:55

Summary: Governor David Ige wants to boost funding for the Department of Hawaiian Home Lands. His plan would give the department its biggest budget ever. But critics I spoke with say-- it's not enough.

Date/Newscast: 4/04, 10pm, Length: 2:25
