HR Application Review

Date: 01/11/2022

Accept

Note: Please review. South Florida PBS, Inc. ("SFPBS") is an equal opportunity employer and will not discriminate against any employee or applicant for employment in any manner prohibited by law. If you feel you have been treated or discriminated against for any reason, please notify the Chief Operating Officer or President & CEO in writing, so that we may promptly address your concerns.

SFPBS utilizes a sophisticated and detailed background and pre-employment investigation process. Should this process determine any inaccurate or incomplete information, it will result in you either being disqualified from employment with SFPBS as an applicant, or it will result in termination of your employment if the inaccuracies are discovered subsequent to your employment with SFPBS. Accordingly, SFPBS strongly suggests that you NOT complete this application until you have the time and accurate information to do so.

SFPBS requires all individuals applying for regular/full-time or part-time positions to submit to a drug screening program prior to employment, and that all employees submit to drug and alcohol testing during the course of their employment. The result of such screening/testing will be initially disclosed to decision makers for SFPBS and may be the basis for disqualifying any candidate for employment and for termination during employment. SFPBS reserves the right to utilize this information in any way it deems necessary, such as but not limited to civil, criminal and administrative proceedings and any other similar matters. By signing this application, I agree to the foregoing and further agree to hold SFPBS harmless for any claims resulting from such screening/testing for drug and/or alcohol use.

## ENGINEERING

### **Sr. Director, Technology/Operations**

South Florida PBS is searching for a Sr. Director of Technology and Operations ready to lead us into the future of next-generation media technologies and infrastructures as the organization shifts from traditional broadcasting to new platforms based on IP and cloud-based solutions.

Under the general supervision of the Sr. VP Technology/Operations the Sr. Director, Technology/Operations is responsible for strategically leading the South Florida PBS technology and operations teams. Fully assuming the leadership role, steering from the front, working side-by-side with highly skilled engineering personnel to achieve the goals of SFPBS. Facilitates short and long-term technology planning including, but not limited to, establishing technical standards, methods, and priorities. Works collaboratively with peers within the technology division to ensure that all engineering and IT capabilities for South Florida PBS are innovative and solution oriented, meeting current and future needs. Responsible for overseeing the operations and maintenance functions of all technical personnel, equipment, and infrastructure to ensure a smooth and efficient operation for broadcast, production and NexGen endeavors. Working with the SVP, assists in developing and executing the strategic direction, goals, and objectives for the division.

Maintains a good working knowledge of the company's broadcast operations, networking infrastructure and RF technical facilities. Researches new technologies as they may apply to South Florida PBS. Maintains technical leadership within the industry; recommends, plans, and designs technical and equipment changes. Acts as a resource and liaison between Technology division and other departments. Maintains compliance with all FCC rules and regulations. Develops and manages operational budgets and maintains proper documentation.

---

distribution infrastructure. RF experience is a must. Knowledge of planning, technical design, construction, maintenance and operation of all aspects of broadcast facilities. Proven experience leading a diverse team.

Able to communicate with personnel at all levels. Ability to follow through on objectives without direct supervision. Strong leadership, management and interpersonal skills. Embraces hands-on leadership strategy. Excellent written and oral communication skills. Must have an enthusiasm for the mission of South Florida PBS.

Must work well under pressure.

Send resume with cover letter to: South Florida PBS, HR, 3401 S Congress Ave, Boynton Beach, FL 33426, or [humanresources@wpbt.org](mailto:humanresources@wpbt.org), EOE, M/F/D/V

## **Sr. Director, Technology/Operations**

South Florida PBS is searching for a Sr. Director of Technology and Operations ready to lead us into the future of next-generation media technologies and infrastructures as the organization shifts from traditional broadcasting to new platforms based on IP and cloud-based solutions.

Under the general supervision of the Sr. VP Technology/Operations the Sr. Director, Technology/Operations is responsible for strategically leading the South Florida PBS technology and operations teams. Fully assuming the leadership role, steering from the front, working side-by-side with highly skilled engineering personnel to achieve the goals of SFPBS. Facilitates short and long-term technology planning including, but not limited to, establishing technical standards, methods, and priorities. Works collaboratively with peers within the technology division to ensure that all engineering and IT capabilities for South Florida PBS are innovative and solution oriented, meeting current and future needs. Responsible for overseeing the operations and maintenance functions of all technical personnel, equipment, and infrastructure to ensure a smooth and efficient operation for broadcast, production and NexGen endeavors. Working with the SVP, assists in developing and executing the strategic direction, goals, and objectives for the division.

Maintains a good working knowledge of the company's broadcast operations, networking infrastructure and RF technical facilities. Researches new technologies as they may apply to South Florida PBS. Maintains technical leadership within the industry; recommends, plans, and designs technical and equipment changes. Acts as a resource and liaison between Technology division and other departments. Maintains compliance with all FCC rules and regulations. Develops and manages operational budgets and maintains proper documentation.

Bachelor's degree preferred in related field. SBE certification or equivalent work experience. Seven to ten years of experience working in a broadcast facility or in the broadcast field. Familiarity with television operations and content creation. Strong IT based skills, networking, and IP video distribution infrastructure. RF experience is a must. Knowledge of planning, technical design, construction, maintenance and operation of all aspects of broadcast facilities. Proven experience leading a diverse team.

Able to communicate with personnel at all levels. Ability to follow through on objectives without direct supervision. Strong leadership, management and interpersonal skills. Embraces hands-on leadership strategy. Excellent written and oral communication skills. Must have an enthusiasm for the mission of South Florida PBS.

Must work well under pressure.
