Jack Capperell
General Manager
Service Electric Cable TV & Communications
2260 Avenue A
LVIP #1
Bethlehem, PA 18017-2170

Dear Jack:

Pursuant to 47 United States Code Section 535(b)(1) and Section 76.56 of the rules of the Federal Communications Commission, WHYY is requesting carriage of Station WHYY, Philadelphia, PA, which is a qualified local noncommercial television station entitled to carriage on your cable television system(s) located at Easton, PA, Lehigh Valley, PA and Emmaus, PA (as well as continuing carriage on the Service Electric systems on which it is already carried.)

As we discussed and agreed, Service Electric will now put WHYY's main channel on Service Electric's Channel 21, and within 60 days Service Electric will put WHYY's Arts & Culture digital multicast channel on in the neighborhood of Service Electric's channels 120 to 132. We understand that you will obtain WHYY's signal from the Comcast fiber feed that you receive. (Our Arts and Culture channel is 241 on Comcast.)

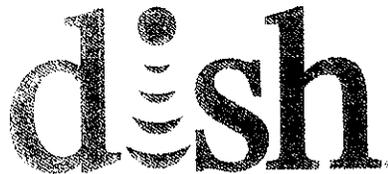

We are delighted that a wider audience will now be able to view WHYY's programming. If you have questions, please feel free to give me a call at (215) 351-3302.

Sincerely,

A handwritten signature in black ink, appearing to read "Kyrá".

**Re: HDTV Local-into-Local Service
WHYY – Philadelphia DMA**

Dear WHYY, INC.:

By this letter, DISH Network L.L.C. ("DISH") provides notice of its intent to commence local-into-local service for ATSC digital signals that are broadcast in ATSC high-definition ("HDTV") format pursuant to 47 U.S.C. § 338 and the amended rules of 47 C.F.R. § 76.66, in the Philadelphia DMA on or before February 17, 2013. This letter is intended only to provide the notification required by 47 C.F.R. § 76.66(d)(2)(vi) of DISH's designation of the Philadelphia DMA as a HD carry one, carry all market pursuant to 47 C.F.R. § 76.66(k)(2).

Consequently, so long as your station has either made a valid election of mandatory carriage or negotiated a grant of retransmission consent for its HDTV signal pursuant to applicable federal laws, rules, and regulations and, provided that your station has delivered a good quality HDTV signal in accordance with the attached Appendix to the DISH local receive facility at the address set forth below, you will be entitled to carriage by DISH of your station's HDTV signal by February 17, 2013.

The location of DISH's local receive facility for the collection of HDTV signals in the Philadelphia DMA is:

Sprint
4101 Maple Ave.
Pennsauken, NJ 08110

Please feel free to contact me at steve.czarniecki@dish.com should you have any questions. If you have engineering or signal delivery questions, please contact Les Scott at lester.scott2@echostar.com or (307) 633.5458.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Czarniecki".

Steve Czarniecki
Manager, Programming

**Re: Mandatory Carriage Election
WHYY – Philadelphia DMA**

Dear Ms. Quatresols:

We received WHYY's letter, postmarked September 19, 2011, electing mandatory carriage. DISH Network accepts your election and looks forward to continued carriage of WHYY per federal must carry regulations for the election cycle commencing January 1, 2012.

DISH Network will carry WHYY's signal during the upcoming election cycle ending on December 31, 2014 so long as the station does not substantially duplicate the programming of any other station within the market and complies with all federal must carry regulations, including the delivery of a good quality signal to the local receive facility.

DISH Network reserves the right to reject those stations that fail to deliver a good quality signal. Please contact Kip Wilcoxson, Engineering Manager, at our Cheyenne, WY Uplink facility at (307) 633-5483, should you anticipate signal delivery issues.

Sincerely,

A handwritten signature in black ink, appearing to read "Erin E. Rider".

Erin E. Rider
General Manager
Programming Dept.

**APPENDIX: MINIMUM ENGINEERING AND TECHNICAL PARAMETERS
FOR CARRIAGE OF HIGH DEFINITION DIGITAL SIGNALS**

1. A good quality signal of your HDTV Channel should be delivered as soon as practicable (and no later than January 1, 2013) to DISH's Local Receive Facility to prepare for retransmission by February 17, 2013. The exact date on which the carriage of your station in HD has not yet been determined and will, in part, depend on the dates on which good quality signals are delivered to DISH's Local Receive Facility. You are encouraged to notify us of your intent to deliver an HD signal as soon as possible to better allow us to prepare for the carriage of your signal and launch the channel as soon as feasible.
2. No later than January 1, 2013, please complete and return the attached tech sheet.
3. All HDTV Channels are subject to the federal requirements that prohibit substantial duplication of programming.
4. All HDTV Channels must comply with any and all federal, local, and state EAS requirements and other requirements as set forth under relevant laws, rules and regulations.
5. All HDTV Channels must also comply with closed-captioning requirements, and closed captioning information shall be delivered to DISH Network in native 708 format.
6. Definitions:
 - a. A Programming Feed is the video and audio transmitted simultaneously as a single "channel" of programming.
 - b. The "HDTV Channel" shall mean the single Programming Feed contained in a Station's ATSC digital signal, broadcast with content on a 24X7 basis in ATSC high-definition ("HDTV") format and is designated by the Station as its "primary channel" consistent with FCC requirements. Each broadcaster is permitted only one HDTV Channel.

HD Locals Tech Sheet

If you intend to provide an HD signal for carriage on DISH, please provide the below information to Steve Czarnecki at steve.czarnecki@dish.com, (303) 723-2797 (fax), or mail to:
