Quarterly Issues/Programs List

KXXY provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

Public Health: After a summer of Covid reductions, back to school and work meant another surge and another variant.

Race Relations: With the high profile trials of several police officers crimes against minorities many are asking what is going on with race relations.

Child Safety: The first vaccines for children were approved this quarter. What does that mean and are they safe?

**Section I
