2. Economics	<p>Idaho Reports In the end, this week's public schools budget was the same as the one the Senate defeated last week, except for a few lines of intent language vetted by the Education committees. Reporter Betsy Russell walks us through the delicate dances that led to final passage and adjournment.</p> <p>Frontline "Cliffhanger" As the nation faces yet another round of fiscal crises, FRONTLINE investigates the inside history of how Washington has failed to solve the country's problems of debt and deficit. Drawing on interviews with key players in Congress and the White House, FRONTLINE goes behind the scenes to show how a clash of politics and personalities has taken the nation's economy to the edge of the "fiscal cliff," and now to a second round of standoffs over the debt ceiling and sequestration.</p> <p>Frontline "The Untouchables" Are the CEOs of mega-banks too big to jail? Though fraudulent practices at banks contributed to America's financial meltdown, to date no Wall Street titan has been convicted of a crime connected to the crisis. FRONTLINE investigates why Wall Street's leaders have escaped prosecution.</p>	<p>4/5/13 8:00 p.m. 1 hour</p> <p>5/14/13 10:00 p.m. 1 hour</p> <p>5/21/13 10:00 p.m. 1 hour</p>

3. Education	<p><b>Making Meaning in Literature</b> This program offers teachers practical ways to help their students form rich and informed interactions with literature. Eight teachers from around the country talk about the ways in which they encourage students to become active and effective readers, building strong mental muscles as they place themselves in the world of a text, form impressions of the work, and pose questions that help push their understandings further.</p> <p><b>The Whole Child: A Caregiver’s Guide to the First Five Years</b> This series provides the latest information about child development and childcare for the critical years from birth to the age of five. Taped at working childcare centers with real caregivers and children, the programs teach you about children's physical, emotional, and cognitive development.</p> <p><b>Essential Science for Teachers</b> This series is designed to help K-6 teachers gain an understanding of some of the bedrock science concepts they need to teach today's standards-based curricula.</p>	<p>5/31, 6/7, 6/14, 6/21, 6/28/13 2:00 a.m./1:00 a.m. MT/PT 1 hour each program 5 hours total</p> <p>6/3, 6/10, 6/17, 6/24/13 3:00 a.m./2:00 a.m. MT/PT 1 hour each program 4 hours total</p> <p>5/31, 6/7, 6/14, 6/21, 6/28/13 1:00 a.m./12:00 a.m. MT/PT 1 hour each program 5 hours total</p>
4. History	<p><b>NOVA “Ancient Computer”</b> A 2,000-year-old Greek shipwreck discovered in the early 20<sup>th</sup> century includes the remains of an intricate bronze machine. The unimpressive lump of metal turns out to be an extraordinary treasure: the world’s first known computer.</p> <p><b>Ken Burns’ The Dust Bowl</b> Filmmaker Ken Burns chronicles the environmental catastrophe of the Great Plains during the 1930s. The frenzied wheat boom of the early 20<sup>th</sup> century that plows the prairie lands becomes the victim of a decade-long drought that turns those lands into deserts and unleashes a pattern of massive, deadly dust storms.</p> <p><b>Frontline “Never Forget to Lie”</b> Filmmaker Marian Marzynski tells the story of how he as a Jewish boy escaped the Holocaust, hiding from the Nazis and surviving the war as an altar boy in a Catholic monastery.</p>	<p>4/3/13 8:00 p.m. 1 hour</p> <p>4/23/13 and 4/30/13 8:00 p.m. 4 hours total</p> <p>4/30/13 10:00 p.m. 1 hour</p>

5. Health	<p>Outdoor Idaho “Nature’s Healing Power” This program features stories of those who have found strength and solace in nature as they confront illness and injury.</p> <p>Second Opinion “Living With Alzheimers” According to a recent study released by the Alzheimer’s Association, five million people in the US have been diagnosed with Alzheimer’s. Approximately one-half are at the early stages of the disease, struggling to pass for normal. Researchers continue to investigate new ways of understanding and diagnosing Alzheimer’s, yet behind the promise of new understanding and better diagnostic processes is the nagging reality that to date, there is no treatment proven to stop or even slow the process of Alzheimer’s.</p> <p>Second Opinion “Autism” Some doctors believe the increased incidence in autism is due to newer definitions of autism. The term "autism" now includes a wider spectrum of children. For example, a child who is diagnosed with high-functioning autism today may have been thought to simply be odd or strange 30 years ago.</p>	<p>6/30/13 8:00 p.m. 30 minutes</p> <p>5/25/13 7:00 a.m./6:00 a.m. MT/PT 30 minutes</p> <p>6/8/13 7:00 a.m./6:00 a.m. MT/PT 30 minutes</p>
6. Local Community Interest	<p>Outdoor Idaho “Eating Local” Idahoans turn out for a growing number of farmers markets around the state, taking part in an increasing national trend of eating food grown close to home.</p> <p>Outdoor Idaho “Rec Tech” Whether producing custom jet boats, some of the world’s best-known knives, high-end fly fishing reels or calorie-packed and great-tasting energy bars, the people leading Idaho’s recreation technology companies share one characteristic: They love Idaho’s great outdoors.</p> <p>Outdoor Idaho “Seeking Refuge” Cameras capture nature’s scenes and sounds in each of Idaho’s six national wildlife refuges. Hundreds of thousands of migrating birds, plus more who find nesting sites in the refuges, also attract birdwatchers, scientists and others to these special places.</p>	<p>6/13/13 8:00 p.m. 30 minutes</p> <p>5/16/13 8:00 p.m. 30 minutes</p> <p>4/18/13 8:00 p.m. 30 minutes</p>

The heights they achieve throughout the state require skills, levels of expertise, techniques and climbing methods as varied as the state’s terrain.</p> <p>Outdoor Idaho “Cycling Idaho” Whether it is an afternoon family ride on a picturesque trail, heavy-duty mountain biking, serious long-distance travel or road racing, Idaho meets the cycling challenge and provides a variety of experiences few states can match.</p>	<p>4/11/13 8:00 p.m. 30 minutes</p> <p>5/9/13 8:00 p.m. 30 minutes</p> <p>4/25/13 8:00 p.m. 30 minutes</p>

9. Nature	<p>Nature “The Private Life of Deer” This program reveals the hidden world of these gentle creatures in a whole new light, allowing us to see them not as roadside attractions or backyard visitors, but as intelligent, affectionate family members.</p> <p>Life in Cold Blood This 5-part series tells the story of Earth’s most enduringly successful animals – reptiles and amphibians. These creatures are dramatic, social, sophisticated and passionate.</p> <p>Outdoor Idaho “Idaho’s Salmon” The once abundant salmon runs into the heart of Idaho disappeared. Since then efforts have concentrated on maintaining their genetic lines.</p>	<p>5/8/13 7:00 p.m. 1 hour</p> <p>5/8, 5/15, 5/22, 5/29, 6/6/13 10:00 p.m. 5 hours total</p> <p>5/23/13 8:00 p.m. 30 minutes</p>
10. Wilderness	<p>Outdoor Idaho “Canyonlands Calling” Cameras roam desert expanses, narrow canyons, mountains and rock formations of the southwest corner of Idaho. Participants reveal how eight years of collaborative effort among many interests can culminate in the federal Owyhee Initiative that includes many uses, including designated wilderness.</p> <p>Outdoor Idaho “Palisades by Season” Cameras follow biologists and nesting eagles, fishing enthusiasts, a huckleberry gatherer and winter wildlife watchers.</p> <p>Outdoor Idaho “A Palouse Paradise” The Idaho Panhandle area called the Palouse is known for undulating hills with volcanic soils that grow abundant crops of wheat, peas and beans. It is also a place of vanguard organic farming, rare earthworms, patches of native prairie, unusual cedar groves and patient landscape photographers.</p>	<p>4/4/13 8:00 p.m. 30 minutes</p> <p>6/20/13 8:00 p.m. 30 minutes</p> <p>6/27/13 8:00 p.m. 30 minutes</p>
