NARRATIVE: Since the holidays of December have ended and that the trees of Christmas have fulfilled his mission. The residents of the Imperial Valley who are clients of Allied Waste can recycle his trees without extra cost, the only thing that they have to do it is to leave them to a side of the boats of garbage any day of compilation.

Frank Salazar, Representative of Allied Waste said: that do not put them in dumps in the green boat that must not do to itself, simply extract the tree aside of the boats of garbage it is a free service that we are giving for that we want to improve the environment and at the same time to recycle the trees.

TAG: The service of recycling of trees initiates this lines 7 and ends 31 of this month and it is very important to take the adornments from his trees so that they could be recycled.

DATE: 01-03-08 TITLE: Bob Filner visits.

LENGTH: 1:47

PROGRAM: Notivalle

NARRATIVE: In the representatives' presence of the community congress man Bob Filner visited today the Imperial Valley to raise solutions to diverse problems that they bother to the county.

Filner said: we hope to open a clinic with finished service for veterans in 1 or 2 months it will be good for the Valley. Also one touch the topic of the medical service for undocumented persons. If someone is receiving medical attention and if it is undocumented the Federal Government should take charge for that at present the hospitals are paying this service.

Vivian Perez, Assistant of the Forum said: it is well that there are funds for the illegal ones but also my worry is that it is going to do for these members of the community who have no insurance those who are here legally and those who are citizens of the United States that it is going to do to help them with the medical care.

But the long lines there was one of the principal topics. Conferee Filner showed that the people in Washington think that having long lines it is to be sure.

Filner, today we have the resources they can open all the doors 24 hours and that would eliminate the long lines without need of any more technology only with more agents throughout the day.

Perez; they need to take hold more officials put more money on the border that not only complain but that do something for the community without putting the money in on the border and that more officials occupy.

To finish the Mr. Filner reaffirmed his slogan to this topic efficiency is a safety and that should to destine the money used for frontier matters to fight those who put in risk to our nation and not those who only come to do to him a good to the country on having come from buys or to work.

DATE: 01-07-08 TITLE: Arrest Canal Todo Americano.

Enrique Lozano, Frontier Patrol Sector El Centro, said:

These two persons were arrested, down the arrest could state that the individuals had 10 bundles that were containing 110 pounds sterling of marijuana and that were deposited to the country illegally.

The incident registered 10 miles to the East of the cabin new Mexicali where, after crossing the Canal Todo Americano in a raft, 2 of the individuals tried trasportar the drug in bicycle whereas others 2 managed to return to Mexico.

Lozano; good others 2 persons were returned to Mexico that they have being one of the tactics that the smugglers use to join this case drugs or in his shortcoming also they can be persons who try to enter illegally to this country.

Although other more usual ways exist to try to cross drugs illegally to this country what one saw this weekend is of attracting attention.

It is not so common more nevertheless it is something for that it is possible to wait inside the methods for that the smugglers are looking to be able to spend his illicit goods to this country.

In what it goes of this year they take taken into account 3323 pounds sterling of marijuana seized with a value for 2,6 million dollars.

DATE: 01-08-08 TITLE: Insecurity BC

LENGTH: 2:08

PROGRAM: Notivalle

NARRATIVE: The increasing insecurity that is lived in the tourist broker Tijuana – Rosarito – Ensenada, worries the authorities of Mexicali where there is had the fear of losing the inflow of foreign visitors especially of the United States.

Victor Manuel Rodriguez, President of COTUCO Mexicali;

If we worry from what it is going on there because this bad publicity now if it is going to affect us indirectly here if it is that we do not take the necessary measures. Some of these measurements it is to have police corporations that offer protection and I support the visitors, but the lenders of services of this capital more than to worry for what Coast is happening in the zone must put oneself on attention to what happens on this border.

Jose Luis Garcia, used of pharmacy;

It scares them for the thefts in the cars they steal cover you with matting many things, they assault the people, that's why I believe that if governess affected here to the commerce of here.

Ruben Saucedo, cabdriver;

For that nobody wants to come to El Centro and is where there is very much I am in danger here. To what the President of COTUCO Mexicali answered.

Rodriguez; it is important well that we have forceful security measure and this is what it is doing and what is already happening with the Federal support of 3 levels of government.

Mister Rodriguez added that up to the moment there is seen a decrease of 4 % in the hotel occupation in this entity but stems from the growth of this sector whereas in the rest of the state the panorama is very different. Rodrigue; we calculate that if it walks between 10, 12, 13 % that has lowered and grown them the hotel offer, whereas the local business also has been seen afectdos by this situation.

Garcia; since put 50 % that if the same insecurity has affected that.

Saucedo; here one day they struck a Gentleman dragged it beat him with the deste of the phone nobody ran it stopped it nobody wants to get into problems I saw when a burglar to a gentleman who was there average slept with a razor broke the bag and took the portfolio. There we it always go on to the cost from Mexicali Abraham Retana News Univision Notivalle next to you.

DATE: 01-09-08 TITLE: Report City Calexico.

LENGTH: 2:20

PROGRAM: Notivalle

NARRATIVE: Today the mayor of Calexico Mr. John Renison realizes of what is doing to itself in this city during this one his management. For this Louis Fuentes member of the council mentions that in safety aspect they are fine since the new chief of police officer has just be named in addition to the hiring of more officials but undoubtedly one of the principal topics that they bother to this entity they are the long lines to cross the cabins. Fuentes, he said: to chatting in Washington with the representatives of us and other affiliates equally with the border to improve that thing about the crossing for which it affects us enough in the commerce of the city. Sandra Prado, merchant said: they must improve the lines so much on foot as in car because it is so much the over crowded that the people prefer not coming. Fuentes, already in fact the congress is authorizing a study to be able discover which is the real cost that causes us when the frontier crossing is become so length of 2, 3 hours. Whereas the average is already prepared by the merchants. Meadow; if enough 80 %. Although there is another factor that worries the lenders of services and they believe that also it affects that to his establishments. The parking because it comes and puts him to the meter and thinks that it can be 4, 5 hours when not at all more sound 2 hours and that fine them and that do not find parking easily either. Fuentes; one is chatting with some proprietors of areas where the building is not used to 100 % to see the possibility of having structures of several flats for parking for employees equally for the people to be parked there. In accordance with residents to have an economic growth there must be major sources of work. Resident; nothing else, more employments so that the people who has no work work, more employments because there are unemployed many. Fuentes; this is a little a very strong approach of me in the personal thing and of the council we are moving so that there is a structure of economic development stronger than we have had. So the principal challenges for this administration are to generate more employments and to improve the crossing of cabins without neglecting the safety aspect of Calexico from where he reports Abraham Retana News Univision Notivalle next yo you.

LENGTH: 1:55

PROGRAM: Notivalle

NARRATIVE: A whole of 28 soldiers of the marina of the United States came to the Imperial Valley to receive training that they were using in his next mission in the Middle East.

William Simmons, Marine; as following individuals in the desert, as looking for signs, to look between the shrubs, to look for cruises and things like that.

For the military men it is very important to get this type of training for the people who is employed at similar areas that surely they will see in his next trip. To train here with the frontier patrol that are of the best in the country since they have a lot of experience doing it and have qualified well individuals and to come to learn here of an ambience to which probably we are going to be sent makes us be prepared well.

Enrique Lozano, frontier Patrol; this ambience in the area in which we are in the Imperial Valley is similar to what they are going to be in ambiances to where they are going to be sent. This is the first time that comes personnel of the armed forces to realize this type of activities with the frontier patrol in what it goes of this fiscal year, according to the same soldiers they say that to learn in this desert is very subtle since there are no other places where they could receive the same training.

Simmons; now we can use what we learned with the frontier patrol as following individuals for example or seeing the incursions or footpaths in the desert that we could not know but had the training that we had here. But the training not only belongs concerning persecusion to individuals on foot but also to false papers.

We have that of the reserves where they also are taking experience and are fixed as we are covering the operations, also we have as to identify the false documents for them they apply these skills dodne they they are going to use them.

This group of soldiers of the marina of the United States will divide course to Iraq and Afghanistan in date without confirming.
