Re: Retransmission Consent Election

Dear Mr. Sisk:

We are in receipt of letters with postmark dates of March 7 and 8, 2017 notifying us that Real Choice TV intends to initiate service in the following Designated Market Areas (“DMAs”): Tyler-Longview, Shreveport, Springfield (MO), Springfield (MA), Rockford, El-Dorado, Monroe, Lansing, Nashville, Augusta, Colorado Springs, Youngstown, Jackson (MS), Mobile, and Topeka. Nexstar Broadcasting, Inc. (“Nexstar”) is licensee or the parent of the licensee of television broadcast stations assigned to these DMAs. Exhibit A attached hereto reflects the stations and multicast programming streams for the television stations operating in the DMAs.

Please be advised that Nexstar hereby invokes its rights pursuant to Section 325(b) of the Communications Act of 1934, as amended, and Section 76.64(a) of the FCC’s rules, to bar retransmission of the station’s signal by Real Choice on its referenced systems except pursuant to our express written authority granted pursuant to a retransmission consent agreement between you and us. This election is a continuing election from the date hereof through the initiation and continuing provision of service by your systems. In addition, this election is made for each and every community or video service that Real Choice intends to serve in the DMAs.

Real Choice and Nexstar are parties to a retransmission consent agreement dated December 1, 2016. Pursuant to Section 19 of that agreement, Real Choice shall add its retransmission of the stations to this agreement upon launch of its systems. Please substitute the attached Exhibit A to the existing retransmission agreement. Please provide notice to the below at eryder@nexstar.tv of the date you intend to launch operations in the DMAs.

Sincerely,

A handwritten signature in dark ink, appearing to read "Elizabeth Ryder", with a long horizontal flourish extending to the right.

Elizabeth Ryder
Executive Vice President & General Counsel

Exhibit A – Stations

Multicast Streams below reflected in italics are duplicates of Primary Program Streams and are included here solely for the purposes of channel clarity for each Signal and for all purposes, including with respect to Exhibit C, these are Primary Program Streams.

*Operator may not retransmit any ION Multicast Stream pursuant to this Agreement. The ION Multicast Streams are included solely for informational purposes.
