

QUARTERLY ISSUES AND PROGRAMS

KTUZ-FM 106.7FM

OCTOBER – DECEMBER 2023

The license of KTUZ-FM has determined the following issues are of importance to the community:

**1. Interview with Carla Ponce with OU Stephenson Cancer Center
October 18, 2023**

Carla talked about the first statewide conference about education and cancer prevention, improving health and the lives of Latin families. During the conference free health cancer screening will be offered, along with free lunch, and mental health resources. Educational sessions about early cancer detection and the importance of cancer screenings. Other health screenings such as glucose testing, cholesterol, blood pressure, among others will be provided at no cost.

**2. Interview with Benjamín Canizales with the Latino Community
Development Agency**

October 4, 2023

Benjamin invited the community to attend a free vaccination event held at the Latino Community Development Agency from 10:30am to 2pm. All the vaccines required by the state (for individuals under 18 years of age) and CDC are offered at no cost.

**3. Interview with Carla Ponce with OU Stephenson Cancer Center
December 6, 2023**

During the interview with Carla, she talked about the event Christmas Bingo held on December 7th from 4pm-6pm. During the event, free health screening for glucose, cholesterol, and blood pressure were provided at no cost. In addition, free vision exams were offered along with healthy nutrition mini educational sessions. The opportunity to socialize and play bingo while obtaining valuable information and resources was presented during the event.

4. Interview with Benjamin Canizales with the Latino Community Development Agency

December 13, 2023

Benjamin talked about the last vaccination event held on December 14th presented by the LCDA and Oklahoma Care Foundation. All the vaccines required by the schools and CDC for 18 years old and under will be provided completely free. He also mentioned on every third Thursday of the month in addition to vaccines free health exams are offered. The free health screenings include glucose, cholesterol, blood pressure, and more.
