WQYZ
Quarterly Issues/Programs List

WQYZ provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

Disaster Preparation: June 1st marks the start of the 2017 Hurricane Season, and as always, it's imperative for our listeners to know what to do in the event of an emergency. We interviewed the experts, and ran PSA's in an effort to educate the public about how to prepare.

Low-Income Housing: Our stations continue to team up with Habitat for Humanity to make the community aware of their fundraising efforts, as well as how to utilize their services, if necessary.

Local economy: One of our state's largest employers is right here on our coast: Huntington-Ingalls Shipbuilding. As such, we cover issues that will impact the industry in both our community affairs show (Gulf Coast Issues), and our regular local newscasts.

Section I

Local industry/Military	Gulf Coast Issues	U.S. Senator Roger Wicker, R-Miss., and Congressman Rob Wittman, R-Va., today introduced bicameral, bipartisan legislation that would make it the policy of the United States to achieve the Navy's requirement of 355 ships. Under the "Securing the Homeland by Increasing our Power on the Seas (SHIPS) Act," the fleet would be comprised of the optimal mix of platforms, with funding levels subject to annual appropriations.
