KYSR simulcasts 100% on KSRY
Quarterly Issues/Programs List

KYSR provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **Alzheimer's Awareness:** Interview with Charles J. Fuschillo: The mission of the Alzheimer's Foundation of America (AFA) is "to provide optimal care and services to individuals confronting dementia, and to their caregivers and families-through our member organizations dedicated to improving quality of life. The Alzheimer's Foundation of America (AFA) was founded by a consortium of organizations to fill the gap that existed on a national level to assure quality of care and excellence in service to individuals with Alzheimer's disease and related illnesses, and to their caregivers and families.
- **Autism Awareness:** Interview with Jennifer Jones: On Sunday December 6th Autism Speaks is holding The OC Walk Now For Autism Speaks.
- **Breast Exams:** Interview with Nimmi S. Kapoor: Nimmi S. Kapoor, M.D. is a surgical oncologist who practices at Breastlink Laguna Hills and Breastlink Orange. Dr. Kapoor graduated summa cum laude from UCLA and went to medical school at Weill Cornell Medical College. "I joined Breastlink because I believe this is a group of highly qualified providers who are truly dedicated to patient care while going above-and-beyond the standard of care. This is a sophisticated center with access to cutting-edge research, top-notch equipment and efficient technology." Dr. Kapoor came in to our studio to give information on breast cancer exams and to clarify when women should start getting routine breast exams.
- **Cancer Support:** Interview with Cynthia Keyllian: Beads For Battle is an organization that makes bracelets for cancer patients to show solidarity.
- **Child Illness:** Interview with Taylor Gunin: Make A Wish Foundation is having a fundraiser on October 24th at BESO's Hollywood.
- **Coat Drive:** Interview with Patricia Zappa: One Warm Coat's mission is to provide anyone in need with a warm coat, free of charge. The organization started in 1992 with a Thanksgiving weekend coat drive at one location in San Francisco. Since then, they have grown to a national organization supporting over 3,000 coat drives each year. The need for a warm winter coat is very real. Health experts report that even a 2-degree drop in body temperature results in reduced heart rate,

loss of coordination, and confusion. Adults cannot work effectively and children find it difficult to learn. For most, a warm coat solves the problem. But, for the nearly 15% of Americans living in poverty, a warm winter coat is a budget extra.

- **Down Syndrome Research:** Interview with Michelle Sie Whitten: The Global Down Syndrome Foundation is dedicated to significantly improving the lives of people with Down syndrome through Research, Medical Care, Education and Advocacy. Formally established in 2009, Global's primary focus is to support the Linda Crnic Institute for down syndrome, the first academic home in the United States committed solely to research and medical care for people with Down syndrome. Since Down syndrome is the least-funded genetic condition in the United States, fundraising and government advocacy to correct the alarming disparity of national funding for people with Down syndrome is a major goal.
- **Drought Prevention:** Tips and advice on how to cut water waste during the drought.
- **Drug and Alcohol Abuse:** Interview with Danielle Olson: Founded in 2015, The Lisa Michelle Memorial Fund was created to honor the life of Lisa Michelle Miller who passed away on September 20, 2008 due to her addiction to prescription drugs. The LMM Fund provides scholarships to students who have lost a parent to drug, alcohol, or prescription drug abuse. The leadership team also works with organizations that provide services to families coping with this type of addiction and loss. Our goal is to provide as much support as we can to students who are working hard to overcome one of the most difficult times in their lives.
- **Education:** Interview with Executive Director Vivianna Trujillo: Clear Passage Educational Center provides children with extra support for success in high school.
- **Environmental Conservation:** Interview with Steve Creech: The Wyland Foundations National "Water Is Life" Mural and Art Challenge teaches kids about the environment and how to protect it.
- **Environment Education:** Interview with Robyn Murphy: Grades of Green is an organization that aims to educate our youth about protecting the environment.
- **Financial Assistance:** Interview with Scott J. Corwin and Joseph Barrett: LATLC is an organization that provides financial assistance to needy persons and groups in LA.
- **Food Bank:** Interview with Andy Morris: LA Regional Food Bank has a vision that no one goes hungry in LA County.
- **Foster Care:** Interview with Carrie Espinoza: Hillsides is a premier provider dedicated to improving the overall well-being and functioning of vulnerable children, youth, and their families. Their vision is to create lasting change in the lives of all at-risk children and youth they serve. Their mission is to provide high quality care, advocacy, and innovative services that promote safe, permanent environments where

young people can thrive. For the holiday season, Hillside has several toy drives happening at once for the 6,200 children, youth, and families they serve.

- **Foster Teen Help:** Interview with Pamela Clay: Living Advantage is a great organization to reduce the disconnect of services to foster care and homeless youth living in Los Angeles County.
- **Health:** Interview with Quddus Philippe: Generosity.org is hosting it's 7th annual Night Of Generosity on November 6th at the Beverly Wilshire Hotel!
- **Health & Wellness:** Saturday, November 7th PADRES Ambassador and LA Dodgers First Baseman, Adrian Gonzalez will host the 1st Annual 'Bat 4 HOPE' Celebrity Softball Game in benefit of PADRES Contra El Cancer featuring some of your favorite athletes and celebrities at Dodger Stadium.
- **Homeless Support:** Interview with Zackari Balich: OC Rescue Mission is holding its second annual Turkey Trot 5K on Thanksgiving!
- **HUNGER AWARENESS:** Interview with Patti Larson: Food Finders is a food rescue organization with a mission to eliminate hunger and food waste.
- **Pancreatic Cancer Research:** Interview with Lisa Manheim: LA Cancer Challenge is a fundraiser that benefits the Hirschberg Foundation for Pancreatic Cancer Research.
- **Pedestrian Safety:** Interview with Jeri Dye Lynch: The Conor Lynch Foundation aims to promote the safety of runners, pedestrians, cyclists, and young drivers.
- **Soldiers Project:** Interview with Emily Rich: Operation Gratitude seeks to lift spirits and meet the evolving needs of our Military and First Responder communities, and provide volunteer opportunities for Americans to express their appreciation to all who serve our nation. Every year, Operation Gratitude sends 150,000+ individually addressed care packages to Soldiers, Sailors, Airmen and Marines deployed overseas, to their children left behind, and to New Recruits, Veterans, First Responders, Wounded Warriors and their Care Givers. Each package contains food, hygiene products, entertainment and handmade items, as well as personal letters of support.
- **Toy Drive:** Interview with Ryan Russek: Wish Upon A Toy is an organization created by Ryan Russek. In December 2003, Ryan's dad Ron was diagnosed with Renal Cell Carcinoma. In the following months his dad started aggressive treatments at the City of Hope Cancer Hospital. It was during those trips to the hospital with his dad that Ryan first encountered the pediatric patients battling cancer. The truth is that while many of these kids will win their battle with cancer, some will not, and for those kids this Christmas might be their last. It was with that realization that Ryan was inspired to make it the best Christmas he possibly could for the children of City of Hope. In 2006, Ryan reached out to his church and a local school for help and "Wish Upon A Toy" was born! The response was overwhelming and the "Wish Upon A Toy"

was a tremendous success! Each year since then they have continued to grow to include drop off locations at local churches, restaurants, U.S. banks, Targets, and Carmax locations, plus an online donation campaign raising thousands of dollars throughout the years.

- **Veteran Support:** The annual Paralyzed Veterans of America Help A Hero Radiothon is November 5th!
- **Water Conservation:** Save the Drop urges residents of LA County to reduce water usage due to the worsening drought.
- **Women Empowerment:** Interview with Silicon Valley actress Amanda Crew, Step Up's Vice President of Communications Alissa Zito, and mentee Lulu Favela: Step Up propels girls from under-resourced communities to fulfill their potential.
- **Womens Health:** Interview with Dr. Ralph Mayer: Dr. Ralph Mayer, an OB/GYN, has opened a Women and Children's Health Clinic for low income people.
- **Youth Empowerment:** Interview with Michael Greenberg: Sketcher's Pier to Pier Friendship Walk benefits children with special needs and education.
- **Youth Mentoring:** Interview with Tony Lore: Youth Mentoring and KIIS FM are teaming up for the second annual Miles of Music 5K!
- **Youth Voice Empowerment:** Interview with Bill Thompson: Young Storytellers is an organization that believes that every child has a story to tell.

At the League's Preschool Learning Center, 50 children learn, play, and celebrate together " including the holidays. The Preschool's holiday party is a long time tradition met with anticipation each year. The little scholars, their families, the teachers, and League members deck the halls by enjoying festive holiday food, taking pictures with Santa Claus, and participating a gift exchange. In fact, thanks to the League's high school volunteers, known as the Assisteens, each member of the students families receive a carefully selected present. Coat Drive	<p>Community Council - 12/26/15 - 12/27/15 Seg 2</p>	<p>Interview with Patricia Zappa: One Warm Coat's mission is to provide anyone in need with a warm coat, free of charge. The organization started in 1992 with a Thanksgiving weekend coat drive at one location in San Francisco. Since then, they have grown to a national organization supporting over 3,000 coat drives each year. The need for a warm winter coat is very real. Health experts report that even a 2-degree drop in body temperature results in reduced heart rate, loss of coordination, and confusion. Adults cannot work effectively and children find it difficult to learn. For most, a warm coat solves the problem.
