- With the assistance of the Data Architect, maintain existing and develop new integrations with the CRMs
- Perform routine system and data monitoring to ensure performant systems and data
- Create and maintain a data governance repository for CRM system usage
- Train users on system usage, best practices, and new products

Skills/Qualifications
- 5 years of overall experience with Salesforce CRM
- 2 years of hands-on experience as a system administrator including implementation, day-to-day operations, upgrades, and maintenance
- 2 years of experience building cross-departmental, custom solutions including custom objects, flows, workflows, and validation rules
- 2 years of experience leading design, requirements, and training sessions with business users
- Strong understanding of Salesforce.com best practices and functionality
- Experience working with integrated systems and a demonstrated ability to assess the impact of new requirements on the CRM as well as upstream and downstream applications, systems, and processes
- Ability to write basic T-SQL statements and queries
- Creative and analytical thinker with demonstrated experience managing data as an asset
- Experience using tools such as Dataloader or Demand Tools is preferred
- Experience managing data, integrations, or automations within Salesforce Marketing cloud is preferred
- Experience setting up and supporting sales processes within Salesforce CRM is preferred
- Knowledge of Salesforce programming languages such as Apex, Visualforce, and SOQL is preferred
- Experience working with NGO Connect or NPSP is preferred
- Experience working with a membership revenue model is preferred

Hi Justine,

Such great news! And thank you so much for your support and encouragement in continuing our partnership! This internship opportunity is always so popular with our students.

Stephanie, it's great to E-meet you! I'd love to set up a call soon to chat on a recruiting timeline, job description and any questions/clarifications you might have.

I have flexibility the remainder of the week however next week I will be traveling for work so will be out of pocket. Also happy to chat in the new year if that makes more sense. If you'd like to aim for this week, feel free to let me know a few days and time ranges that might work.

Thanks again to you both!

All the best,

Nely

Hi Nely,

Thank you for sending all of the information on next year's Metcalf program and for your continued interest in partnering with us. I have some great news: with all the transitions at our organization, we've invested in some amazing HR staff who have agreed to better support the Metcalf Fellowship. Going forward, the hope is that this opportunity will have more comprehensive integration to our internal internship and fellowship programs. I'm connecting you here with Stephanie Bassill, our Talent Manager, who will be involved in making this happen. I've already briefed her on the Metcalf Fellowship and its history here so I'll leave it up to the two of you to talk further.

Please let me know if there's anything I can do to be helpful in seeing a 2023 placement for WBEZ. I think this program is fantastic opportunity for both institutions and I'm glad it's getting the support it deserves. I'm happy to be involved in any conversations to give more background on past years, but I think you'll be in great hands with Stephanie.

Sincerely,

Justine

Hi Eleni and Professor Limón,

I hope you've both had a great holiday break! I wanted to reach out to let you know that we're
seeking a new digital engagement intern for the spring semester. We've loved having Makenzie as
an intern but have decided to no longer extend internships past 2 sessions. I'll finalize the dates
with our team and get back to you with an updated description about the internship this week!

Thanks so much,
Morgan

Vocalo Internship Application Opening Soon

To: "Limon, Michael" <mlimon@luc.edu>

Hey Professor Limón,

I hope you've had a great summer! I'm reaching out to let you know that we're looking for a new
Vocalo production intern for the fall semester, ideally beginning their internship Tuesday,
September 13. I've attached the updated description, and I've already shared it with Eleni.

I also wanted to express my interest in attending Loyola's communications and media career fair in
November. Should I use that link listed on the LUC website to register?

Thanks so much!
Morgan
