Teacher Appreciation Week	Mornings	May 10	8:40	3:18	Talked with Emily Yanak the 6 <sup>th</sup> grade ELA teacher at Carmicheals Area High School  For about a month we asked Pickle listeners to go to our website and nominate teachers who they felt went above and beyond the call of duty and out of all the nominations we selected 5 and asked why they wanted to be teachers and hold on they were when they realized this was their life work. Who was an influence on them to be a teacher? Do you learn from your students? If students could take away one lesson from them what would that be? How tough is it to manage and stay patient with a room full of students? And if there was any advice you could give to someone thinking about joining the teaching profession, what would it be?
