It is every parent's fear during pregnancy – will my child be born healthy? Magda and Russel Newman had every reason to believe their child would be, but their son, Nathaniel Newman – now 13 – was born with a very rare cranio-facial condition called Treacher Collins Syndrome. Nathaniel was born with no cheekbones, ears, and almost no jawbone. In a complete coincidence, his life bears a striking resemblance to Auggie Pullman's, the fictional protagonist in R.J. Palacio's best-selling book, "Wonder." "20/20" follows Nathaniel as he comes to terms with his differences and his resilient family and prepare for future challenges. (OAD: 11/17/17)

Self-Defense?

While the defendants claimed self-defense, today a jury unanimously found 33-year-old Molly Martens Corbett and her 67-year-old father, ex-FBI agent Tom Martens, guilty of second-degree murder in the killing of her husband, Irish-born Jason Corbett, two years ago at their home in North Carolina. "20/20" will air a special hour on the case with correspondent Linzie Janis. (OAD: 8/11/17)

In An Instant: The Woman Who Refused to Die

Melissa Dohme met Robert Burton and thought she'd met the guy of her dreams. Little did she know, he would try to kill her – more than once. As Burton began assaulting her one night in 2011, 19-year-old Dohme feared for her life and called 911. Three months later she agreed to meet Burton. During that meeting, Burton attempted to kill her in a vicious attack. Speaking at a local domestic abuse center months later, Dohme reconnected with one of her rescuers, Cameron Hill and they began dating, eventually getting married.
