Another scandal is engulfing the Catholic Church. At a time when the Vatican has taken its most concrete steps to address a long ordeal with sex abuse and coverups, a growing chorus of nuns is speaking out about the suffering they have endured at the hands of the priesthood, including rape, forced abortion, emotional abuse and labor exploitation. Special correspondent Christopher Livesay reports.

Stories about drug use by Hitler and German forces during World War II have been widely told. What's less well known is the Allied commanders' embraced pharmacological "force enhancers" as well. By 1941, rumors about Nazi soldiers using a "super-drug" identified as the methamphetamine Pervitin were confirmed, and Allied commanders launched their own classified program to find the perfect war-fighting drug.

"Stonewall Uprising" explores the dramatic event that launched a worldwide rights movement. Told by those who took part, from drag queens and street hustlers to police detectives, journalists and a former mayor of New York, and featuring a rich trove of archival footage, this film revisits a time when homosexual acts were illegal throughout America, and homosexuality itself was seen as a form of mental illness. Hunted and often entrapped by undercover police in their hometowns, gays from around the U.S. began fleeing to New York in search of a sanctuary. Hounded there still by an aggressive police force, they found refuge in a Mafia-run gay bar in Greenwich Village, the Stonewall Inn. When police raided Stonewall on June 28, 1969, gay men and women did something they had not done before: they fought back. As the streets of New York erupted into violent protests and street demonstrations, the collective anger announced that the gay rights movement had arrived.

Whites in the U.S. have much greater household and individual wealth than blacks and other minorities. In fact, the typical black household has about 10 cents for every dollar of wealth in a typical white household. Some economists and politicians believe this racial wealth disparity will continue to widen unless it's addressed. As Paul Solman reports, one idea for closing it begins at birth.

A Yellowstone winter is a brutal one. With temperatures that plunge down to minus 40 degrees Fahrenheit the wildlife has to find strategies to survive. Some animals leave, some hide and some tough it out. Grizzlies hunker down and hibernate, but this winter the temperatures have been erratic and some bears are emerging early. Finding food is a huge challenge, but our camera crews follow one male who's lucky enough to hit the jackpot and find a bison that's been released from its icy tomb down in the valley. But he has to hang onto it whilst the scavengers hassle him. Great Gray owls suffer as their prey hides under an icy layer of snow that proves almost impossible to break through. Will this lack of food affect their mating and ability to raise a family in the Spring? Cameraman Jeff Hogan is following them to find out. And top wolf biologist Doug Smith explains why he's concerned about the number one predator. With a winter that's had less snow than usual it's favored

the prey and the wolves are starving hungry. Host Kirk Johnson who's the Sant Director of the National Museum of Natural History in Washington, visits this unique wilderness to unravel the story of this particular winter in Yellowstone.

"Stonewall Uprising" explores the dramatic event that launched a worldwide rights movement. Told by those who took part, from drag queens and street hustlers to police detectives, journalists and a former mayor of New York, and featuring a rich trove of archival footage, this film revisits a time when homosexual acts were illegal throughout America, and homosexuality itself was seen as a form of mental illness. Hunted and often entrapped by undercover police in their hometowns, gays from around the U.S. began fleeing to New York in search of a sanctuary. Hounded there still by an aggressive police force, they found refuge in a Mafia-run gay bar in Greenwich Village, the Stonewall Inn. When police raided Stonewall on June 28, 1969, gay men and women did something they had not done before: they fought back. As the streets of New York erupted into violent protests and street demonstrations, the collective anger announced that the gay rights movement had arrived.
