MAIN ISSUE #1 PROGRAM SUMMARY:

The Beaufort County Division of Solid Waste and Recycling is holding a special Electronic Goods Collection and Document Shredding event on Saturday, January 18th. South Carolina Law prohibits dumping electronic items in the landfill or at County convenience centers. Beaufort County started doing Electronics Waste Collections in 2007, 4 years before the state legislation was enacted. Since that time more than 403 tons of Ewaste has been recycled, preserving both precious natural resources and landfill space. Residents are encouraged to bring their broken computers, televisions, and other electronic items for recycling. Secure shredding of personal and tax documents will also be provided at no charge at the event.
