MAIN ISSUE #1 PROGRAM SUMMARY:

Hilton Head Island High School will host the 4th Annual Parent University on February 4th. The free evening of educational workshop is for all parents, grandparents, and caregivers of students of all ages in the community. Held in many communities, we'll talk with the folks organizing Hilton Head Island's which will give the community members access to local experts to sharpen their skills and awareness on various subjects including health, nutrition, fitness, leadership, SAT Prep, FAFSA, electronics and more - and how to work together as a family to improve the school experience. Studies show that students with a strong family-school-community collaboration, regardless of their socioeconomic circumstances or ethnicity, are more likely to earn higher grades, enroll in higher-level classes, attend classes regularly, have better social skills, show improved behavior and graduate and pursue post-secondary education.
