Note Regarding FCC's Video Description Rules: The programs supplied in the NBC Kids block are video-described to provide a better viewing experience for blind or visually impaired children. *Under the FCC's video description rules that became effective on July 1, 2015, full-power affiliates of the ABC, CBS, Fox and NBC networks that are located in the top 60 television markets must provide 50 hours per calendar quarter of video-described programming during prime time or in children's programming. A video described program may be counted toward the 50 hours when it is originally aired and on one re-airing. Although much of the programming aired with video description is likely to be newly produced, stations may count any program they are airing for the first or second time with video description after the effective date, even if the program aired on that station without video description prior to the effective date. Similarly, a station may count programming toward its 50-hour obligation even if that programming has aired elsewhere with video description, as long as it is airing with description for the first or second time on that station.*

1st QUARTER 2016 EDUCATIONAL OBJECTIVES
[AGE TARGET 2-5]
January 2, 2016 – March 26, 2016

In compliance with the Children's Television Act regulations that became effective January 2, 1997, the **NBC Kids** programming block features an on-air icon (E/I) indicating that each program is "educational and informational" for children. **This icon is displayed throughout each program.** Also, in compliance with the regulations, the following document, which includes "early educational and informational" objectives of **NBC Kids**, must be placed in your public file.

The **NBC Kids** programming block also meets the requirements for video described content, as established by the Twenty-first Century Communications and Video Accessibility Act, effective October 8, 2010. Full-power affiliates of NBC that are located in the 25 television markets with the largest number of television households must provide video-described content at any time they are providing children's programming. Each episode of content can be aired no more than twice in the calendar year.

Each of the programs listed below, which make up the three-hour **NBC Kids** programming block, is specifically designed to serve the early educational and informational needs of children ages 2-5. All of the programs have educational objectives and messages that are core to the content and appropriate for the program genre.

From January 2nd – January 30, 2016, **NBC Kids** aired five shows returning from the 4th Quarter 2015, **Astroblast, Lazy Town, Earth to Luna, The Clangers, and Ruff-Ruff, Tweet and Dave.** A new original production, **Nina's World**, premiered on January 2nd. From February 6, 2016 to March 26, 2016, a second original production, **Floogals**, entered the schedule replacing **Earth to Luna**.

Nina's World is an animated show based on a six-year-old Latina, who lives in San Antonio, Texas with her parents, who own the local bakery, and her Abuela (grandmother). Her Tio (Uncle) Javier lives nearby and there are lots of different children and adults from several different cultures in the apartment complex and neighborhood where she lives. Nina's best friend is Star, a stuffed starfish pillow character brought to life by Nina's imagination. Each episode features Nina taking on a challenge, solving a problem, or finding a way to help others. She is very confident about her abilities, which sometimes gets her into trouble. However, with encouragement and chiding from Abuela, Nina learns about how to plan her "work," take responsibility for her actions, and correct her mistakes.

Floogals is an animated show starring three space aliens--Fleeker, Flo, and Boomer-- who have been sent to earth to explore, investigate, discover and report their findings to their superiors at Floogal headquarters. The diminutive Floogals are no taller than a large safety pin and their visual perspective is literally the point of view of the show. With the multiple challenges of their size and ignorance of all things Hooman [that's Floogal-speak for human], the Floogals have a lot of work on their hands. They are engaged in the dual processes of discovery and problem-solving as nothing on earth is familiar to them. Much like young children, they begin by encountering something new and then go through a comedic multi-step process of watching, listening, touching, and note-taking until they've figured out what and how their new discovery fits into the Hooman universe.

Ruff-Ruff, Tweet and Dave (RRTD) is an animated show that puts an emphasis on logical thinking and use of language through fun problem-solving adventures. The trio, **RRTD**, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle.

Astroblast, based on the book series by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. Five animal characters and one three-eyed octopus of unknown derivation populate the station. Each episode begins with an everyday conversation or incident that grows into a predicament needing a solution. While these predicaments take place in a fantasy environment, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up when you've made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes.

Clangers is a beloved British series that was originally conceived by Oliver Postgate in 1969 and has been reconceived and invigorated by his son, Daniel Postgate. The show features the Clanger family, small mouse-like creatures that live on Clanger Planet far away from Earth. The members of the family are presented with many unusual challenges that become the center of a dilemma that must be resolved within each episode. Strange visitors arrive out of nowhere and Clangers have to figure out who the visitors really are and why they are on Clanger Planet. Sometimes they need to help or rescue someone who has become lost on the planet. Other times, they are trying to understand outer space: meteors and comets and eclipses of the sun or moon. Each member of the family has a forte, from playing music to knitting or gardening, or inventing equipment that comes in handy for some of the problem-solving that takes place.

Earth to Luna is a Brazilian animated series about a 12-year-old girl, Luna, who loves science and the outdoors. There is nothing she doesn't question, and she shares everything she learns with her little brother, Jupiter, her parents or her friend Alice, and Clyde, her pet ferret. In each episode Luna and her brother develop questions about whatever they find curious, e.g., "What goes on inside the snail's shell?" or "Why does a firefly blink?" In pursuit of answers, Luna, Jupiter and Clyde go off on an imaginary adventure to do their research. They transform into the object or creature they are studying so they can personally experience the answers to their questions. When the threesome is finished with the "field trip," Luna summarizes everything they have learned with a show and a song.

Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem-solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus (a gymnast/athlete prepared to answer any call for help) comes to the rescue from his home in a zeppelin-like aircraft that hovers over the earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities that include playing games, competing athletically, and even building forts and play structures.

2nd QUARTER 2016 EDUCATIONAL OBJECTIVES

During the 2nd Quarter of 2016, **The Chica Show** and **Noodle and Doodle** are being added back into the line-up, replacing **Clangers** and **Lazy Town**.

The Chica Show features a five-year-old "baby" chick that spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit, and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure—a fantasy transformation to animation—where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development as Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

Noodle and Doodle, an instructional series, features creative expression through art and cooking projects around a specific theme. Host, Sean, drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank-playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.

1st QUARTER 2016 SHOW SUMMARIES

Nina's World is a childhood adventure series, which re-imagines a childhood for the character Nina, host of the Sprout Good Night Show. Nina is a six-year-old Latina, living in San Antonio Texas. She is exposed to adults and children from many cultures that live in her immediate neighborhood and in the mixed-use housing complex, where her parents own a bakery downstairs from their apartment. Nina manages to create regular adventures with her friends, her parents, and the grown-ups too because she is curious and determined to over-reach her abilities in pursuit of her goals. Nina models resilience as there is not a day where she doesn't reflect on her encounters with good-natured common sense and an ability to rebound after her mistakes.

Ruff-Ruff, Tweet and Dave [RRTD] is a preschool adventure/activity show where the lead characters travel to faraway lands to have adventures with their guide, a hamster named Hatty. Ruff-Ruff, the dog, is the most playful of the three; Tweet is a little bird who loves to fly and get creative with her suggestions; and Dave the Panda has a thing for bananas. **RRTD** might go to the beach, or the mountains, or to strange lands with pillows everywhere, just the sort of place where imagination and logic come together. The settings are always brightly colored and beautiful. Their transport vehicles are Roly-pods, artful go-carts that fit on a spiral ramp that folds in and out of the Spin-Again, a colorful round spinning top with special compartments designed to anchor each vehicle right on the outside rim during the journey.

Astroblast is the space station and home of six animal characters in Bob Kolar's book series of the same name. The space station is managed by an over-confident and exuberant commander, Comet the dog. The crew includes, Sputnik the pig, a very knowledgeable reader; Halley the rabbit, an athlete and Comet's true peer; Radar, the monkey, who is somewhat self-involved; Jet, a silent alligator whose gestures and expressions are his mode of communication; and Sal, a congenial three-eyed octopus who runs the counter in the space station café, the Smoothie Shack. While the space station supports the missions of a bizarre and diverse array of aliens, the Smoothie Shack is the hub of social interaction for the galaxy. There is always something happening at Astroblast and everyone on the crew has plenty to learn to keep the community happy and on an even keel.

Clangers, a beloved British series originally launched in 1969 by its writer, narrator and animator, Oliver Postgate, returns to broadcast television under the stewardship of Postgate's son, Daniel. All of the features of the original series have been retained but updated to 21st-century colors and materials. The main characters are the Clanger family, a group of pink knitted mouse-like creatures who walk upright: Mother, Major (who is the father), Small and Tiny (the children) and Granny. Clanger Planet is small enough to walk its circumference and is also riddled with caves and tunnels that house the family and their friends: the Soup Dragon and her baby, the three Froglets, and a group of singing flowers. Contextual features and characters include a sideways lake, singing trees, a cloud that has emotions, flying "cows", and The Iron Chicken who lives in a nest of harvested metal parts from the detritus of outer space. The tone is existential—each day presents its own story—which is usually happily resolved by one of the children or another family member. The series is fittingly narrated by William Shatner (Captain Kirk from the Star Trek television series).

Earth to Luna is a series that stars big sister Luna and her little brother, Jupiter. Luna teaches her brother through play and adventures that typically take place in their backyard. Science and experimentation are Luna's forte but fun and music are always on the menu of activities. Often the music provides compelling details about the scientific findings. Luna's friends, Alice and Tom, often join the kids. Clyde, her pet ferret is ever-present and provides lots of comedic action. And Luna's parents are there to praise the children's accomplishments, which they reveal through a little vignette at the end of the story.

Lazy Town is a show featuring the importance of health, fitness and being good friends. Set in a fantasy world known as Lazy Town, which is populated by inactive residents, we meet a visitor named Stephanie who is determined to coax her friends and relatives into adopting a healthful, active life-style. She wins over her new friends, Ziggy, Stingy, Trixie, and Pixel, convincing them to leave their gaming consoles and candy stashes at home so they can go outside and play. She persuades her uncle, Mayor Milford Meanswell, and his friend Miss Busybody, to support her efforts. Robbie Rotten, who lives underground, and is determined to return Lazy Town to its former state of inactivity and quiet, constantly foils the characters' efforts. The athlete Sportacus lives in a zeppelin-like aircraft and receives signals from the kids or the Mayor whenever they need help. He frequently comes to their rescue. Sportacus has two goals, to

keep the peace and to promote healthful, positive living. When Robbie Rotten is discovered and contained through comic pratfalls, he returns to his underground lair and all is well in Lazy Town, until another day and another time when Robbie will rise again.

Floogals provides a unique visual experience where computer generated animated space aliens are juxtaposed against a real-world background that perplexes them and sets them off on exploratory adventures. Their goal is to learn everything they can about this “hooman” world. They take daring adventures to gather facts while hoping to avoid detection by the hoomans. Led by Captain Fleeker, the research team consists of an astronaut Floogal, Flo and a junior Floogal, Boomer. Together they discover that the mundane (ice-cubes and umbrellas for example) is the basis for transformative experiences that help us all better understand the world they (and we) inhabit.

2nd QUARTER 2016 SHOW SUMMARIES

During the 2nd Quarter of 2016, **The Chica Show** and **Noodle and Doodle** are being added back into the line-up, replacing **Clangers** and **Lazy Town**.

The Chica Show features a five-year-old “baby” chick that spends her days with her parents in their costume shop, the Coop. The shop’s one employee, Kelly, doubles as Chica’s nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. Chica’s parents were formerly entertainers in the vaudeville tradition and they regale the audience with stories and songs from their theatrical past. They enjoy and indulge Chica, who sometimes acts younger than her age and gets into all kinds of predicaments. Kelly uses fantasy play to transform herself, Chica, Bunji and Stitches into animated characters in another universe, who are struggling with a problem similar to the one Chica experienced in the Coop. Without fail, they find the problem can be solved and they carry that knowledge back to the Coop to use on another day.

Noodle and Doodle is a live-action show hosted by Sean Roach that also blends animation and puppetry into the overall format. **Sean** drives a double-decker bus into various communities to meet children who have written to him with a problem that they would like to solve using an art and/or a food experience. Sean is accompanied by **Noodle**, a puppet character and **Doodle**, a digital character that lives inside a tablet computer, and **Doggity**, a faithful beagle. Doggity has a mini-show of his own through an animated alter ego that appears during diversionary segments set in a restaurant kitchen. The show demonstrates how recycled materials can become art and how food, art, and problem-solving can be combined to create a fun experience in everyday life. Every episode can be replicated at home with ease by parents and children playing together.

NINA'S WORLD

NINA'S SHOW AND TELL [ENNW105DH]

Nina wants to take Abuelita's camera to school for Show and Tell. When Nina and Abuelita go walking, Nina spots a flower growing out of a crack in the sidewalk. That particular flower, Abuelita explains, is a morning glory that only blooms briefly and lives for only one day. While Nina waits for the morning glory to bloom, she waters it, builds a fence around it to protect it and decorates the fence. She leaves Carlos to protect it. When she returns she discovers that it has already blossomed. Although disappointed, she takes pictures of the flower anyway and is delighted to learn that there are many more morning glories growing around her neighborhood. Nina makes a book with all her morning glory pictures and Mami tells her that she's a blossoming photographer.

[Educational Message: Taking a photo is a great way to preserve a fleeting moment or a special memory. Flowers need sun, water and time to grow, even though some flowers may last for only a few hours.]

NINA'S SNOW DAY [ENNW105DH]

Nina and Abuelita discover that Chelsea is homesick for the place she used to live; she misses her friends and the games they played in the snow: sled-riding, ice skating, and making snowmen. Texas is hot and even in the winter it doesn't get cold enough to snow. In order to cheer her up, Nina proposes they have a pretend Snow Day. Chelsea is skeptical, but when Abuelita and Nina enlist her help to make a wish list for their Snow Day she agrees. They make snowflakes out of paper, use their roller skates for "ice-skating", and blow bubbles to create a sense of falling snow. Papi helps them bring it all to life and the entire neighborhood joins in the fun. Chelsea is happy and says how much she enjoys her new best friends.

[Educational Message: It's good to use your imagination to find ways to cheer up a gloomy friend. Though it may not snow where you live, you can find things around your house to change the environment enough to create a sense of snow and fun snow activities.]

RUFF-RUFF, TWEET AND DAVE

A FAIRYTALE ADVENTURE [ERTDR101DH]

Ruff-Ruff, Tweet and Dave wake up and tell Hatty what kind of stories they each like best. When Hatty asks what kind of adventure they will have, they yell excitedly, suggesting that he ask the hat. Told they are going on a fairytale adventure the group boards the Spin-Again. In Fairytale Land, they make up a fairytale collectively. They find three keys of differing shapes, one of which unlocks a basket full of dress-up clothes. Ruff-Ruff gets a shield, Tweet picks a wand, and Dave chooses a wizard hat. When a squirrel takes Tweet's wand, they resolve to use nuts to bribe the squirrel in order to get the wand back. They learn that all fairytales begin with "Once Upon a Time" and end with "And They All lived Happily Ever After."

[Educational Message: Problem-solving always has steps, which include defining the problem, proposing a solution and choosing the one that will work.]

A BOUNCY ADVENTURE [ERTDR101DH]

Ruff-Ruff, Tweet and Dave wake up excited to know what kind of adventure they are going on that day. The hat reveals that they are going on a bouncy adventure. They board the Spin-Again and arrive in Bouncy Land. While there, they play games in which they find out who can jump the highest, find the bounciest thing, and that sand makes objects less bouncy. When Hatty's hat gets stuck in a tree, they choose the bounciest thing, which is a Bouncy House, to get it down.

[Educational Message: Bouncing is when a person or an object goes up and down. Some objects (like a ball) bounce better than others (like a rock).]

GROWING CRAZY [EATB101DH]

Comet eagerly volunteers to plant-sit Zorky while Sputnik goes on an errand for a couple of days. Due to his excitement, he fails to write down the directions Sputnik gives him. Comet goes off to have fun, neglecting Zorky. When he returns, he notices that Zorky is wilted. Zorky then gets sucked up by space tubes throughout the Space Station. While Comet is searching for Zorky, Sputnik calls to say she's returning sooner than expected. Comet finds Zorky, but because he looks sick, he over-waters and over-feeds him. Sputnik returns to find an anxious Comet, who confesses everything. When Sputnik opens the door, Zorky grows throughout the Space Station. Comet apologizes to Sputnik, and Sputnik lets the Astroblast crew know that if they don't feed or water him, Zorky will shrink back in a few months. Halley creates a new smoothie with the peaches from Zorky.

[Educational Message: It is important to follow directions when taking care of any living thing; otherwise, it might get sick or weak.]

BUILDING THE PERFECT PRESENT [EATB101DH]

Comet is making a present for Sputnik's birthday: a custom-made bookmark to replace the one she lost. However, when he compares the gift he *made* to the gifts his friends *bought*, he starts to doubt if his gift is good enough. Comet creates new presents based on what his friends used in theirs, but fails. He then combines all the features of his friends' gifts to create the perfect gift. When he shows Sputnik her gift: a Super-Rain-Sparkle-Glitter-Plant-Music-Balloon, Sputnik is hesitant, but tells Comet she likes it. While showing her present, the balloon pops and goes zooming through the air to the ground. Comet is upset, but Sputnik says she enjoyed her present and their friendship is the only present she needs. Comet is still upset, but remembers the bookmark he made and gives it to Sputnik, who loves it.

[Educational Message: The best gifts come from the heart; whether they are purchased or handmade is not important.]

CLANGERS

SMALL'S NEW STAR [ECLGR0001DH]

The Iron Chicken is not happy because her nest is quite cluttered. She makes a big ball of junk and enlists the help of some Sky-Moos to push it down to the Clangers' planet to see if anyone is interested in her "junk." Her plan works, as the ball of junk breaks apart on impact. Neither the Froglets nor the Soup Dragon are interested in her stuff. When Major Clanger comes to assess the usefulness of The Iron Chicken's stuff, she flies off, leaving Major Clanger stuck with her junk. Small Clanger ends up taking over The Iron Chicken's junk and makes a grand sculpture out of it. Mother Clanger thinks it is wonderful that Small reused the junk and they send the art into space for the whole universe to enjoy.

[Educational Message: One person can consider something to be trash or junk, but someone else may be able to find it useful to make a new, functional and beautiful thing.]

THE CRYSTAL TREES [ECLGR0001DH]

Tiny and Granny are outside, when a seed from a Crystal Tree falls from the sky. They plant it and, soon, the Crystal Tree grows. Tiny and Granny tell the family and they all rush out to see it. More seeds fall, Tiny plants them, and the whole family watches them grow into a Crystal Tree Forest. Tiny and Mother want to find a way to make the trees glow. After trying a number of methods, they realize that the trees need cold in order to grow and music in order to glow. When it gets warmer, the Crystal Trees melt and the seeds go to glow somewhere else.

[Educational Message: When seeds grow into plants we have to figure out how to take care of them so we can enjoy them and help them grow.]

BUTTERFLY FEET [EETL101DH]

Luna, her brother and Clyde decide to follow a butterfly around. They observe the butterfly patting her feet and wonder what the purpose of this action is. After conducting an experiment, they make-believe they are butterflies to learn more about the phenomenon. A few butterflies they encounter on their make-believe adventure explain to them that they have receptors on their antenna and feet, so they can taste with their feet. They also share that they pollinate flowers with their feet to help them grow.

[Educational Message: Butterflies taste with their feet, as they have receptors there. Also, pollen from flowers sticks to their feet, which helps it spread.]

THE WAGGLE DANCE [EETL101DH]

When Luna, Jupiter and Clyde cannot find the honey, they decide to ask a honeybee for some honey. Luna observes a honeybee eating her slice of cake. Then, she notices some different bees enjoying the cake as well and wonders whether the first bee told the others about the delicious slice of cake. Luna, Jupiter and Clyde make-believe that they are honeybees, fly to the hive, and observe a bee telling his friends about the location of Luna's cake by dancing. Luna and her friends call this "The Waggle Dance."

[Educational Message: There are alternate methods of communication besides speaking. Similar to the way that you communicate with movement in ballet, honeybees interact by dancing.]

However, Abuelita assures her that it is still the best day ever because it's the day she came into the world. That makes the day special no matter what else happens. Consoled, Nina finds her yellow bows in her purse, she and Abuelita repair the piñata, and Tio Javier surprises her by arriving just in time to serenade her. They paddle across the "Nile" with their tree branch "oars," encounter a crocodile (Max the dog), have to paddle around a waterfall (gushing fire hydrant), and get (leaf) stamps for their "passports" before heading up the tallest mountain in the world, Mt. Everest in Asia. Carlos joins their adventure as they enter Central America (the playground), where the jungle gym stands in for a Mayan Temple and the sandbox becomes the site of buried treasure. Comet offers to use his keycard and scolds Halley. After returning to his game, Comet discovers he has lost *his* keycard. Comet searches for his keycard while trying to hide the loss from Halley, but she ends up helping him search for it. While searching, they encounter Sal, who tells Comet that Halley is actually helping him in finding lost things because he's disorganized. He mentions that Halley is good at her job because she doesn't get annoyed with people and understands that everybody loses stuff. Comet apologizes for scolding Halley. Sal finds Halley's keycard under the couch cushions, and Halley finds Comet's keycard in the front door.

[Educational Message: Even though we should all take care of our things and be responsible, things can get lost if you are busy or preoccupied. Instead of getting angry, be helpful because one day you will lose something and need help finding it too.]

TWICE THE TALENT [EATB102DH]

The Astroblast crew decides to hold a talent competition. Halley, Jet, Radar, and Sal all have talents to perform but Sputnik and Comet can't think of anything. They decide to perform together. After trying various talents (dancing, painting, etc.), they decide their styles are way too different to perform together. Comet is big, exciting and messy, while Sputnik is neat, simple and refined. Sal tells them that working together doesn't mean they have to do the exact same thing. Comet and Sputnik decide to combine their talents (Sputnik reads a story, Comet acts it out) and they win first prize

Not wanting him to feel left out, Major makes a "meteor machine" that he is going to fly across the sky so Small can see what a meteor looks like. Even though the meteor machine malfunctions, Small is happy because Major made him feel special. Later, there is an actual meteor shower and Small finally gets to see a meteor.

The Clanger family pushes her to perform for them. At first, Mother is shy about playing her music but, when she acquiesces and tries something new, she discovers that she is musically talented. TWINKLE TWINKLE LITTLE STAR? [EETL102DH]

While looking at some stars in the night sky, Luna, Jupiter and Clyde wonder why stars twinkle. Luna decides to ask Edison, a savvy solar-system mailman. He tells her to conduct an experiment with a spoon and a cup of water. She discovers that the spoon appears to be bent in the water due to refraction. Luna, Jupiter and Clyde make-believe they are stars in the sky, where they learn that stars are actually round. They also find out that twinkling is a result of starlight changing direction as it travels through the Earth's atmosphere.

[Educational Message: Stars don't twinkle. Their perceived twinkle is due to refraction, as their light changes direction as it hits the Earth's atmosphere.]

ON THE RINGS OF SATURN [EETL102DH]

Jupiter suggests that he, Luna, and Clyde should investigate the "funny-looking planet that likes to hoop dance," which they later learn is Saturn. Luna wonders if it is possible to walk or skate on the rings of Saturn. After making a mini-Saturn from Luna's ball and some hoops, Luna, Jupiter and Clyde make-believe that they are planets and discover that Saturn's rings are made of dust, rocks and ice. Since the rings are not solid, Luna and her friends are not able to walk or skate on them.

When Nina discovers Abuelita is not feeling well, she tells her she can be her nurse. Thinking she knows all the things a sick person needs to feel better, Nina opens the curtains and doors for sunshine and fresh air. This is not at all what Abuelita wants. When her mother comes in and finds Nina shouting to her friends outside in an attempt to quiet them down, she tells Nina that the best way for her to help would be for her to go out and play. Sad and discouraged that she could not help Abuelita, she figures out while playing with Star, that although she did everything she'd want to have done for her, she never found out what would

make Abuelita feel better. After asking Abuelita how she can help her, Nina gets her mother's assistance to make "Get Well Orange Juice" for Abuelita with mint and lemon. She also makes her a beautiful Get Well card.

SUPER NINA [ENNW102DH]

Nina wants to be a superhero. Carlos comes to play and she encourages him to play superhero. Carlos (Kid Carlos), is super-fast. Abuelita helps Super Nina and Kid Carlos make costumes. The kids attempt to assist Tio Javier with his new Djembe drum, which he got on his trip to South Africa. Abuelita catches up with the "superheroes" just as they run smack into Mrs. Goldstein, which causes her to fall. After helping Mrs. Goldstein, Abuelita admonishes them about running on the sidewalk. When Mrs. Goldstein tells Nina how helpful it was for her to hold the door for her, Super Nina and Kid Carlos figure out that instead of being superheroes, which got them into super trouble, maybe being super helpers would be a better idea. They find a number of ways to help Nina's Papi and Mami and even get to help their friend Chelsea when she needs a band-aid.

[Educational Message: You needn't be a superhero, being a super helper can be more helpful than you might imagine.]

Tweet finds a bucket and shovel and they start building, but a wave washes it away. The wet sand, they discover, holds its shape better than the "crumbly" dry sand. Dave proposes that they build their castle out of wet sand on the dry sand, so it holds its shape but is beyond the reach of the destructive tide. They build a beautiful castle and decide to let a crab live there.

[Educational Message: When at the beach, you can build sand castles with your friends. Wet sand works better than dry sand to build with.]

IN A SPIN [ECLGR0003DH]

Tiny and Small are playing chase in the house. They accidentally knock over a cup of soup and it spills onto Granny Clanger's best shawl. They decide not to tell Granny about the spill, and try to clean it up before she notices. This makes it worse, as the rag they use has oil on it. Then, they attempt to clean it by getting the cloud to rain on it, which also makes the stain spread. Small enlists the help of the Froglets to wash the shawl, which works, but not without shrinking Granny's shawl. When Granny finally finds out, they realize that they should have been honest about the mishap from the beginning. Granny ends up giving the shawl to Tiny. She and Tiny agree to work together so Granny can have a new shawl for herself.

[Educational Message: We should always tell the truth, even when it seems like lying is easier.]

BANANA SEEDS? [EETL103DH]

When Luna, Jupiter and Clyde realize that bananas don't appear to have seeds, they decide to investigate how bananas grow. Luna hypothesizes that, since bananas don't have seeds, that they must be the seeds. After unsuccessfully trying to plant a banana and its peel, Luna, Clyde, and Jupiter make-believe that they are bananas and ask the banana tree how bananas grow without seeds. The banana plant informs Luna and her friends that one banana plant grows another banana plant, as small stems grow from larger stems (rhizomes) that then grow into banana plants.

[Educational Message: Bananas do not grow from seeds; the plant multiplies through its roots' ability to grow new trees.]

THE TALE OF KALE [EETL103DH]

Luna and Jupiter's dad is cooking kale for lunch. They notice that the big bunch of kale they gave their dad drastically decreased in volume and they wonder why this happened. When the kale didn't shrink during their experiment, Luna, Jupiter and Clyde conduct a make-believe investigation by pretending to be ingredients in the kitchen. A few of the kale leaves tells Luna that they are filled with water and wilt in the steam. An onion describes that this wilting is due to the leaves losing water while cooking.

[Educational Message: Kale leaves seem to magically shrink when cooked. However, they are really just wilting as the leaves lose water as they heat.]

When Chelsea tells Nina she wants to be an astronaut, the girls decide to imagine what it would be like to be visitors from outer space seeing earth for the first time. The robot visitors, Nina Nunu and Chelsea B, don "Space Goggles" (actually swim goggles) then examine things up close, upside down and down low to thoroughly examine them as if they are completely new. With Abuelita as their tour guide, flowers become subjects for study, as does Tio Javier who is learning to play an instrument they've never seen before, a sitar from India. Carlos teaches the "visitors" about dogs and the game of fetch.

[Educational Message: Pretending you are a visitor on planet Earth is an excellent way to explore your surroundings. It encourages you to find different ways to look at things, discovering aspects of them you'd never considered before.]

NINA MAKES MUSIC [ENNW103DH]

Nina is hoping that Tio Javier will have time to teach her how to play her harmonica. She soon finds that Abuelita's trumpet is broken. This is especially bad news since Abuelita was scheduled to play with Tio Javier and his band that very afternoon. They take it to Tio Javier in his music shop to see if he can fix it. He tells them that making music makes his heart happy. While he is trying to fix Abuelita's trumpet, Nina explores the new instruments that just arrived: a marimba from Mexico, a didgeridoo from Australia and a

set of drums. While she is trying them out, she inadvertently composes a tune. It inspires Tio Javier, who writes a new song. Abuelita plays her trumpet and they all play the new instruments. The new song makes everyone who hears it very happy, including Tio Javier.

This ends up being more challenging than she thought. Tiny assembles an orchestra with her friends. The resulting tune ends up sounding more like noise than music. While riding on a Sky-Moo with her friends, they decide to incorporate the sound of its flapping ears into their orchestra. The music perfectly incorporates both Major and Mother's musical styles. They are delighted with the result.

[Educational Message: Even though some challenges are really difficult, with persistence and a willingness to experiment to find out what works best, you are very likely to achieve your goal.]

When The Soup Dragon comes to get her baby, Baby Soup Dragon informs her that he is now a Clanger because they allow him to help them, while she won't even let him help with the soup. Sensing that Soup Dragon's feelings are hurt, Small and Major make a baby-sized spoon so that Baby Soup Dragon can help his mother. When he sees the spoon, not only is he happy, but understands his mother really had his interests at heart and embraces her. All is forgiven and he is happy to go home and be himself.

When Luna and Jupiter's mom warns them not to drink all the water because then there would be no rain, they wonder how water turns into rain. To investigate, they leave a cup of water in the yard to see if a rain cloud would form over it. After observing that some of the water is gone, Luna, Jupiter and Clyde make-believe that they are drops of water to see what happened to the water in the cup. They discover that the sun turns water into water vapor, then into a cloud, and then into rain. After that, the cycle starts all over again.

[Educational Message: The heat from the sun turns water into vapor. The vapor turns into clouds, and then into rain.]

THAT JUST RAINED SMELL [EETL104DH]

Luna exclaims that she loves how it smells after it rains; this leads her to question where this smell comes from. Luna hypothesizes that the smell has something to do with worms and creates and experiment to test whether or not the smell comes from the worm. After this experiment, Clyde communicates that the smell comes from the wet dirt. To gather more information Luna, Jupiter and Clyde make-believe that they are radishes. A worm explains to them that the just-rained smell is a result of the microbes that release a smell into the dirt and when it rains this smell is released into the air.

NINA WANTS TO GROW [ENNW104DH]

Nina despairs of ever growing taller. When she goes out to play, she sees Carlos who tells her how much better he's gotten at basketball since he's been practicing. Nina thinks that she could "practice" being tall and tries hanging by her arms from a tree, which of course doesn't work. She thinks veggies will help her grow, so eats lots and lots of broccoli at lunch. She soon discovers she's the same height after lunch as she was before. Now she's really discouraged. When she goes back outside she sees Carlos, Chelsea and Tio Javier trying to retrieve a basketball from underneath a structure where none of them can reach it. Nina is small enough to squeeze underneath and get the ball. She discovers that there are advantages to being just her size. Then Tio Javier lifts her in the air so she can dunk the basketball.

[Educational Message: It's good to have a positive view of your size. Each size comes with its advantages and even being small can turn out to be just right for a task that a taller person could not complete.]

NINA TAKES THE STAGE [ENNW104DH]

Nina, Chelsea and Carlos notice interesting things at the Everything Store. Mrs. Lin tells them about traditional clothing and puppets from China. With the Monkey King puppet she acts out an old Chinese folk tale. Nina wants to put on a show of her own for the whole neighborhood to see and decides to be the Director. She enlists Carlos as the old monk and Chelsea as the puppet master performing the part of the Monkey King. Just before the curtain goes up, Chelsea wants to quit because of problems manipulating the puppet and Carlos gets stage fright. Nina learns that in order to meet certain directorial challenges, she has to be flexible as well as willing to modify some of her ideas and improvise. She decides to have Carlos and Chelsea switch roles, which makes them both a lot more comfortable. The performance goes off without a further hitch.

They get on the Spin-Again, arrive at Racing Land, and see some snails racing. The gang decides to have a race of their own. They follow the first rule of racing by lining up at the start line. After observing that Ruff-Ruff is running, Tweet is jumping, and Dave is running backwards, Hatty tells them they need to make sure they are participating in the same race, which is the second rule of racing. During the race, a sheep passes Ruff-Ruff and he decides he is losing so he may as well stop. They restart the race and Ruff-Ruff ends up winning. They all have fun.

[Educational Message: While participating in a race, it is important to remember to line up at the start line and establish the type of race it is. Also, it is important to finish the race even if you don't win.]

A COLLECTING ADVENTURE [ERTDR105DH]

Ruff-Ruff is counting his collection of bones and Hatty explains to Tweet that a collection is a group of similar things. The hat tells them that they are going on a collecting adventure and they board the Spin-Again to the beach. Ruff-Ruff collects sticks, Dave collects round things, and Tweet collects seashells. Ruff-Ruff comes across a round pile of sticks, but just before Ruff-Ruff takes them, Hatty explains that these are for a bird's nest and that he should look elsewhere for sticks. They have fun collecting objects, then they head back home.

After working together to get unstuck, they decide to work together to clean the cafe from top to bottom and finish in time for the shooting star show.

[Educational Message: Always work together to clean up right after making a mess; waiting makes the work even harder to do.]

Halley and Radar start doing things faster, but Sputnik and Jet disagree. Comet, not wanting to upset his older brother, agrees even though he is uncertain. When he sees how things are working better faster, Comet starts wondering if he's been running the Space Station wrong the whole time. Sal tells him he likes the way Comet runs the Space Station because he doesn't tell people what to do, he listens to them, and together they figure out how to do things. Comet decides to ask the crew whether they want him or Flash to run the Space Station. Comet walks into chaos at the cafe and the whole crew starts asking for his help. Tiny decides to leave her flowers with the asteroid flower while she asks The Iron Chicken for help. The Iron Chicken talks to Small, who talks to Mother. The Glow-Buzzer bugs from Mother's garden plant some of Mother's seeds on the asteroid. To help the seeds grow, Tiny calls over a rain cloud so the seeds grow right away, which works. The singing flower is no longer lonely.

MARTIANS, MARTIANS, MARTIANS [EETL105DH]

When Jupiter asks questions about Mars, Luna explains to him how the solar system works. Luna and Jupiter wonder if there really are Martians on Mars. Luna resolves that they should use her telescope to look for Martians on the red planet. When they don't see any, they make-believe that they are rockets and go to Mars. They run into a Mars rover named Curiosity who informs them that there is no known life on Mars and teaches them that Mars is a freezing desert with no air. He also explains that Mars is red, but sometimes looks green.

[Educational Message: Mars has two moons and all its water is frozen, due to its extremely low temperature. No life on Mars has been found.]

SHOOTING STARS [EETL105DH]

After Luna sees a shooting star, she asks Clyde and Jupiter to help her find it in their backyard. While they are looking, they wonder why stars fall and where they land. They spread pots, pans and buckets all around the yard to catch the falling stars. When this doesn't work, they pretend that they are shooting stars in the sky and, unexpectedly, they turn into rocks. Some other shooting stars explain that they begin as rocky asteroids that turn into meteoroids and then into meteors (shooting stars). Luna, Clyde, and Jupiter also discover that as the shooting stars fall, they break up into pieces of rock so small it looks like dust.

[Educational Message: The phenomena we call shooting stars are not stars, but meteors. As they fall through the sky, they often disintegrate into dust.]
