Dear Frequency Coordinator:

Terrestrial RF Licensing, Inc. has completed an interference analysis on behalf of licensee FRANDSEN MEDIA COMPANY, LLC for the system described in the attached specifications. Our analysis indicates that the proposed system's transmit site will be located near the transmit or receive facilities of one or more Broadcast Auxiliary Service system(s) licensed to you. In accordance with the regulations set forth in § 101.103(d) of the FCC Rules, we are herein providing the technical parameters of the proposed system for your review.

If you have an objection to our proposal, do let us know via phone or mail (be sure to mention the coordination number given above). ***If you have no objections to our proposal, there is no need to contact us.*** If we receive no objections to this proposal within 30 days from the date of this letter, we will assume that you have no objection to the proposed system.

Should you have any questions or require additional information on this coordination notice, feel free to contact me at 888-373-4832.

Sincerely,

Jennifer Smith
