

KXMN/KXLY4.2 ISSUES AND PROGRAMS LISTS

3RD QUARTER 2012

Section I. Issues

The station has identified the following issues as significant issues facing our community this quarter:

A) Government: With Presidential elections on the forefront, a local woman puts herself on the ballot. While some citizens of Spokane put a bill on the ballot continuing their quest to legalize marijuana. Locals remember 9/11 and continue to see the ramifications of that day's tragedy. State workers seek a new wage contract and a six year long court battle moves forward.

B) Education: Local schools are back at it, back in session and back in the business of raising funds for the kids in the community. This year a new superintendent takes the reigns while funds are used to renovate schools and move students in a more science and tech savvy direction.

C) Transportation/Planning/Economy: While increased liquor prices has the local economy struggling, renewable energy, the North/South freeway and local renovation projects continue to thrive.

D) Environment: Fire season hits the Northwest hard while a toxic algae threatens to ruin summer swimming fun.

E) Health and Social Services: The Spokane community continues to raise funds for charities and invent new programs to help locals. A shortage of doctors within the medical community further challenges the health and welfare of Spokane, as some health spas are shut down for illegal activity and local law enforcement reach out to prevent drownings.

F) Arts and Recreation: Spokane is home to several summertime activities, including: Spike and Dig, Hoopfest and Valleyfest. Native Steve Gleason returns for a music fest to raise awareness of ALS.

Section II. Responsive Programs

The station has broadcast programming dealing with each of the above-referenced issues. Programming dealing with each issue is set out in the following pages.

President Prok. 8/6/12. 6PM. 1:46.

This November, President Barack Obama and Mitt Romney will square off to see who will be the Commander in Chief for the next four years. One Eastern Washington woman wants to be considered a third candidate, and she's taking steps to do it. Barbara Prokopich, is among a small list of candidates to be considered for a write-in as the next president. She's not going to be on the ballot but if enough people write in her name, she could technically win.

Pot Debate. 8/13/12. 6 PM. 1:00.

Washington voters could pick pot in this year's November election. Initiative 502 would legalize marijuana and allow its sale at state-licensed stores. Tax from the sale would be dedicated to education and health care. The state's latest financial analysis shows the initiative could bring in as much as \$2 billion over the next five years or it could bring in nothing. That's if the federal government steps in to seize the money, as marijuana possession would remain illegal under federal law.

Thompson Hearing. 8/31/12. 6 PM. 1:55.

We're following a developing story from the Federal Courthouse in downtown Spokane. The wait continues for former Spokane Police officer Karl Thompson. Thompson was convicted in November of using excessive force and violating Otto Zehm's civil rights. This all stemming from a confrontation at the north Spokane zip trip in 2006. He was in court today, fighting for a new trial.

Charter Schools. 7/11/12. 6 PM. 1:00.

Washington voters will likely get a chance to say yay or nay to charter schools in Washington. The group working to get it on the ballot has submitted more than enough signatures. But, Washington Public Schools Chief Randy Dorn says he believes initiative 1240 circumvents the constitution by setting up an alternative state schools system to authorize and track the progress of charters. The state's largest teachers union says the privately run, publicly funded schools take money from traditional public schools and have not been shown to do a better job at improving student achievement.

Back to School. 8/14/12. 6 PM. 1:00.

While many kids were cooling off at the pool for these dogs days of summer some students in the Spokane Valley were soaking up the a-c inside the classroom. Today was the first day of class at CCS in the East Valley School District. That stands for continuous curriculum school. Kids are in class for six weeks at a time and then get a one or two week vacation throughout the year.

School Tours. 8/22/12. 6 PM. 2:00

Your tax dollars are being put to work across the Spokane School District .Two Schools are being completely re-built and three are under-going major renovations, all paid for by a voter-approved bond. Today the school board and district leaders took a tour of the construction. Westview Elementary was the last stop on the tour today. Next month kids will be in for quite a change. It's a brand new school drastically different from the portables that used to stand here. These kinds of major construction projects are going on across Spokane .

Shoe Giveaway. 8/24/12. 6:30 PM. 1:00.

For the second day in a row, hundreds of people lined up for free back-to-school supplies. This morning, the line out front of the mission community outreach center in Spokane wrapped around the building and down three blocks. The clothing bank had 440 pairs of new shoes to give away. Within two hours of opening, volunteers had to go out and purchase more shoes. Recipients say the free shoes really help.

New Superintendent. 8/29/12. 6:30 PM. 1:00

The new school year means a new era in the Spokane School District. A new superintendent promises to be in the classroom as much as possible, even acting as a substitute teacher. Shelley Redinger says she'll fill in for some of her teachers this school year. Dr. Redinger will hold a drawing in the fall to select the teachers.

Riverpoint Academy. 9/3/12 6 PM. 1:58.

At Riverpoint Academy you won't find many textbooks. In here it's all about technology. In fact each student will get an I-Pad when school starts. The Mead School District is changing the face of education. The district will start classes at Riverpoint Academy- a program focusing on science - technology - math and engineering.

Liquor Prices. 7/18/12. 6 PM. 1:00.

It's been almost a month and a half since initiative 11-83 changed liquor sales from state run to private.

The change is costing bar and restaurant owners. It seems the cost of liquor has doubled in some cases. Many bars say they won't raise prices even though their costs have gone up.

Whitman Boomtown. 8/2/12. 6:30 PM. 1:00.

Down Highway 195 something is sprouting from the golden wheat fields. A large wind farm is under construction just south of Rosalia. The project began in April and when it's finished 58 wind turbines will bring renewable energy to about 30,000 residents. It's also brought something better, money into the local economy.

Congestion. 8/28/12. 6 PM. 1:00.

Over the last 5 years, 2009 had the least traffic congestion in the state of Washington. Since then, congestion has increased as the economy improves. The Washington Department of Transportation says traffic delays in 2011 cost drivers about 790 million dollars. The report analyzes 52 Puget Sound and two Spokane area commuter routes.

NS Freeway. 8/23/12. 6 PM. 1:34.

The North/South freeway became the backdrop for a major announcement from the U.S. Transportation Secretary and Senator Maria Cantwell. The North/South freeway has been under construction for eight years and will provide a non-stop route from the Wandermere interchange to I-90.

3rd Quarter Environment

Cle Elum Fire. 8/14/12. 6 PM. 1:13.

Fire crews are on the ground and fighting from the air. Working to get a massive fire near Cle Elum under control. 70 homes have now burned, hundreds more are in the fire's path. That fire started quickly ballooned to more than 20,000 acres.

Fernan Lake. 7/12/12. 6 PM. 1:58.

A popular spot to cool off in Kootenai County is not recommended for swimming. Fernan Lake, just east of Coeur d' Alene is suffering from a blue-green algae bloom that creates toxins in the water. Sun-loving blue green algae floats along the surface, take the plunge just a few inches below the waves and the lake looks normal.

But in high concentrations the algae creates Cyanobacteria, enough toxin to make you sick.

Recycling Changes. 8/30/12. 6 PM. 1:26.

Changes are coming to Spokane recycling. Starting October, the city is switching to single stream recycling. That means you can now mix all of your recyclables into one larger, 64-gallon bin. Soon, \$70,000 people in Spokane will know what it's like to recycle just about everything. From junk mail to aluminum foil.

Cheney Fire 8/21/12. 6 PM. 1:12.

This morning's lightning had fire crews spread thin, covering four fires in Cheney.

3rd Quarter Health and Social Services

Food Drive. 7/12/12. 6 PM. 1:30.

Hunger knows no season and with kids out of school for the summer, demand for donated food is even greater. Second Harvest Food Bank and Yoke's Fresh Market stores are here to help get the donated food from the warehouse into homes here in our community.

Pub Crawl. 7/26/12. 6 PM 1:15.

The Monroe Street pub crawl is where you can visit nine bars all while raising money for charity. Scout is where it all begins. From here, the crawlers will travel down Monroe Street and on to nine bars total. Along the way you can expect lots of fun, making friends with the 100 or so pub crawlers expected at this year's event, drink specials at every bar, and you're also raising money for a good cause. Let it Shine media's Lucinda Kay says every cent of the pub crawl's \$25 entry fee goes to Great Shake Incorporated, which does humanitarian work in Jamaica.

Doctor Shortage. 8/28/12. 6 PM. 1:49.

It's physicians the state sorely needs. Idaho has one of the worst patient to doctor ratios in the nation. There is a need for rural physicians. But practicing here can be difficult and the pay not enough. The problem starts before anyone is even ready to start making rounds.

Prison Programs. 8/30/12. 6:30 PM. 1:58.

A new program specifically targets repeat offenders who have already been in and out of prison several times. Just locking them up isn't working and so now counselors are trying to change the way these inmates deal with their problems. Inmates who grew up in gangs, took what they wanted by force and completely missed the give and take techniques needed to function in society. And so now these offenders are learning about self-respect, two way communication and thinking out the consequences of their actions.

ML Food Bank. 7/6/12. 6:30 PM. 2:13.

Nationwide, the economy is slowly making strides, climbing out of the recession. But, for many families, the improvements haven't hit home. They're still facing the reality of not enough food to feed their families.

Medical Lake in the summertime is like a lot of small towns, sleepy, quiet, away from the big city bustle. But, here at the food bank, lined up at 9 am, is proof that hunger isn't just a big city problem.

Spa Evidence. 7/16/12. 6:30 PM. 2:04.

A sweeping raid that targeted Spokane's sex -for -sale industry netted about a \$100,000 in cash. The crackdown on prostitution at eight Asian health spas could now generate a windfall for the agencies involved in the case.

Emphasis Patrol. 7/24/12. 6 PM. 1:00.

Five people have drowned in the Inland Northwest in the past two weeks. Marine Deputies say life jackets would have saved their lives. Emphasis patrols along the Spokane River are scheduled to start.

3rd Quarter Art and Recreation

The Littles. 7/20/12. 6:30. 3:44.

They've been called the greatest generation. The men who fought in World War II and the women who supported them, here on the home front. But, we're losing World War II veterans every day. Soon, their stories will live only in history books and family memories. WWII veteran tribute story.

Volleyball. 8/5/12. 6 PM. 1:15.

We've seen ballers, square dancers and triathletes all flock to the Inland Northwest this summer. And now, volleyballers! The tournament, Spike and Dig, was actually founded by Jerry Schmidt, one of the co-founders of Hoopfest. It's the largest co-ed, six on six, outdoor volleyball tournament in the nation. More than 5,000 people were at the tournament this weekend, bringing a small spike to Spokane's economy.

Ron B. 7/1/12. 6 PM. 1:12.

There are thousands of different teams participating in Hoopfest, If You like Will Farrell, then you are going to love the flopping fishes. A team of best friends entertaining Thousands of people on and off the court.

Camp Clear Lake. 8/17/12. 6 PM. 1:48.

Summer is coming to an end in the Inland Northwest, but there's still time to visit lakes and rivers. For airmen serving at Fairchild, getting away for some R & R is even more important. Clear lake is where they come to escape - 13 miles south of the base, a perfect outdoor getaway.

Gleason Gras. 8/29/12. 6:30 PM. 1:15.

Spokane native Steve Gleason has been battling ALS for two years. Gleason's foundation aims to help ALS patients with access to technology that could prolong their lives. Despite being in a wheelchair and slowly losing his ability to speak, Gleason's having fun while battling this disease. This weekend, he will be in Spokane for "Gleason Gras west" an offshoot of a music festival held in New Orleans the past couple of years.
