COMMUNITY ROUND TABLE GUESTS & TOPICS DISCUSSED IN THIRD QUARTER:

July 11th, 2021- Stacie & Ash Holder

Rare Disease Day takes place on the last day of February each year. The main objective of Rare Disease Day is to raise awareness amongst the general public and decision-makers about rare diseases and their impact on patients' lives. Building awareness of rare diseases is so important because 1 in 20 people will live with a rare disease at some point in their life. Despite this, there is no cure for the majority of rare diseases and many go undiagnosed. Rare Disease Day improves knowledge amongst the general public of rare diseases while encouraging researchers and decision makers to address the needs of those living with rare diseases.

The National Organization for Rare Disorders (NORD) offers a Rare Disease Database as well as free webinars, fact sheets, infographics and other helpful materials for patients and caregivers. They also offer Patient Assistance Programs that help patients obtain life-saving or life-sustaining medication. I do not represent Rare Disease Day or the National Organization for Rare Disorders but their websites are <https://www.rarediseaseday.org/> and <https://rarediseases.org/>

July 25, 2021- William Bryant, The Mobile Area Council of the Boy Scouts of America. Scout Executive and CEO

For more than a century, Scouting has been serving communities. Now, Scouts across the nation are embarking on a Summer of Service to help our communities. Scouts in Mobile, Baldwin, Washington and Clarke counties are gearing up to tackle service projects, both big and small.

“Service comes in all shapes and sizes, and after the separation we’ve had in the past year the Mobile area needs our help.

Scouting has a long history of serving the community with projects that leave a positive, lasting impact. Many of our Scouts have earned the Eagle Scout rank, which required them to complete a leadership service project in the community,” said William Bryant, Scout Executive and CEO.

In the last year, the Mobile Area Counsel has given back to area counties with projects, drives and service activities including providing food for 10,000 families through Scouting for Food Drive. Led by young men and women across the community,

these projects have given over 40,000 hours back to our community. Scouts across the country are embarking on as part of the Summer of Service, a national initiative to give back to our

communities. Service is an integral element of Scouting and comes in many forms, but a special focus is being placed on:

1. Health and wellness including learning and teaching CPR, organizing neighborhood blood drives, making and donating face coverings.
 2. The environment including taking a trash bag and gloves on walks to pick up trash, building bird houses, planting a rooftop garden and committing to using fewer plastic bags.
 3. Neighbors in need including doing a chore for someone who cannot do it themselves, collecting school supplies for children in need, organizing a food drive for the food insecure or donating face coverings and hand sanitizer to homeless shelters.
 4. Our communities including writing "thank you" notes to service members; first responders; or healthcare workers, taking treats to a local fire station, or volunteer at a community center.
- Scouts give back to their communities every day in ways big and small, Summer of Service amplifies that with the #SummerOfService. The Mobile Area Counsel is encouraging service requests. Service submissions can be made to <https://www.scouting.org/summerofservice/>.

Our Ronald McDonald House can accommodate up to 38 families a night with families staying for days, weeks, sometimes months at a time while their children receive care.

Our Ronald McDonald Family Rooms located inside USA Children's & Women's Hospital provide places of peaceful respite – just steps away from the child's bedside.

Since opening our doors 15 years ago, the Ronald McDonald House has served over 6,100 families from around the Gulf Coast, from across the country and around the world. Families are asked to donate \$12 a night to stay at Ronald McDonald House but no one is ever turned away for an inability to contribute.

August 22, 2021- Lisa C. Lambert, Chief Election Officer, City Clerk & (251-208-7411) FREQUENTLY ASKED QUESTIONS

(<https://www.cityofmobile.org/government/voting-and-elections/>)

Q When is the City election? A The municipal election is August 24, 2021; and a run off, if necessary, will be held on October 5, 2021. Q

What exactly will we be voting on? A Election of Mayor and City Council Members. Q What determines whether someone will be in a run off? A Of the votes cast in each race, if one candidate receives 50% plus one vote, there is no run off. If no candidate receives at

least 50% plus one vote, then a run off is held between the two candidates who received the most votes in that race. Q How long will the polls be open on August 24? A The hours of voting are 7:00 a.m.

to 7:00 p.m. Q When will the new Mayor and City Council Members take office? They will take office on the first Monday in November which is November 1, 2021. Q How many polling places will be used on election day? A We will be using 35 voting places. Q Is campaigning allowed on election day? A Yes, as long as it is done at least 30 feet from the door of the polling place. Q Will my voting place be the same as in county, state, and federal elections? A It may not be. City ward lines don't always coincide with regularly used county ward lines, so some voters will be voting at a different location for this election only. Q Can I write in a name for an office in the City election? A. No. Alabama law prohibits write-in voting in municipal elections. Q Will I have to declare myself to be a Democrat or Republican in order to vote? A No, you will not be asked your party preference. Every qualified elector of your polling place will have the same ballot on which to vote. Municipal elections are non-partisan, which means no political party designations are listed on the ballot. Q Under what circumstances can someone vote an absentee ballot? A Under the following circumstances, a qualified elector can vote an absentee ballot: 1) those who expect to be out of the city on election day; 2) those who have a physical illness or infirmity which prevents his or her attendance at the polls; 3) those who expect to work a shift which has at least 10 hours which coincide with the hours the polls are open; 4) those who are enrolled as a student at an educational institution located outside the county of his or her personal residence; 5) those who are a member of, or spouse or dependent of a member of, the Armed Forces of the United States; 6) those who are named as a poll watcher at a polling place other than his or her regular polling place; 7) those who are a caregiver for a family member to the second degree of kinship and the family member is confined to his or her home; 8) those who are incarcerated in prison or jail and have not been convicted of a felony involving moral turpitude; 9) those who require emergency treatment by a licensed physician within five days of an election may apply for an emergency absentee ballot and may vote by returning the absentee ballot no later than noon on the day the election is held. The attendant physician shall describe and certify the circumstances as constituting an emergency on a special Q What is the deadline to apply for an absentee ballot? A Absentee applications returned by mail must be received no later than seven days prior to the election (August 17). Absentee applications returned by hand must be received no later than five days prior to the election (August 19). Q Can someone else pick up an absentee application for me or do I have to do it myself? A You can have someone else pick up your application; however, you must return the completed application yourself or place it in the mail. Applications can also be mailed out to those who request one by telephone. The Absentee

Office cannot accept a ballot unless it is mailed to them or hand delivered to them in person by the voter.

August 22 , 2021- Dr. Bernard H. Eichold II accepted the position of Health Officer for Mobile County on May 1, 1990.

Born and raised in Mobile, Dr. Eichold has obtained multiple academic degrees from Tulane. These include Doctor of Medicine and Doctor of Public Health degrees. "Without my education, I could not have served as many persons and organizations," Dr. Eichold said at that time. "My father stated education is the key to opportunity."

This love of learning has deep roots in the Eichold family. His father Samuel and mother Charlotte stressed the value of education and community service. Dr. Sam Eichold II was the first Professor Emeritus at the University of South Alabama's College of Medicine. The Mobile County Public School System recognized his many civic achievements and support of education by naming Eichold-Mertz Elementary School on Government Boulevard in his honor. Previously when the elementary students advance, they were given a printed bookmark to remind them of Dr. Sam's sayings: "The Foundations of Life are based on Discipline, Desire, Determination, Discretion and Duty. The Virtues of Life are Courtesy, Cleanliness, Punctuality, and Loyalty."

Dr. Sam Eichold was presented with the ACP's Laureate Award in 1993. Two other honorees – John McGehee in 1997 and Steve Davis in 2007 – served with Dr. Bert Eichold in private practice before he became Health Officer.

Dr. Bert Eichold served his country in the U.S. Navy, retiring with the rank of Captain, F.S, M.C. In addition to his medical duties, he has been very active in many civic organizations. Some include, but are not limited to, Mobile United, BIG, Mobile ARC, Chair of the Community Foundation of South Alabama Board, and currently on the Vestry of Christ Church Cathedral.

Dr. Eichold has been an Instructor at Tulane and Adjunct Professor of Medicine at the University of South Alabama. He has served as a Science Advisor and mentor to young scientists in the NASA DEVELOP program based at MCHD. He is Senior Aviation Medical Examiner for the Federal Aviation Administration.

He has received NASA and U.S. Navy medals, various civic/community awards and is a Fellow in the American College of Physicians. He was presented with the William Henry Sanders Award from the Medical Association of Alabama in 2002 for his many years of service to public health. The Cottage Hill Civitan Club named him as the 2012 Mobilian of the Year.

Vice President BBB Educational Foundation
BBB Serving Central & South Alabama

September is National Preparedness Month and BBB wants you to have the resources you need to prepare for Natural Disasters.

First - consider your home - Do you need to make repairs? Take down trees?
buy a home warranty?

Second - Be Prepared - Emergency Bank Account Access, Know the location of your home's water, gas and electrical cutoffs
have your emergency document kit (insurance policies, birth certificates etc),
Take videos/pictures of your personal possessions.

In the event of a storm - Contact your insurance adjuster, be wary of low estimates, get everything in writing and pay by credit card.
