

**ISSUES/PROGRAMS LIST
FIRST QUARTER OF 2009
FOR STATION WQQZ-CA, PONCE, PUERTO RICO**

This Quarterly Issues/programs List is a list of nonentertainment programming, which in the view of the management of Station WQQZ-CA, represents the most significant treatment by the Station of certain issues believed to be of community concern. The management of the Station selected the issues of greatest community concern by conducting interviews with resident of the viewing area and leaders of local organizations and interest groups. Based on the results of these interviews, CMCGRP License LLC selected the following issues as of greatest concern:

- Quality of the Environment
- Drug Addiction
- Automobile Safety
- Health (Including Cancer, Depression, Drug Abuse, Health Prevention, Sexual Diseases)
- Abuse of Children and Animals
- Education (Learning Issues)
- Preservation of Family Values

The management of the Station believes that the most effective way of providing information concerning the above-noted issues is by means of public service announcements aired at various times of the day so as to include all of the Station's viewers. Attached to this report is a listing of those public services announcements aired during the **FIRST** quarter of 2009 which devoted attention to the issues identified above. The listing includes a short description of the announcement, the date of airing and the duration of the announcement.

NOTE: Due to volume of PSA broadcast a separate specific detail have been filed with our official logs. Please refer to such report for specific times of PSA aired.

STATION SHUT DOWN ON JANUARY 19, 2009 IN ORDER TO COMPLETE CONSTRUCTION OF ITS DIGITAL FACILITIES BY ORIGINAL TRANSITION DEADLINE OF FEBRUARY 17, 2009. After signing off the air on January 19th and after making the conversion from our analog channel to our digital channel that we were required to m on February 5th the U.S. Congress changed the digital conversion date from February 17th 2009 to June 12th 2009. Unfortunately, because of these two different laws enact by Congress, Telemar was stuck, not knowing that there would be any delay, we proceeded to make all of the technical changes required to convert our signal (changing both our antenna and our transmitter to Channel 14) prior to the February 5th delay decision handed down by congress. The result of all of this is that currently Telemar is off the entirely. We cannot go back to Channel 60 (the equipment required to broadcast on Channel 60 has been replaced with the equipment required to broadcast on Channel 14 but because of the digital transition delay we also cannot broadcast on Channel 14 until WAPA abandons that channel on June the 12th. In essence, we have been regulate off the air for five months (January 19th - June 12th) until WAPA-TV is required to abandon analog Channel 14 and we are allowed to begin broadcasting on digital Chanr
