

Issues/Programming report  
1st quarter 2023

WION regularly carries:

**Shiloh Community Church**, with the Late Pastor Ken Harger by permission from his family, 1-hour each week, Sundays at 8 AM.

**“Town Hall News”** (National and International) each hour, 24/7 Total: Over 48 minutes of National news each day of the week, actually more because some hours we record and air the full five minutes, not just the two.

**Michigan News Network updates:** 8 times each weekday including holiday, duration 3 minutes each edition aired. 24 minutes per weekday, 72 minutes per day.

**LOCALLY PRODUCED (only) PSA announcements**, one each hour, 24/7. **Duration: 1 minute each**, local topics included:

Invite for local educators to send us items we can use to promote local school events 270 plays  
How to sign up for Smart 9-1-1 (270 plays)  
Invite for listeners to visit their local Chamber of Commerce sites for family events (120 plays)  
Information on the Lowell Arts programs in Lowell Michigan 135 plays

**Feb 10th WION** welcomes new Sunday morning program, “Totally 80’s Flashback” with Tommy Kay. This program replaced a larger syndicated radio show with a more interactive one, complete with request phone number dedicated to this particular program, and a Michigan based host. Response is good as requests from OUR listening area are already showing up.

**FEB 27TH WION** OPTS to run the station entirely on generator due to ice storms in the area causing major power outages, to insure continued full service to our listeners and less chance of interruption.

**WION Launches NEW interactive website March 20th, 2023** To “start the “Spring” season WION worked behind the scenes to launch publicly our new website on March 20th. Unlike the old one made over a decade ago, this new site has an easy “contact us” form, lists all of our staff including engineers, imaging “voice guy”, offers online popout player and on-page player, shows our upcoming programs, and allows us to easily upload items of public interest in the form of pdf or jpg images of local non profits’ events. We include links as required to our FCC public file online and to any notifications of FCC applications pending. Many people in our listenership commented positively to us:

*I found your station by doing a search about AM stereo. I was checking to see if AM stereo still existed! I love listening to "The Lost 45s" while working. It's very encouraging to still hear good local, terrestrial radio. Please keep the music going!*

*Text: Good morning again! Dustin from Safety Harbor (sometimes I show up from Clearwater as well). Love the new website and was just wondering if you have away for those us outside of your terrestrial range to support the station with tips or donations? Just appreciate what you all have built and would love to help support you all!*
