Blue Ridge Cable's Leased Access Channel Policy

If a party requests a leased access channel, access to a channel will be provided in accordance with the following conditions.

1. Blue Ridge Cable TV will designate a channel or part thereof, for access as a leased access channel.
2. Because there is little or no equipment at each antenna site to play programming, the party requesting access must help defray costs, if any, to purchase equipment. Rental is per Blue Ridge tariff.
3. Programming will only be carried in the requesting party's area, and played back at the headend which serves that area.
4. Only 3/4" tape will be used to guarantee a quality picture and to insure equipment compatibility.
5. The 1992 Cable Act also gives Blue Ridge Cable the right to prohibit programming which contains obscene material, sexually explicit material or material soliciting or promoting unlawful conduct. Blue Ridge Cable will exercise this right.
6. Blue Ridge Cable is not responsible for the content of programming. A waiver shall be signed by the requesting party before the program is aired.
7. Channel position, time allotments and possible combination commercial use will be controlled by Blue Ridge Cable TV.
8. Appropriate air time and play back charges will apply.
