**Section 1. Issues**

- A. Education: School safety has become number one than transgender laws. Coverage of the school district affects teachers, students, administrators and the public in general. We cover live most every school board meeting as a commitment to the community
- B. Crime: Crimes against children are up in the market. Number one this quarter is coverage of vehicle deaths of children.
- C. Local School Sports: Local high school sports is one of the most listened to and looked after topics in the area. The Williston Football Team is of concern to the community. Having failed to win a conference game in two years questions surround the future of the head coach.
- D. Local News: Coverage of local news, including the courts, law-enforcement, local fundraising for different events, etc. plays an important role in the broadcast coverage in Williston.
