Air Date: 01/10/24
Duration: 25 minutes
Synopsis: Topics Discussed on Today’s Program:

Topic: Today on Insight, John and John Rosenstern discuss the attempt to form Palestinian Statehood, i.e., a two state solution, as the US Secretary of State is suggesting during his visit to the Middle East. The recent Pro-Palestinian rallies in the United States show sympathy for the situation in Gaza and a continued disgrace in words and actions towards Israel. At a Los Angeles war memorial, protestors vandalized some 90-thousand graves of US veterans. Israel is not behind the evil in the Middle East. Brother Josh says leaders from all over the world need to cut off aid to Hamas until all the hostages have been released. We must support Israel, and pray that the evil of terrorism is stopped.
