AIR DATE: March 4, 2012

HOST: Claire Beverly

MAIN ISSUE #1: Community, Kids and Family, Military Issues

MAIN ISSUE #1 TOTAL TIME: 20 Min

MAIN ISSUE #1 PROGRAM SUMMARY

This week on In Focus, we will be taking a closer look at one of the area's leading Non-profit organization for Military family assistance, Operation Homefront of Georgia. The Director of Family services Christina Anthony will be our guest. She will discuss how OPH of Georgia helps struggling military families, the needs of the organization, upcoming events, and how the community can be involved.

MAIN ISSUE #2: Environment, Health and Safety

MAIN ISSUE #2 TOTAL TIME: 10 Min

MAIN ISSUE #2 PROGRAM SUMMARY

For the first time in 30 years, the Nuclear Regulatory Commission has approved a license to build new reactors in Georgia. Now South Carolina is awaiting a decision on a similar application. Our guest this week, USC's Dr. Travis Knight, is here to discuss how the approval process works, what improvements have been made to the reactor design, and how Japan's recent reactor problems affects our new safety revisions. He will also debunk some common myths about Nuclear Engineering.
