\*\*\* Note \*\*\* -- While KCDV is unable to carry the volume of special public interest programming that is offered on our sister station (KLAM), KCDV heavily promotes all of KLAM's special programming and encourages the audience to use both stations equally for a balance of entertainment and information.

In particular, we strongly and frequently promote KLAM'S "Town Meeting" talk show -- not only mentioning extensively when the program airs and what the subject matter is, but also emphasizing that all talk shows are posted to our Youtube channel ([youtube.com/cordovatv](https://www.youtube.com/c/cordovatv)) for delayed listening on virtually every device.

**ISSUE OF NOTE THIS QUARTER:** 4/7/23 -- We visited with Nancy Clanton, who has been spending time with Cordova Electric Cooperative talking about ways to improve lighting around the city to save energy costs, cut down on diesel use, reduce light pollution, and actually enhance how the town feels to walk through by designing the lighting to be more welcoming. Ongoing community input was encouraged

**ISSUE OF NOTE THIS QUARTER:** 4/11/23 -- We visited with the Cordova Chamber of Commerce to get updated on numerous opportunities for local businesses coming up over the following week -- including Business Beers, the Business Empowerment Summit, the Boost Program, and the Copper River Delta Shorebird Festival. We also covered some of the ongoing benefits (including an innovative health insurance program) available to Chamber members -- and even local businesses that aren't members yet.

**ISSUE OF NOTE THIS QUARTER:** 4/14/23 -- We got to visit Harlow Robinson of Healthy Futures Alaska to learn about the 100 Miles in May challenge. This is an event where people around the state have fun being active in a way that

promotes health, encourages friendly competition among friends and peers, and raises funds for an organization that supports healthy Alaskan kids in a variety of ways.

**ISSUE OF NOTE THIS QUARTER:** 5/16/23 – Our guest this time was Liane Parker -- a registered nurse working with the Ilanka Community Health center to offer an enhanced care management program called "Quantify Remote Care". This is a way to make your health care 24/7 instead of just when you visit the doctor, with all kinds of remote monitoring and visiting, plus all the help you need to make sure it works with your insurance.

**ISSUE OF NOTE THIS QUARTER:** 6/1/23 – We visited with Karen Deaton Perry of the Cordova Chamber of Commerce to learn about the upcoming Old Time 4th of July Celebration. She talked about the planning that needs to be done, booth and table space for food vendors and other businesses/organizations, sponsorship and advertising opportunities, and the need for volunteers.
