

Availability of Signals

 **Rule § 76.1709**

 **Retention** *Current*

 **What's in here?** Cable systems must maintain in the public file a list of all broadcast television stations carried in fulfillment of the must-carry requirements pursuant to 76.56. The list must include the call sign, community of license, broadcast channel number, cable channel number, and, for NCE broadcast stations, whether that station was carried by the system on March 29, 1990.

Broadcast television stations carried in fulfillment of the must-carry requirements pursuant to 76.56
