Re: Retransmission Consent Election

Dear Mr. Schoenstein:

As you are aware, earlier this year Time Warner Cable negotiated a retransmission consent agreement on behalf of Bright House Networks for carriage of KMPH, FOX channel 26 on Bright House Networks' Avenal, CA headend. This carriage agreement is to begin January 1, 2012, at the expiration of our current retransmission consent agreement. Even though there is a current retransmission consent Agreement in place for carriage of KMPH, FOX 26 by Bright House Networks, the FCC requires that we make an official "election" for carriage of said station in writing, and send you the election notice. This election in no way affects or alters our agreement or the upcoming agreement with Time Warner; it is simply in order to fulfill our responsibility to the FCC.

Therefore, pursuant to Section 76.64 of the rules and regulations of the Federal Communications Commission, this letter shall serve as written notification that TTBG Fresno OpCo, LLC, licensee of television station KMPH-TV, Channel 26, serving the Fresno-Visalia DMA, is electing retransmission consent for our station's signal. This election shall apply to all communities where Bright House Networks operates in this DMA including the Avenal, CA headend, for the period beginning January 1, 2012 and ending on December 31, 2014.

Once again, this letter does not affect our already existing retransmission consent agreement and you do not need to take any action. If you have any questions regarding the above, please feel free to contact me at (402) 554-4237 or email me at ktreعه@kptm.com.

Sincerely,

Kara Treece
