To fulfill our mission, we educate the public on the importance of spaying and neutering including referrals to low-cost clinics in our area and encourage owners of reclaimed animals to microchip their pets by explaining why it is important. We help people keep their pets rather than being forced to surrender them by offering assistance and providing pet food and/or supplies from our designated food bank supplies. At our shelter, animals are not given a time limit. Although we try and find forever homes in a timely fashion, they are welcome to stay here as long as they need.
