

Quarterly Issues Program List for Station – KPMX

Assessment of Issues for this quarter: Issues important to our community are gleaned from Service Organizations, Local Non-Profit organizations, law enforcement, business owners, city/county/state employees, politicians, other media, Facebook and Twitter postings, conversations with community members at community concerts, special events and other functions as well as our own interviews.

Section I. Issues.

A. Public Health: Issues relating to preventive health awareness, general health discussion, and health events in our area.

B. Education: Issues relating to Public School education and community college in our community, including school starting and other programming.

C. Government: The discussion of policies related to our government both statewide and local issues.

D. Quality of Life: Issues relating to the overall health and living conditions of our community. Primarily answering the question “what is there to do in Logan County?”

Section II: Responsive Programs

The station has broadcast programming dealing with each of the above-referenced issues. Programming dealing with each issue is set out below.
