## 48 HOURS

01/03/15

**48 HOURS: LIVE TO TELL: "Soul Survivor"** - a report about Robin Doan, who as a young girl in 2005, played dead to live through the murders of her entire family as they slept in their beds. Before that night, the now 20-year-old Doan was a typical 10-year-old girl in a hardworking family of farmers in Pampa, Texas. They became the targets of an intruder who enjoyed killing just for the thrill of it. The immediate investigation yielded few clues. Doan, however, had a remarkable ability to recall the details of that traumatic night. Investigators would later learn that the gunman who killed Doan's family had killed before, hundreds of miles away in Missouri. A day before the Pampa shootings, Orlie McCool and his daughter-in-law Dawn were killed and the family pickup stolen. Levi King was later found behind the wheel of the stolen vehicle in El Paso, Texas. He also told law enforcement that there were four more bodies in Texas. King told law enforcement officers that the feeling he got from killing the McCools was better than any drug he had ever done. This was the lead needed to solve the Pampa murders. Robin Doan was willing to help by testifying about the night her family was gunned down while they slept. King took a plea deal in Missouri -- to avoid execution he agreed to two consecutive life sentences without the possibility of parole. In Texas, he also took a guilty plea, but the DA refused to take the death penalty off the table. Robin testified at the trial. There was one holdout for the death penalty; King received a life sentence. He will serve his time in Missouri. Robin Doan is satisfied. **On-screen text graphic:** Robin has decided to leave Pampa. She plans to visit often. Interviewed: Robin Doan; Chad Brooks (former deputy sheriff); Gary Henderson (former Sheriff, Hemphill County); Lynn Switzer (former District Attorney); Lynn Hancock (Pastor, Briarwood Church); Jay Foster (Texas Ranger); Matthew McCool (McCool family member); Michael Hall (sheriff); Don Ruby (former deputy sheriff); Joe Marr Wilson (defense attorney); Denise Mackie (Robin's friend) (C: Erin Moriarty - P: Ruth Chenetz)

## 48 HOURS (continued)

01/10/15

**48 HOURS: "The Ultimatum"** - a report on the investigation into the murder of Vanessa Mintz, who was gunned down at the family-owned Saluda Mountain Lodge, in Saluda, North Carolina on Saturday, February 19, 2011. Mintz, whose family had long-standing ties to the area, had married early in life, divorced and raised two daughters, Jessica Freeman and Andrea Little Gray, as well as becoming a respected businesswoman, realtor and mentor to young girls. Police investigation at the lodge found a crucial piece of evidence only the killer could have left, but questions remained: did Mintz know her killer or was it a random robbery that went bad? The investigation took the case in another direction when police found out that her husband, Travis McGraw, was secretly dating Mary Beth Fisher. His cell phone records revealed he was sending intimate text messages to Fisher. Fisher claims McGraw had told her he wasn't married, and the relationship, though intimate, was not sexual. Fisher found out the truth and gave him an ultimatum -- make up your mind by Sunday. Mintz was shot dead on Saturday. Travis McGraw willingly turned over his cache of guns to police. One of his guns matched the cartridge found at the scene and he was arrested for murder. Mintz's daughters emerged as powerful advocates for their mother, and prosecutors, after consulting with them, offered a plea deal to McGraw: second-degree murder with a sentence of 16-20 years. He accepted, but at the last moment changed his mind about pleading guilty. Three years after the murder the trial began. McGraw was found guilty of first-degree murder. **On-screen text graphic:** Mary Beth Fisher and Vanessa's daughter Andrea work at the same hospital. They occasionally cross each other's paths. Andrea and Jessica are creating a local family justice center and a trauma intervention program in honor of their mother. ## 48 HOURS (continued)

01/17/15

**48 HOURS: "Death in the Parsonage" (8:00-9:00p)** - an updated rebroadcast on the suicide of Joseph Musante; the eventual discovery of his wife, Cindy's secret affair with A.B. Schirmer, the pastor of the Reeders United Methodist Church in Reeders, Pennsylvania; and the eventual investigation to determine if the deaths of the pastor's previous wives were really accidental. Musante's sister, Rose Cobb, knew something wasn't right and pressed authorities to keep looking. Musante's daughter, Samantha, told police that she had discovered the affair between her mother and Schirmer and had told her father. Further investigation revealed Musante's death was truly a suicide. This led to questions regarding the death of the pastor's second wife, Betty Schirmer, just three months earlier in an auto accident. Her death was determined to be suspicious and police suspected Schirmer. Questions then arose about the death of Schirmer's first wife, Jewel. The cause of her death, from a fall, was initially classified as undetermined, but was now ruled a homicide. A.B. Schirmer was arrested and charged with the murder of his second wife, Betty. At trial, A.B. Schirmer was found guilty of murder. Cindy Musante continues to stand by him. Original on-screen text graphic: Schirmer is awaiting trial for the murder of his first wife, Jewel. Sam's mother, Cindy told the court she believes "one hundred per cent" in Schirmer's innocence. **Epilogue (for the 01/17/15 rebroadcast):** a year and a half after his conviction for the murder of his second wife, Betty, A.B. Schirmer struck an unexpected deal with prosecutors. He pled no contest to the charge that he murdered his first wife, Jewel, saying he only took the plea to spare his family the trauma of going through another murder trial. Schirmer was sentenced to twenty to forty years in prison, the maximum allowed, on top of his life sentence. New on-screen comments by Jon Behney, (Jewel Schirmer's brother), James Fully, Julie Campbell (Schirmer's daughter), Tina Fultz (Betty Schirmer's sister). **On-screen text graphic for this 01/17/15 rebroadcast:** A.B. ## **48 HOURS** (continued)

01/17/15

**48 HOURS: "Murder in Pinyon Pines" (10:00-11:00p)** - a report on the investigation into the triple murders and the long quest for justice for Vicki Friedli, her boyfriend Jon Hayward, and Vicki's daughter Becky Friedli. In 2006, in Pinyon Pines, California, Friedli and her boyfriend were shot dead and their house set on fire. Outside the home, investigators found the charred remains of Becky Friedli, in a wheelbarrow. She was burned so badly, they could not determine how she died. Retired policeman Ron Friedli, Vicki's ex-husband and Becky's father, had a theory about what happened: Becky was deathly afraid of fire and he suspected she knew her killer. Police searched for clues but the case went cold. Years later, Luis Bolanos, a private investigator and a former colleague of Ron's, asked if he could get involved; he said he could get the case back in the news. He did just that. Seven years after the murders, police arrested Becky's ex-boyfriend Robert Pape and his best friend Christian Smith and charged them with murder. Their families say they are innocent. But an unexpected courtroom twist turned the case upside down. The District Attorney said there was an "issue" in the grand jury proceedings against Pape, and dropped the charges against them both. However, it may not be completely over; the investigation continues. **On-screen text graphic:** A new DA was sworn in last week. He says he will review the case "with an open mind". Christian Smith has been honorably discharged from the Army. Interviewed: Tanya Friedli, Drew Friedli, Ron Friedli (Becky's sisters and father); Katie Hayward (Hayward's daughter); Daniela Zermeno (Becky's cousin); Luis Bolanos (private investigator); Kathleen Pape and Christy Pape (mother and sister of Robert Pape); John Conrad Smith (Smith's father); Brandon Kugler-Harrison (friend of Pape and Smith); Richard Blumenfeld (Pape attorney); Eduardo Roy (attorney for Becky's friend Javier Garcia Junior) (C: Troy Roberts - P: Lourdes Aguiar, Peter Shaw)

## **48 HOURS** (continued)

01/24/15

**48 HOURS: “Kiss of Death and the Google Exec”** - an investigation into the 2013 drug-related death of Google executive Forrest Hayes and an investigation of Alix Tichelman, the woman charged with killing him, whose ex-boyfriend also died of a lethal overdose. Hayes, a successful, wealthy, married Santa Cruz, California technology genius was found dead from a heroin overdose aboard his 46-foot yacht. The yacht had been outfitted with a sophisticated security system, which eventually led investigators to Alix Tichelman, a young woman with whom he had a secret liaison aboard the yacht. Hayes and Tichelman met on an online dating service known for connecting wealthy men with women looking to be spoiled. The video footage recorded Tichelman injecting Hayes, cleaning up the scene and stepping over him to leave. At issue is whether Tichelman knew Hayes was in distress when she left, as police maintain, or if his death was accidental, as public defenders representing Tichelman claim. Tichelman led a troubled life which included eating disorders, drugs, and specialized schools. Investigators learned that just months before Hayes' death, Tichelman's then-boyfriend, Dean Riopelle, an Atlanta night club owner, also died from a heroin overdose. After an elaborate sting, Tichelman was arrested for the death of Forrest Hayes. Riopelle's death, originally classified as accidental, is being given a second look by Georgia authorities.

**On-screen text graphic:** Alix Tichelman pleaded not guilty to manslaughter in the death of Forrest Hayes, and pleaded not guilty to prostitution and drug charges. Tichelman's next court appearance is on February 23, 2015. If convicted of manslaughter, Tichelman could face a maximum of fifteen years in prison. Interviewed: Stephen Baxter (Santa Cruz Sentinel/48 HOURS Consultant); Michael Daly (Daily Beast investigative reporter/48 HOURS Consultant); Steve Clark (Santa Cruz Deputy Police Chief); Brandon Wade (“Seeking Arrangement” dating website owner); Chad Cornell (Tichelman's boyfriend); Ashley Kent (dorm mate at the Hyde School); Khristina Bocker (Dean Riopelle's former assistant); Jerry Christense and Larry Biggam (Tichelman's public defenders); Alex (no last name/schoolmate); Todd (no last name/friend of Riopelle's) (C: Maureen Maher - P: Allen Alter, Patti Aronofsky, Elena DiFiore)

## **48 HOURS (continued)**

01/31/15      **48 HOURS: "The Millionaire, The Model & The Hit-Man"** - an investigation into the relationship between Dino Guglielmelli, a millionaire health supplement distributor/wannabe rock star, his model wife, Monica Olsen, his business partner/presumed hitman Richard Fuhrmann, and the \$80,000 "hit" Guglielmelli ordered on his wife. In 2008, Olsen, a model-turned-housewife, wanted to re-start her career, Guglielmelli was not happy. He became very controlling, dating other women and eventually filing for divorce. He tried various schemes to discredit his wife. In 2012, when he couldn't get his way in the divorce, he confided his problems to business associate/friend Richard Fuhrmann, asking him to "take care" of his wife; Fuhrmann told Guglielmelli that he would take the job. Instead of murdering Olsen, he went to the authorities in Los Angeles, California, and agreed to wear a wire. In October 2013, Fuhrmann got Guglielmelli to repeat that he would pay \$80,000 to have Olsen killed. To the authorities, it was a clear-cut case of murder for hire; Guglielmelli was arrested. Guglielmelli, in a telephone interview from jail, claims he is the victim; he was conned by Richard Fuhrmann. Authorities agree that Fuhrmann is a con man, but the conspiracy to kill Olsen was very real. In a surprise move, they offered Guglielmelli a plea deal: plead guilty to attempted murder in the second degree and serve only nine years in jail. He accepted. In a telephone interview from prison, Guglielmelli discusses his decision. Olsen is proceeding with the divorce and worries about the future. Fuhrmann fears what will happen when Guglielmelli is released from prison. **On-screen text graphic:** Because Dino took a plea deal he cannot appeal his conviction. Interviewed: Dino Guglielmelli; Monica Olsen; Rick Fuhrmann; Emilio Guglielmelli (brother), Gino Guglielmelli (brother); Letitia Devine (Dino's ex-wife); Olya Banar (Monica's friend); Emily Cole (Deputy District Attorney) (C: Troy Roberts - P: Judy Rybak, Greg Fisher)

**“A New Kind of Terrorist”** – a report on the three men who carried out deadly terrorist attacks in Paris, France at the office of satirical magazine Charlie Hebdo and a kosher grocery store in early January 2015: brothers Cherif and Said Kouachi and Amedy Coulibaly. This new type of terrorism is described as a hybrid between jihad and petty criminals. The Kouachi brothers grew up in Epinay, a poor French suburb, which is feared to have become a recruiting ground for radical Islamists seeking foot soldiers. Cherif and Amedy met while they were incarcerated for non-terrorist crimes at the Fleury-Merogis Prison, and came under the influence of al Qaeda operative Djamel Beghal. Although the Kouachi brothers declared allegiance to al Qaeda and Coulibaly to ISIS (ISIL), it is believed to be more of a psychiatric problem with the men, than terrorist notions. Includes interviews with: Xavier Raufer, criminologist; Vincent Ollivier, Cherif Kouachi’s lawyer in 2005; Alain Chouet, former head of security intelligence at DGSE (France’s CIA) (C: Clarissa Ward – P: Randall Joyce)

## 48 HOURS

02/07/15

**48 HOURS: “Gone”** - a report about Mark Castellano, a man who claimed to be so desperate to find Michelle Warner, the mother of his three-year-old son, that he agreed to talk to Dr. Phil McGraw on McGraw’s daytime talk show regarding her 2012 disappearance. Within forty-eight hours, Castellano then told police a much different version of events. Warner had been living in Houston, Texas with Castellano, her on-again/off-again boyfriend. Castellano claimed Warner stormed out of the house after a fight and vanished without a trace, leaving her child behind. Warner’s family did not believe it and filed a missing persons report. Houston homicide detectives later received the case. Castellano agreed to appear on “The Dr. Phil Show”. Dr. Phil interviewed Castellano at his parents’ home in West Texas; he wasn’t buying Castellano’s version of events and had serious doubts about his story. The police investigation continued, but there were few if any clues. Two days after the interview with Dr. Phil, Castellano voluntarily went in for an interview with the police. During the interrogation, Castellano finally cracked and admitted that he had killed Warner, put her body in his car, and buried it in a shallow grave outside of Midland, Texas. Local police and the FBI tried to locate her body but were unsuccessful. Eventually, using Apple’s Face Time app and an iPhone, and with help from Castellano, police were able to scan the area and locate Warner’s body. Castellano was arrested and charged with murder. Eight days later, “The Dr. Phil Show” aired its episode about the case. Also includes: Tracy Smith’s interview with Mark Castellano in which he reveals deep-seated anger and resentment towards women and claims it was all an accident. At his trial, attorneys presented a new version of what he now says is the truth. After more than a week of testimony, Castellano was found guilty in the strangling death of Michelle Warner. **On-screen text graphic:** Mark Castellano will be eligible for parole in thirteen and a half years. He will be fifty-three years old. Interviewed: Mark Castellano; Dr. Phil McGraw (television personality / psychologist); Donna Malone (Michelle Warner’s mother); David Chaffin (Michelle Warner’s brother); Fil Waters (Houston homicide detective); Sergeant Brian Harris (Houston homicide detective). 02/14/15

**48 HOURS: “Dangerous Games** - a report on the events that led to the 2012 death of Lizzi Marriott, a 19-year-old New Hampshire woman lured into the dark world of BDSM (bondage, discipline, and sadomasochism) and who twice refused to take part in bondage and S&M sex with her co-worker Kat McDonough and her boyfriend Seth Mazzaglia. Marriott accepted an invitation from McDonough to hang out with her and her boyfriend and watch a movie – and she never returned home. Mazzaglia used McDonough to bring other women into their relationship for his pleasure -- and that, for him, involved ropes and bondage gear, a fantasy brought into the mainstream by the book series and current motion picture, “Fifty Shades of Grey”. Police investigation led to Mazzaglia and McDonough. During interrogation, Mazzaglia said Marriott died accidentally during a BDSM encounter. McDonough told police Marriott was never there, but later, in a plea deal, changed her story. She said Mazzaglia killed Marriott when, after playing strip poker, she twice turned down his requests to initiate sex. After Marriott’s death, they disposed of her body in the ocean. At Mazzaglia’s 2014 trial, McDonough’s testimony was critical. Ultimately, Mazzaglia was found guilty of first degree murder and sentenced to life without parole. **On-screen text graphic:** Lizzi’s family has set up a scholarship in her memory, The Lizzi Marriott Intrepid Ocean Explorer Fund. Kat McDonough will be released from prison in July, 2016. ## 48 HOURS (continued)

02/21/15

**48 HOURS: "Fall From Grace"** - an investigation into the October 2012 death of Bethany Deaton -- whether her death was a suicide, the fundamentalist Christian religious group to which she belonged, her marriage to the group's leader, and the quest by her family for answers. Bethany Deaton was a young wife and nurse, whose lifeless body was found in the backseat of a minivan, in Grandview, Missouri -- a plastic bag over her head, a suicide note, and an empty pill bottle nearby. Deaton's mother believed it was not a suicide and that someone else had a hand in her daughter's death; possibly someone involved in the fundamentalist Christian religious group to which she belonged, and which some people likened to a cult. While in college, and devoted to religion, Bethany was drawn to Tyler Deaton, the leader of the group called "The Community", which was associated with the International House of Prayer (IHOP). Deaton told members what to wear, when to eat and even controlled their romantic relationships. One member says the group had become a full-blown cult. Bethany eventually married Tyler, but the marriage wasn't perfect. There were questions about Tyler's own sexuality; Bethany fell into a deep depression. Police did not believe Bethany killed herself. After the Medical Examiner ruled it a suicide, Micah Moore, another member of "The Community", told police that he had killed Bethany, and was subsequently charged with murder. The case was upended when he recanted his confession. Investigators were unable to substantiate his confession and just weeks before the trial was to begin, charges were dropped against Micah. Questions remained. Was Micah manipulated? Did Tyler have something to do with it? Tyler is ready to admit he played a role in her death, but to what end? Did Bethany really commit suicide, or was it murder, as her mother believes? **On-screen text graphic:** Tyler has filed a claim to Bethany's forty thousand dollar life insurance policy. He plans to pay back the Leidleins for the wedding. Interviewed: Carol Leidlein (Bethany's mother); Tyler Deaton (her husband); Boze Herrington (friend of Tyler and Bethany); Teryn O'Brien (lifelong friend of Bethany's); Penny Cole and Ben Kenney (Jackson County Sheriff's Detectives); Melanie Morgan (Micah Moore's attorney); Eric Leidlein (Bethany's father). (C: Troy Roberts - P: Chris O'Connell, Lindsey Gutterman, Dena Goldstein)

02/28/15

**48 HOURS: "End of the Trail" (9:00-10:00p)** - a report on the investigation into the 2008 murder of educator/artist Carol Kennedy, who was brutally beaten in her home outside Prescott, Arizona. Kennedy's ex-husband, stockbroker Steven DeMocker, became the chief suspect. Police investigation revealed a man who was a serial philanderer, who was struggling with a heavy financial burden, and had a toxic relationship with his ex-wife. Police arrested DeMocker saying they had a strong circumstantial case, but legal maneuvers, court delays and the death of a judge would prolong the case for five years. DeMocker's girlfriend, Renee Girard, then revealed critical information about DeMocker's activities after Kennedy's death: he lived in fear of being arrested for a crime and revealed information about an insurance policy. His large family, including his two daughters Charlotte and Katherine, believe he is innocent. Prosecutors believe he killed Kennedy to avoid paying alimony and to gain access to an estimated \$750,000 life insurance payout. After five years, and nearly \$2 million in taxpayer money, the trial commences. Steven DeMocker is found guilty of first-degree murder; he is sentenced to life in prison without parole. **On-screen text graphic:** Charlotte graduated from college this month with a degree in finance. Katherine will finish law school next year. She hopes to pursue a career as a federal prosecutor. **On-screen text graphic for the 02/28/15 rebroadcast:** Charlotte graduated from college in 2014 with a degree in finance. ## 48 HOURS (continued)

02/28/15

**48 HOURS: "Blaming Melissa" (10:00-11:00p)** - an investigation into the 2009 case of Melissa Calusinski, a young woman who claims she did not murder 16-month-old Ben Kingan while working at a day care center in Lake County, Illinois, despite having confessed to the crime. Also examined are police interrogations, what happens after a confession, and what can happen when a key player in the investigation admits he made a life-altering mistake. Two days after Ben Kingan's death, Calusinski was brought in for questioning; police told her Ben died from a blunt-force trauma to the head and that she was the last adult to have seen him alive. She was interrogated for nine hours, never asked for a lawyer, and eventually confessed to dropping the child in a way that may have led to a head injury. She was convicted of murder, largely on the fact that she had confessed and that the Medical Examiner's report said that the child suffered from fresh injuries to his head. Her family persuaded a newly-elected coroner, Dr. Thomas Rudd, to re-examine the evidence. His findings revealed an older head injury -- a significant discovery. Eventually, state pathologist Dr. Eupil Choi, admitted to missing the old injury in his report. With this information, attorney Kathleen Zellner, who specializes in cases pertaining to false confessions, says that Melissa Calusinski did not receive a fair trial. Advocates say that, under extreme conditions, 60% of people confess to crimes they did not commit. The police say they played by the rules. Two courts have allowed the conviction to stand. Attorney Zellner believes the medical evidence needs to be re-examined, but the State Attorney will not pass it on. Family and friends vow not to give up. **On-screen text graphic:** Melissa lost her first appeal. She plant to try again based on the new medical evidence. Interviewed: Melissa Calusinski; Paul and Cheryl Calusinski (parents); Crystal Calusinski (sister); Ruth Fuller (journalist); Dr. Thomas Rudd (Lake County coroner); Kathleen Zellner (attorney); Deborah Teurkheimer (law professor); Michael Nerheim (States Attorney). **“Who Killed the Prosecutor”** – a report on the questions surrounding the death of Argentine prosecutor Alberto Nisman, who died of a gunshot wound to the head the night before he was to present evidence that the country's President, Cristina Kirchner, had secretly conspired with Iran to cover up Iran's involvement in Argentina's worst terrorist attack -- the 1994 suicide bombing of AMIA, a Buenos Aires Jewish community center. Some theories about Nisman's death are: suicide; government aided murder; revenge murder by former Argentine government spy Jaime Stuisso; or murder by Nisman's coworker, Diego Lagomarsino, who says he gave Nisman the gun for self-defense. Includes interviews with: Diego Lagomarsino, (through translator), Nisman's coworker; Gustavo Perednik, author; and Hector Timerman, Argentine Foreign Minister. Also includes comments by Rodolfo Canicoba Corral, Argentine Judge. (C: Lesley Stahl – P: Shachar Bar-On)

**“Coming Home”** – a report on the former members of Golf Company, 2<sup>nd</sup> Battalion of the 8<sup>th</sup> Marines, a US Marines unit which suffered high casualties in the Afghanistan War. Five years after the first segment “Golf Company” (OAD: 10/11/09), the men held their annual reunion in Washington, D.C., where they visited the graves of their fallen comrades at Arlington National Cemetery. For some of the veterans the war was a defining, motivating experience, while others are struggling with post-traumatic stress disorder (PTSD) and other effects from going to battle. Includes interviews with Golf Company veterans: Lance Corporal Jonathan Quiceno; Corporal Rory Hamill; Colonel Christian Cabaniss; Second Lieutenant Dan O'Hara; and Devin Jones. Also includes an excerpt of First Sergeant Robert Pullen calling the roll of the dead in 2009. (C: Scott Pelley – P: Henry Schuster)

**“The Maestro”** – an interview / profile of New York Metropolitan Opera Music Director James Levine. The conductor fell in 2011 and fractured his spine, leaving him partially paralyzed and on an indefinite leave of absence from the opera. Levine returned to the Met in 2013 with the help of a portable podium to accommodate his motorized wheelchair, much to the delight of the singers and musicians. Includes excerpts from performances at The Metropolitan Opera. Also includes interviews with: Peter Gelb, general manager of the Metropolitan Opera; Placido Domingo, opera singer and conductor; and Stephanie Blythe, opera singer. Also includes comments by opera singers: Angela Meade and Mary-Jane Lee. (C: Bob Simon – P: Ruth Streeter, Kaylee Tully)

**Update:** “Lumber Liquidators” (OAD: 03/01/15)

## 60 MINUTES (continued)

03/15/15

**“Dead or Alive”** – a report on the errors of the Social Security Administration’s Death Master File. Those who are alive and mistakenly put onto the list, can be cut out of existence by banks, the Internal Revenue Service (IRS), Medicare, credit agencies and the like. On the other hand, there have been continued payments to deceased citizens whose names were never put on the list. To combat these errors, the Social Security Administration has started cross-checking with a Medicare list to see who is using Medicare, and if a citizen has been off the list for three years, they gather more information to see if they are dead or alive. Includes interviews with: living Americans declared dead by the Social Security Administration: Don Pilger, Kristina Pace, Betty Denault, and Judy Rivers; Patrick O’Carroll, Social Security Administration’s inspector general; and Sandra Kimbro, who pleaded guilty to accepting her mother’s Social Security benefits, but says it was done so unknowingly. (C: Scott Pelley – P: Patricia Shevlin, Gabrielle Schonder)

**“A Few Good Women”** – a report on the Marine Corps, which is under orders to open up its ground combat units to women -- one of the last all-male bastions in the military. A female has yet to complete its three month Infantry Officer Course. 60 MINUTES followed the course that begins with a combat endurance test in Quantico, Virginia and ends with a hike through the mountain ridges of the Mojave Desert in California. Includes interviews with: Marine General George Smith, in charge of the experiment of integrating women into ground combat units; Second Lieutenant Melissa Cooling, who attempted the infantry officer course; Major George Flynn, who oversees the Infantry Officer Course; Private Nisa Jovell, who completed the enlisted infantry course; Major Scott Cuomo; 2<sup>nd</sup> Lieutenant Nicholas Boire; and 2<sup>nd</sup> Lieutenant Zachary Barbero. (C: David Martin – P: Mary Walsh)

**“Back To The Wild”** – a report on Damian Aspinall’s project to release once-captive gorillas back into the wild, specifically into a forest in Gabon, West Africa. The multimillionaire of Kent, England runs a conservation group, the Aspinall Foundation, and believes keeping animals locked up in a zoo is immoral. After attempting this experiment for a year, and just one month after placing the gorillas into the wild, they discovered five females and one child gorilla died, proving Aspinall’s critics correct: the wild is a not necessarily a place where it is safe for domesticated animals to roam. Includes interviews with: Damian Aspinall and Tara Stoinski, president of the Dian Fossey Gorilla Fund. (C: Lesley Stahl – P: Shachar Bar-On, Alexandra Poolos)

**The Mail** - selected viewer comments about the segment “The Maestro” (OAD: 03/08/15)

## 60 MINUTES (continued)

03/22/15

**“Iraq’s Christians”** – a report from Northern Iraq, where up to 125,000 Christians have been forced to flee from ISIS (ISIL) terrorist violence. Christian homes in Iraq’s second largest city, Mosul, have been marked by ISIS with the Arabic letter ‘N’ for Nasara, an Islamic term for Christians, forcing its residents to either convert to Islam, pay an extortion tax, or be killed. Inhabitants of surrounding villages and towns across the region, known as the Nineveh Plains, have fled the area and are living as refugees in Erbil. Includes interviews with: Father Joseph Ibrahim, monk at Monastery of St. Matthew; Archbishop Nicodemus Sharaf, Archbishop of the Syriac Orthodox Church in Mosul; Issah Al Qurain (through translator), resident who had his house marked; and Archbishop Bashar Warda, Archbishop of Erbil. Also includes comments/footage of Brett Felton, an American veteran of the Iraq War and a man only identified as Khamis - both there to train and assist Christian volunteers. (C: Lara Logan – P: Max McClellan, Jeff Newton, Richard Butler)

**“Rare Earth Elements”** – a report on how China has become the world leader of rare earth metals, essential ingredients used in everything from smart phones and computers, to cars and missiles. The U.S. began the cultivation of these materials at Molycorp, Inc.’s mine in Mountain Pass, California after geologists identified rare earth elements in the Mojave Desert, but it was shut down in 1998 due to environmental concerns. Meanwhile, China took over the industry since they have less environmental constraints around mining and lower labor costs, which translates into lower pricing. Molycorp Inc.’s Mountain Pass mine reopened in 2010. Includes interviews with: Constantine Karayannopoulos, chairman of Molycorp, Inc.; Daniel McGroarty, principal of Carmot Strategic Group; and Ed Richardson, president of the U.S. Magnetic Materials Association. (C: Lesley Stahl – P: Graham Messick, Kevin Livelli)

**“Star-Struck”** – an interview / profile of astrophysicist Neil deGrasse Tyson, director of the American Museum of Natural History’s Hayden Planetarium. **Update:** “The Storm after the Storm” (OAD: 03/01/15)

## 60 MINUTES (continued)

03/29/15

**“Bashar al-Assad”** – an interview with the President of Syria, Bashar al-Assad, who sat down with Charlie Rose in Damascus last week to discuss how the Syrian government has lost control over significant amounts of its territory to terrorist groups like ISIS (ISIL), al Qaeda or Syrian rebel groups during the three-year-old civil war. The dictator is questioned about: attacks on civilians with chemical and “barrel bomb” weapons, the future of his relationship with the United States, and his characterization of surrounding countries in the Middle East. (C: Charlie Rose)

**“Killing Cancer”** – a report on a Duke University clinical trial of an immunotherapy that uses a re-engineered polio virus to kill cancer cells in brain cancer patients, specifically those diagnosed with glioblastoma, a deadly type of brain tumor. So far, 11 of 22 patients treated have died, but the remaining 11 have seen their tumors shrink, and two people introduced in this report have been declared cancer free: Stephanie Lipscomb, the first patient in the trial and Dr. Fritz Andersen, the second. A third patient Donna Clegg died, most likely due to too much of the polio virus injected into her tumor, creating too large an immune response. However this helped guide doctors to lower the dosage for another featured patient, Nancy Justice, who appears to be on the same track to remission as Lipscomb and Andersen, as her tumor continues to shrink with each MRI. Includes interviews with: Dr. Annick Desjardins, neuro-oncologist at Duke; Dr. Henry Friedman, deputy director of Duke's Brain Tumor Center; Dr. John Sampson, chief of neurosurgery at Duke; Dr. Matthias Gromeier, molecular biologist at Duke and creator of the modified polio virus used in the trial; Dr. Peter Marks, deputy director for the FDA; Dr. Darell Bigner, director of Duke's Brain Tumor Center; and trial patients: Stephanie Lipscomb, Dr. Fritz Andersen, Nancy Justice, and Donna Clegg. Also includes comments by: Greg Justice, Nancy's husband and Wayne Clegg, Donna's husband. (C: Scott Pelley – Producers for Part I: Michael Radutzky, Denise Schrier Cetta; Producers for Part II: Denise Schrier Cetta, Michael Radutzky) DOUBLE LENGTH SEGMENT

**The Mail** - selected viewer comments about the segment “Iraq's Christians” (OAD: 03/22/15)

## 48 HOURS

03/07/15

**48 HOURS: "Murder in Aspen"** – a report on the 2013 murder of Nancy Pfister, an Aspen, Colorado socialite/ski resort heiress, and the investigation to find her killer. Pfister came from a family of high achievers, but was also known for a demanding demeanor; even her friends were treated with disrespect, as friend Kathy Carpenter had personally experienced. Nancy Pfister was found dead from blunt force trauma, in the bedroom closet of her home by Kathy Carpenter. She had been alerted that something was amiss by Nancy Styler, who had recently rented the place with her husband Trey Styler, and was in the process of moving out. Police focused on the Stylers because they were involved in a public dispute with Pfister involving the rental home. Pfister came back three months earlier than expected, saying the couple had owed her a large amount of money. Police believed Nancy Styler harbored anger over the way Pfister treated the couple. They also believed Trey Styler, who suffered from a neurological disorder, was incapable of killing anyone. Days after the murder, both were arrested and charged with murder. Soon after, Kathy Carpenter was also arrested, and charged with murder. Police believed the women had bonded over Pfister's seeming indifference to them. Three months later, a bombshell: Trey Styler confessed and said that he and he alone had killed Nancy Pfister. He agreed to tell the details of the crime in exchange for a 20-year sentence and his wife's unconditional freedom. The charges were dropped against both women, but they claim that the prosecution's continued insistence that they were somehow involved in the murder has convicted them in the court of public opinion. Kathy Carpenter still faces the threat of prosecution should more evidence be found. Nancy Styler can never be charged. **On-screen text graphic:** Nancy Styler has filed for divorce, gone back to take her maiden name and moved to another state. Interviewed: Nancy Styler; Kathy Carpenter; Mark Seal (writer/48 HOURS consultant); Tim Mooney, David Koffend, Michael Cleverly (Pfister friends); Juliana Pfister (daughter); Andrea Bryan (Assistant District Attorney); Lisa Miller (DA Chief Investigator); Sherry Caloia (District Attorney); Greg Greer (Carpenter defense attorney); Garth McCarthy (Styler defense attorney). ## 48 HOURS (continued)

03/14/15

**48 HOURS: "Bruce Beresford-Redman: The Verdict" (9:08 - 10:08p)** – an updated followup to "Prison Diaries" (OAD: 11/15/14), itself an update of "Fatal Episode: The Producer's Story" (OAD: 02/25/12; Rebroadcast: 09/22/12), a report on former reality show producer Bruce Beresford-Redman, who was accused of murdering his wife Monica Burgos, while on a 2010 vacation in Cancun, Mexico. This broadcast includes the verdict: Beresford-Redman has been found guilty of homicide and sentenced to twelve years in prison. Included are new interviews with his mother Juanita Beresford-Redmond, his wife's sister Carla Burgos and her attorney, Allison Treesle. The 09/22/12 rebroadcast included a phone interview with Beresford-Redman, who maintained his innocence, from the Mexican prison where he was being detained while awaiting trial. Today, until the Mexican court system decides his guilt or innocence, Beresford-Redman remains incarcerated. Recently, over a period of four months, with a camera provided by 48 HOURS, he recorded diary entries in his cell and elsewhere around the prison compound and took viewers inside his life behind bars. Unlike many of his cellmates, Beresford-Redman has been able to pay for food to be brought in, but he describes the Mexican prison system as a dirty, rat-infested village with razor wire around it. There are about 1,800 men, women, and children living in a prison originally built for 700 people. Also included is the first sit-down interview with Beresford-Redman, as well as interviews with his parents, and his wife's sisters. 11/15/14: On-screen text graphic: The judge can take as long as he wants to make a decision. **03/14/15: No On-screen text graphic for this broadcast.** Interviewed: Bruce Beresford-Redman, Jeanne and Carla Burgos (Monica's sisters); Juanita and David Beresford-Redmond (Bruce's parents); Sonya Tsiros (U.S. Consul General for the Cancun area); Jen Heger (Radar Online reporter); Pat Fanning (criminal defense lawyer); Jaime Cancino (one of Bruce's attorneys); and Emily Hamilton (tourist who was assaulted) (C: Troy Roberts - P: Josh Yager, Ana Real, Paul LaRosa)

## 48 HOURS (continued)

03/14/15

**48 HOURS: COLD CASE: "Who Killed Amy Gellert?" (10:08 - 11:08p)** - the first in a new short-run series focusing on long-unsolved murders. Each broadcast will go in-depth into a hard-to-close case and present new reporting along with the existing evidence. This report focuses on a 1994 home invasion in Cocoa Beach, Florida, which led to the murder of 21-year-old Amy Gellert. Gellert had interrupted an intruder holding her parents hostage. Startled, the masked man stabbed her mother Charlotte (Bunny) Lehton and her stepfather, Robert Lehton. He fled, where he encountered Gellert in the driveway. Her killer was never caught. Multiple suspects have emerged since that fateful night. The cold case team of Major Todd Goodyear, Lt. Carlos Reyes, Marlon Buggs and Wayne Simock discuss their theories about the case: the unusual weapons used (a dagger and a prop gun), the intruder (characteristics, accent, etc.), and the possibility of a targeted attack. Ultimately, two main suspects have emerged: Scott Manley (someone who Gellert had met in drug rehab) and Dominic Kanuika (who admits to driving by the crime scene) and a possible connection between the two men. **On-Screen Text Graphic:** If you have information about Amy Gellert's murder contact: The Brevard County Homicide Unit. Email: [majorcrime@bcso.us](mailto:majorcrime@bcso.us). Call: Central Florida Crimeline: 1-800-423-TIPS. Interviewed: Charlotte and Robert Lehton; Mark Gellert, Ryan Gellert (brothers); Andrea O'Dell (Amy's best friend); Major Todd Goodyear, Marlon Buggs, Wayne Simock, Lt. Carlos Reyes. (C: Erin Moriarty - P: Lisa Freed)

03/21/15

**48 HOURS PRESENTS: "The Bizarre Saga of Robert Durst"** - a report on new details in the case of millionaire Robert Durst (and a followup to 48 HOURS MYSTERY: "The Mystery of Robert Durst" (OAD: 03/17/04, Rebroadcast 09/09/04). Durst was recently arrested in New Orleans for the 2000 murder of his friend Susan Berman, following the broadcast of the six-part HBO documentary "The Jinx". He still remains a suspect in the disappearance of his first wife, Kathie Durst. Also included is an exclusive interview with his attorney Dick DeGuerin, who tells 48 HOURS Correspondent Erin Moriarty that he's eager to go to court and that the prosecution has a "weak circumstantial evidence case" against Robert Durst. Durst, the son of a prominent New York City real estate family, is no stranger to controversy. He remains a suspect in the 1982 disappearance of his first wife, Kathie Durst. At the time of Berman's death, Durst was hiding out in Galveston, Texas, masquerading as a woman and trying to avoid authorities who wanted to talk to him about his wife's disappearance. Berman, the daughter of a well-known Las Vegas mobster, was shot dead in her Los Angeles home; police suspected a mob hit. Durst was not considered a suspect until he became involved with the death of Morris Black in Galveston, claiming he accidentally killed Black in self-defense, then cut up his body. A jury eventually acquitted him of murder. Now, the HBO documentary has raised questions regarding Berman's death, and police now believe that a destitute Berman was possibly blackmailing Durst because she knew details about Durst's disappearance, and that comments made by Durst during the program will lead to a conviction. Durst's attorney Dick DeGuerin comments on the current publicity, the evidence, and how Durst is eager to get to California to prove his innocence. Included interviews with: Dick DeGuerin (attorney); Paul Coulter (Los Angeles Detective); Jim McCormack (Kathie Durst's brother); Jack Leonard (Los Angeles Times writer); Dr. Alexander Sasha Bardey (Forensic Psychiatrist); Lisa DePaulo (New York Magazine writer); Steven Silverman (Berman friend) (C: Erin Moriarty - P: Chuck Stevenson, Judy Rybak, Liza Finley, Greg Fisher, Lisa Freed, Linda Martin)

## 48 HOURS (continued)

03/28/15

**48 HOURS: "The Pretender"** - an updated rebroadcast of "The Pretender" (OAD: 05/31/05), a report on the case that has inspired the 2015 theatrical film "True Story", which recounts how Christian Longo posed as discredited New York Times journalist Michael Finkel, while on the run in Mexico -- after murdering his wife and children in Oregon in 2001. At the time, Finkel, who admitted to fabricating a portion of a story on child slavery in Africa, was fired by the newspaper and had retreated to Montana in disgrace. Christian Longo, a married father of three, was living in Oregon where he moved for a fresh start, after committing a series of crimes in Michigan. In reality, Longo was a pathological liar and con man. Soon after, Longo was on the run, charged with killing his wife MaryJane and his three children. It was then that Finkel and the police learned that Longo had assumed Finkel's identity. Finkel, curious to learn why someone would want to steal his identity, met with Longo and, based on conversations, a series of letters and phone calls, put together an account of events leading up to the murders and Longo's apprehension, which he used as a way to resurrect his ruined writing career. Christian Longo was tried, found guilty of the murders and sentenced to death. He has since changed his story and is working on an appeal. Finkel authored a book, "True Story: Murder, Memoir, Mea Culpa", which is the basis for the theatrical release starring Jonah Hill and James Franco. **On-screen text graphic:** Prosecutors say Christian Longo's appeals are likely to last five to ten years. Oregon now has a moratorium on the death penalty. Michael Finkel took Longo's advice and married his girlfriend, Jill. The couple now has three children. Interviewed: Michael Finkel; Christian Longo; Jill Barker (Finkel's girlfriend); Trish Miller, Fred Farkas (detectives); Penny Dupuie, Sally Clark (MaryJane Longo's sisters); Denise Thompson (Longo babysitter); Tom Taff, Janina Franke (met Longo on the run); Dick Hoch (truck driver); Josh Marquis (Oregon District Attorney). (C: Maureen Maher - P: Miguel Sancho, Gail Zimmerman, Chris Young) (Producers for the 03/28/15 Rebroadcast: Miguel Sancho, Gail Abbott Zimmerman, Chris Young Ritzen) (OAD: 05/31/05, 1st Rebroadcast: 05/27/06)

**Topic:** The safety record of the Toledo Lucas County Public Library downtown facility has been subjected to scrutiny and media attention in recent months. As it is a public, tax-supported facility, its doors remain open to all – including a number of disturbed individuals and criminals whose behavior in this place has caused problems. For most who use the library system, their library visit is a pleasant and rewarding experience. This editorial reinforces that the library administrators fully comprehend the importance of its patrons' safety.

**Title:** Public Library Security – One and Done

**TRT:** 00:01:15

**Topic:** The Toledo Lucas County Public Library System is forced to deal with abhorrent and criminal behavior. With public facilities accepting about 3 million library visitors in a year, security is an issue. Even though criminal and unacceptable behavior is subjected to consequences, the time has come to deal more swiftly and harshly with drug and alcohol issues, theft and sexual misconduct. The penalty for any of these behaviors must be "ONE AND DONE!" If the library administrators want to send a message that patron safety is paramount, editorial endorses the institution of a ONE AND DONE policy for the most egregious offenders.

**TRT:** 00:01:15

**Topic:** The vaccination vexation is a battle which most of us thought was won long ago. The decision to vaccinate should be about the greater good and what that has meant to tens of millions of children weighed against the rare adverse effect. Seen in this simple equation, vaccinating children should be the overwhelming choice; to do otherwise is to invite unnecessary and possibly widespread illness and possible lifelong consequences.
