

Certification of Commercial Material
In Children's Television Programs
for
Station KNDB, BISMARCK, NORTH DAKOTA

This Certification of Commercial Material in Children's Television Programs applies to Children's Programs broadcast by this station during the October 1, 2017 to December 31, 2017. As used herein, the term "Children's Program(s)" means a program originally produced and broadcast primarily for children 12 years of age and under.

This certifies that during the past calendar quarter the above referenced Station, its network and/or its syndicators, formatted and broadcast the children's programs, which are subject to the commercial limits (i.e., directed towards children 12 and under) to assure that they would be within the statutory limits permitted for commercials and commercial matter in such programs. All other Children's Programming aired during this quarter was directed toward children ages 13 and above.

This certifies that, during the past calendar quarter, the Station has complied with the commercial requirements of 73.670(b),(c)&(d) of the FCC's rules regarding the display of website addresses.

Sherry Nelson

Title: President

Date: 1/4/18

E/I Program Synopses & TV Rating Information

Series Title	Synopsis	Rating	Target Audience
Xploration Awesome Planet	<p>Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location visited. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. Not only are gigantic glaciers that behold their beauty visited, but discoveries made on why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as Xploration Awesome Planet strives to understand places on the earth, inside the earth and above the earth. Xploration is a half-hour weekly E/I series produced with the intention of increasing and expanding interest in the field of STEM education.</p>	TV-G	13 to 16

<p>Xploration Outer Space</p>	<p>Each week our host Emily Calandrelli takes viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. *When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. Xploration Outer Space is a half-hour weekly E/I series produced with the intention of increasing and expanding interest in the field of STEM education.</p>	<p>TV-G</p>	<p>13 to 16</p>
<p>Xploration Earth 2050</p>	<p>What will the world look like in 2050? Where will advancements in science, technology, engineering, and mathematics lead us? Xploration Earth 2050 strives to answer these questions and more with scientists, inventors, doctors, science fiction writers, and creative thinkers. This half hour weekly series, produced primarily for the 13-16 year old target audience will appeal to the whole family. Viewers will be taken on an educational adventure as the show tackles future challenges in everything from transportation to health care to the environment. Xploration Earth 2050 is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education.</p>	<p>TV-G</p>	<p>13 to 16</p>

<p>Xploration Nature Knows Best</p>	<p>Produced primarily for the 13-16 target audience, Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist, Danni Washington, exudes energy as she related how technology all around us was inspired by nature and how modern innovators are continuing with this practice. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery.</p>	<p>TV-G</p>	<p>13 to 16</p>
<p>Xploration Weird But True</p>	<p>Produced primarily for the 13 - 16 target audience, this series will explore a new topic each week to uncover the "Weird But True" science at play all around us. This series inspires teens to question the HOW and WHY behind the way our world works, and encourage them to discover answers to their most curious questions.</p>	<p>TV-G</p>	<p>13 to 16</p>
<p>Xploration DIY Sci</p>	<p>Produced primarily for the 13 - 16 target audience, this series encourages the discovery of scientific concepts through experiments viewers can do at home. Viewers will be taken through step-by-step demonstrations of do-it-yourself experiments that maze but which also relate back to solid principles of science. This series will help kids understand how they can discover the principles of science with items they can find in their very own home.</p>	<p>TV-G</p>	<p>13 to 16</p>
