

Elect Cindy Gobel 1023 Copy Script

Hi there! This is Cindy Gobel, reaching out because the November election is just around the corner and I'm running for auditor!

I'm running because I've got decades of experience working in all four fields of the auditor's office: that's licensing, recording, elections, and rural Animal Services. I've also got a law degree from Seattle U.

As your auditor I'm ready to use my experience and legal background to provide services worthy of your trust and respect.

If you've got any questions, contact me through my website at cindygobel.com.

That's Cindy G O B E L dot com.
