In the ongoing effort to slow the virus' spread... Governor Kay Ivey released a message today encouraging all Alabamians to mask up.

("Today we are at war with an invisible enemy. Not that long ago, families across Alabama helped America turn the tide in World War II. Some joined the front lines in combat, while others led the fight on the home front. Those sacrifices helped our nation win the war and go on to define the Greatest Generation. Now, we must answer today's call. By comparison, our sacrifice is small. But each of us can do our part. Mask up Alabama!")
