1. Applicability: The Station complies with the law in selling time to Candidates. Accordingly, we provide reasonable access to Station facilities for all legally qualified federal candidates. However, we reserve the right to determine the non-federal candidates to whom we will sell time. Once time is sold to a federal or non-federal candidate, equal opportunity rights are afforded to all legally qualified opponents of that Candidate. These policies apply only to legally qualified Candidates for public office for the races that Station is accepting advertising from, as set forth in Section 2 below. These policies are not applicable to political action committees or to non-candidate, or “issue” advertising.

- All federal races; and
- All state and local races

Some of the factors we consider in making these decisions include the number and importance of state and local races, the constraints imposed by Station’s obligation to afford reasonable access to federal Candidates, the availability of inventory, and potential programming disruption. Station may choose not to sell time at all for certain state and local races, or to limit the sale of time to state and local races, or to limit the sale of time to state and local Candidates to certain programs or dayparts.
- c) No more than **16x M-F 6a-7p and 4x Sa-Su 6a-7p per week at the LUR/Preemptable Without Notice rate class.** *This does not apply to federal Candidates. Stations will afford reasonable access to federal Candidates as required by federal law.*

10. Make Goods: The Station will use its best efforts to provide make good Advertisements prior to the election for Candidate Advertisements that are preempted due to technical problems, coverage of significant issues of public importance, or because of the nature of the time purchased. Although the Station’s policy is to offer all Candidates make goods prior to the election, it cannot guarantee to any Advertiser (either commercial or political) that the make goods can be provided in the time period or rotation originally ordered. If inventory constraints preclude such identical scheduling, the Stations will offer make goods of equivalent value. If these make goods are not acceptable to the Candidate, the Station will provide a credit or refund for the value of the preempted Advertisements, at the option of the Candidate.

14. Classifications: The Station offers advertisers the following general classes of time:

- a) **Non-Preemptable Spots Aired During Specific Rotations/Programs:** These spots will run in accordance with the terms of the contract./order accepted by Station, except in the event of unforeseen program changes or technical difficulties. The Station sells non-preemptible spots for a variety of dayparts, programs and rotations, including, without limitation, those set forth in the Political Rate Card attached hereto. Non-preemptable rates for these dayparts and for particular programs are subject to change on a weekly basis, based upon supply and demand. During lowest unit charge periods, Candidates will be provided with the lowest rates for non-preemptable spots for the specific dayparts, programs and rotations in which Candidates express interest. At other times, Candidates will be provided with rates comparable to those received by commercial advertisers for non-preemptable spots for rotations, programs and dayparts in which Candidate expresses interest.
- b) **Preemptable Spots Aired During Specific Programs/Dayparts:** These spots are not guaranteed to run, and may be preempted without notice. These spots are sold to commercial advertisers with the understanding that they will run, unless the station sells out its inventory in a particular program or daypart. Accordingly, the probability of clearance varies constantly based on supply and demand. Generally, whether a commercial advertiser preemptable spot will be preempted depends on the price of a spot, length of a flight, and make-up of the schedule purchased. The Station sells immediately preemptable spots for a variety of dayparts and programs listed in the Political Rate Card attached. During lowest unit charge periods, Candidates will be provided with lowest rates for ROS spots for the rotation in which the Candidates express interest and the Station will not preempt such spots except (i) in the event of unforeseen program changes, (ii) due to technical difficulties, and (iii) in the event that the Stations sells non-preemptible time, to fulfill a non-preemptable advertisement in a sold-out situation. At other times, Candidates may purchase preemptable daypart/program spots at rates comparable to those received by commercial advertisers and will receive treatment comparable to such advertisers with respect to preemption. The Station's attempts to provide make-goods for these preempted spots, but due to inventory constraints, cannot guarantee that such spots can be made good.

Because rates and clearance probabilities for these spots change frequently, candidates should contact us to receive the current rates when placing a buy.

The Political Rate Card list only represents typical dayparts/classes that may be available on the Station but are not the only available dayparts/classes available. Candidates are encouraged to discuss their particular requirements with the Station's political account representative. The Stations will negotiate rotations other than those listed based on the request of the Candidate.
