6) **Total # of Interviewees Referred:** For the period from September 22, 2006– September 21, 2007, this Employment Unit interviewed 41 interviewees from outside sources and 1 interviewee from inside referrals for full-time job vacancies.

7) **Supplemental Recruitment Initiatives.**

(a) **Initiative: Establishment of training program to enable station personnel to qualify for higher- level positions.**

The General Sales Manager has established a sales training program for Sales Assistants and or Sales Trainees to acquire the necessary skills to advance to the position of Account Executive. The training entails viewing and studying twenty-two comprehensive sales tapes provided by Quantum Marketing and discussing the materials. A test is given covering the materials discussed in the sales tapes. This program started in July 2004. During the period of this report we trained our third individual from Sales Trainee to Account Executive based upon participation in the training.

(b) Initiative: Listing of each upper-level category opening in a job bank or newsletter of media trade groups whose membership includes substantial participation of women and minorities.

Spots N' Dots is a widely read trade newsletter which includes the listing of broadcast job opportunities. This trade publication, which we believe is read by a substantial number of women and minorities in the industry, is delivered via fax and email on a daily basis. We post upper level job openings in this periodical. In particular, the vacancies for three Local Account Executives, and a Local Sales Assistant was posted in this newsletter.

8) KMVU-TV is considered a “small market station” as defined by the FCC as residing in a MSA of fewer than 250,000 persons.
