Dear Mr. Carrera:

We received your response to our letter, dated December 7, 2005, regarding the election of Must Carry for the Midcontinent Communications cable television systems in Cody and Valentine, NE (the "Systems"). I left you a voice mail message today but thought I'd also follow up by letter.

Pursuant to Section 614(b)(1)(B) of the Communications Act, 47 U.S.C. 534(b)(1)(B), and the implementing regulations of the Federal Communications Commission (the "Commission"), Midcontinent may be required under certain circumstances to carry local commercial television stations assigned to the same Designated Market Area ("DMA") as the Systems. 47 C.F.R. § 76.55(c). DMA assignments for the period January 1, 2006 through December 31, 2008 are those specified in the 2003-2004 Station Index published by Nielsen Media Research ("Nielsen"). See 47 C.F.R. §§ 76.55(e)(2)(ii), 76.64(f). Nielsen's 2003-2004 Station Index assigned Cherry County, Nebraska, where the Systems are located, to the Sioux Falls (Mitchell), South Dakota DMA; KCEC-TV, however, was assigned to the Denver, Colorado DMA. Under the Commission's rules, therefore, KCEC is not a local commercial television station for the 2006-2008 election period with regard to the Systems. During this election period, KCEC may elect mandatory carriage only on cable systems located in the Denver, Colorado DMA and is not entitled to carriage on the Midcontinent Systems located in the Sioux Falls (Mitchell), South Dakota DMA. KCEC's election regarding the Systems, therefore, is misdirected.

If you have any questions or need additional information, please call me at (952) 844-2622.

Sincerely,

Midcontinent Communications,

Thanks for your call today. As I explained on the phone, we are in receipt of a must carry election letter from you for KCEC for our Medicine Bow, Wyoming system.

1. The letter came to LB Cable. We purchased this system from LB in June of this year; please update your records to reflect the new contact information as listed below.
2. Our Medicine Bow system is a very small (26 subscribers) system with very limited (330 MHz) bandwidth. We may not have the space to launch your station at this time, but would be willing to work with you to launch as soon as it is technically feasible.
3. Please respond to this e-mail with all your contact information, as well as that of your engineer. I have copied Vance Johnson, our western general manager, on this e-mail; he and your engineer can discuss technical aspects, including channel space and your signal reach, to see if and when we can launch your station.

We appreciate your patience as we work towards meeting both of our goals.

Sincerely,

**Re: Must-Carry Election**

Dear Ms. Goldberg:

The Satellite Home Viewer Improvement Act of 1999 and the Satellite Home Viewer Extension and Reauthorization Act of 2004 require that Echo Star Communications Corporation ("EchoStar") carry all local stations in a market where EchoStar carries at least one station pursuant to a compulsory copyright license, and the Rules and Regulations of the Federal Communications Commission (the "Commission") require us to make a carriage election for the 2006-2008 election cycle by October 1, 2005. Therefore, pursuant to Section 76.66(c)(4) of the Commission's Rules, we hereby submit the following election request:

Station KCEC(TV), Denver, Colorado (the "Station") hereby elects carriage by must-carry in the Denver, Colorado DMA for the election cycle commencing on January 1, 2006. The Station acknowledges that it will bear the costs, if any, associated with delivering a good quality signal to EchoStar's designated local receive facility in the Station's DMA. Given that the Station is currently carried by EchoStar, delivery of a good quality signal has already been established.
