SUBJECT: QUARTERLY ISSUES REPORT

DATE DUE: April 10, 2013

QUARTER: First Quarter 2013

This is to certify that we are continuing to provide programming as shown in the list updated 7/12/2012.

Issues for this quarter:

1. Economy
2. Poultney 20-20
3. Health care implementation
4. Education
5. Local events and fund-raisers

The economy seems to be coming back a bit but is very sluggish; our news reports continue. We also continue to cover events to help to help boost the local economy; bringing more people to each town encourages them to shop there.

The 20 to 35 age group decreased over 30 percent in Vermont in the past 10 years. Green Mountain College proposed "Poultney 20-20" – an initiative to integrate students more with the community and get them involved enough to want to stay.

After a discussion with guidance personnel, we brought in a high school student who was interested in radio for a combination job-shadow/intern experience.

We continue to interview Lieutenant Governor Phil Scott about state issues and the position of the state, particularly on health care. The Lt. Governor is also a businessman and can add his outlook from that perspective

(Signed)

Judith E. Leech

Vice President and General Manager

The regular talk show host had a relapse and the show had to be cut back severely for this quarter.
