

KKED-FM

Fairbanks, AK Quarterly Issues/Programs List 3rd Quarter 2020

October 9, 2020

Issues

KKED-FM provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **COVID-19:** Covid-19 continues to be the most highlighted community issue in Alaska, during Q3. Alaska was inundated with COVID-related facts, resources, and news, and cases spiked during Q3. School began remotely due to the fear in a rise in cases.
- **Public Health:** Most of the public health issues were related to COVID-19, addiction and recovery, and mental health.
- **Local Economy:** The COVID-19 pandemic changed the economy in multiple ways: with the closures of businesses, stay home orders, school starting remotely, social distancing, travel quarantine mandates, and then moving into the reopening of the city and state. The permanent fund dividend was distributed early to each Alaskan on July 1st.

Section I

LOCAL PROGRAMMING

Section I lists regularly-scheduled and special programs that represent the station's issue-responsive programming providing the most significant treatment of the issues listed above for the calendar quarter.

ISSUE	PROGRAM/TITLE	DESCRIPTION	DATE/TIME	DURATION
