KKED-FM
Quarterly Issues/Programs List

KKED provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

POLITICS: This will be a robust political year with many seats in Alaska up for election and the unfortunate death of our long-seated Congressman, Don Young, causing a special election to happen this summer. There is also discussion of the permanent fund dividend and whether the state will approve to give two PFDs this year.

PUBLIC HEALTH: A prominent health issue in Q1, 2022 was air quality - there were many days of burn restrictions for those with wood stoves due to the poor air quality in Fairbanks. The most prominent public health issue continues to be COVID-19 and the new variant on the Omnicron variant. The move to have companies with more than 100 employees mandate the vaccine was lifted. Mental health continues to be addressed throughout Q1, with the focus on young adults and the negative consequences of isolation & quarantining the past two years.

EDUCATION/SCHOOL DISTRICT: The school board decided to lift the mask mandate in January, 2022 for in classroom teaching. Sports and social events were increased for school age population during Q1, 2022.
