<b>Synopsis:</b>	A recently-released study found that compulsive texting impacts girls and boys differently. Teenaged girls who compulsively text are more likely to suffer academically. Psychologist Dr. Amy Beth Taublieb found problems with how the survey was administered but recommended that parents know their children and take notice of any behavior changes, which could indicate problems.

<b>Synopsis:</b>	The PA Supreme Court has agreed to hear arguments about the constitutionality of Act 13, the oil and gas law that's been mired in legal battles since it took effect in 2012. Act 13, which created the existing impact fee structure was designed to clarify and streamline state regulations in the wake of Marcellus Shale boom. Issues to be addressed will include a req. that only public drinking water systems, not private well owners, be notified of gas and oil spills; the so-called gag rule that prevents physicians from revealing info about fracking chemicals, and the ability for companies to utilize Eminent Domain to transport, sell or store natural gas.
