**KMOX-AM Programs That Address Community Issues
(Regularly Scheduled Public Affairs Programs)
1st Quarter, 2024
(January 1, 2024 – March 31st 2024)**

<u>Public Affairs Program</u>	<u>Schedule and Descriptions</u>
1. Total Information AM	(Monday through Friday, 5:00AM to 10:00 AM; Saturday 5:00AM to 7:00AM; Sunday 7:00AM to 9:30AM) Locally-produced program, including interviews and news features, hosted Monday through Friday by Debbie Monterrey, Megan Lynch, Tom Ackerman; Saturday and Sunday by Scott Jagow.
2. The Chris and Amy Show	(Monday through Friday, 10:00 AM to 1:00 PM) Locally-produced program hosted by Amy Marxkors and Chris Rongey contains in-depth coverage of the day's top story with top names in the news. The show provides a balanced approach to discussing the news. It provides an upbeat, fresh and intelligent take on the stories that matter most to you. The guests and topics run the gamut from pop culture to pop science, from the headlines to the movies, and from the national news to the talk at the water-cooler.
3. The Dave Glover Show	(Monday through Friday, 1:00PM to 5:00PM) – (Programs are occasionally pre-empted by play-by-play sports.) Locally-produced program hosted by Dave Glover discussing breaking news, in-depth coverage of the day's top story, top names in the news, and celebrity interviews. All of this with Dave's unique observations.
4. At Your Service	Monday – Friday Evenings, Saturdays and Sunday -- (times are varied depending on sports play-by-play). Locally-produced program featuring hosts answering questions from listeners regarding self-help issues. This program will occasionally feature guests to discuss topics; hosted Hancock & Kelley on Politics, Brad Young on legal, Scott Mosby giving home-improvement advice; Michael Miller, giving gardening tips; Greg Damon answering questions about automobile repair; and David Simons and Michael Brown answering financial questions.

Business & Economy

ISSUE: AI articles
SHOW: Dave Glover
DATE: 1/8/24
LENGTH: 10:00
HOST: Dave Glover
GUEST: George Rosenthal
ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

HOST: Fred Bodimer
GUEST:

ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

Health Matters - January 6, 2024

Dr. FRED BUCKHOLD, SLU Care General Internist at SSM Health Saint Louis University Hospital, and a professor of medicine at St. Louis University School of Medicine. What's his take on St. Louis City recommending everyone go back to wearing a mask in public -- and mandating mask wearing for City workers

GRETEL SCHULLER, managing editor of health for U.S. News and World Report. U.S. News and World Report is out with its list of the Best Diets for 2024. What diets made the list?

SHANNON MILLER, 7-time Olympic medalist. In 2011, Shannon Miller was diagnosed with a rare form of ovarian cancer. She survived but suffered a lot of GI problems while going through chemo. She is offering advice and hope for cancer patients dealing with chemo. She advocates supportive care -- and use of the Enterade drink to help deal with symptoms. How did her sports background help her in her struggle? What's her take on the 2024 USA Olympic gymnastic hopefuls?

ISSUE: Health
SHOW: Health Matters
DATE: 1-27-24
LENGTH: 60 Minutes
HOST: Fred
GUEST:

ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

Health Matters - January 27, 2024

Dr. FRED BUCKHOLD, SLU Care General Internist at SSM Health Saint Louis University Hospital, and a professor of medicine at St. Louis University School of Medicine.

Dr. ZIYAD AL-ALY, clinical epidemiologist at Washington University School of Medicine. Dr. Al-Aly testified before Congress last week about the dangers of long covid. He told lawmakers long covid is on par with the burden of cancer and heart disease.

Dr. MARC SIEGEL, FOX News Chief Medical Correspondent; MEG TILLEY, CNN Medical Correspondent; MICHAEL GEORGE, CBS News Correspondent. A new study found that a blood test can now detect the key protein that indicates whether someone has Alzheimer's disease. The blood test was found to be 96 percent accurate.

ISSUE: Health
SHOW: Health Matters
DATE: 2-10-24
LENGTH: 1 hour
HOST: Fred Bodimer
GUEST:
ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

Health Matters - February 10, 2024

Dr. SARAH GEORGE, professor of infectious diseases at Saint Louis University School of Medicine -- and a researcher at SLU's Vaccine Center. SLU researchers are enrolling participants in a 2-in-1 COVID and Flu vaccine clinical trial. How will this work?

Dr. WENDY MOBLEY-BUKSTEIN, Associate Professor of Pharmacy Practice in the College of Pharmacy and Health Sciences at Drake University. We are in the midst of cold and flu season, and that means many of us are taking a lot of acetaminophen. But we need to be aware of the dangers of accidentally overdosing on the popular medicine.

Dr. TRANG NGUYEN, Washington University surgical oncologist at Siteman Cancer Center. Country music icon Toby Keith died this week at the age of 62 -- after a two year battle against stomach cancer.

ISSUE: Health
SHOW: Health Matters
DATE: 2-24-24
LENGTH: 1 hour
HOST: Fred Bodimer
GUEST:
ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

Health Matters -- February 24, 2024

Dr. FRED BUCKHOLD, SLU Care General Internist at SSM Health Saint Louis University Hospital, and a professor of medicine at St. Louis University School of Medicine. Hundreds of rural hospitals are in danger of shutting down -- why is that?

Dr. JAMES WEDNER, professor of medicine and Director of the Allergy and Asthma Center at Washington University School of Medicine. The FDA has approved a drug to treat severe food allergies - including milk, eggs and nuts. It is called Zolair.

Dr. GEORGE ANASSTAS, associate professor of medicine at Washington University School of Medicine and leader of the solid tumor treatment program at Siteman Cancer Center. The FDA has approved a treatment for melanoma. It is a cell-based immunotherapy and it is a first to treat a solid cancer. How does it work? Who can get it? How common is melanoma? Warning signs?

ISSUE: Health
SHOW: Health Matters
DATE: 3-16-24
LENGTH: 1 hour
HOST: Fred Bodimer

GUEST:

ORGANIZATION:

SUMMARY OF TOPIC DISCUSSED:

Health Matters - March 16, 2024

Dr. ALEX GARZA, SSM Health Chief Community Health Officer -- and co-leader of the St. Louis Metropolitan Pandemic Task Force. It's been four years since the World Health Organization officially declared COVID-19 a pandemic. How is the COVID of 2024 changed from the COVID of 2019?
Dr. ELISA PORT, chief of Breast Surgery at Mt. Sinai Health System in New York. Actress Olivia Munn revealed this past week that she was diagnosed with breast cancer last year and underwent four surgeries in the last 10 months, including a double mastectomy. She was diagnosed with an aggressive form in both breasts, despite testing negative for all cancer genes in a genetic test and having just had a normal mammogram. She only found her cancer because her OBGYN calculated her Breast Cancer Risk Assessment Score at 37-percent and ordered more testing. What is that test?

ISSUE: Health
SHOW: Health Matters
DATE: 3-30-24
LENGTH: 1 hour
HOST: Fred Bodimer

SUMMARY OF TOPIC DISCUSSED:

Health Matters - March 30, 2024

Dr. FRED BUCKHOLD, SLU Care General Internist at SSM Health Saint Louis University Hospital, and a professor of medicine at St. Louis University School of Medicine. What does Dr. Buckhold think about a new study that finds women who binge drink have an increased risk of heart disease?

Dr. RANDI MOZENTER, clinical psychologist on staff with Washington University School of Medicine and Barnes Jewish Hospital. Following Tuesday morning's collapse of the Key Bridge in Baltimore, lots of people with a bridge phobia are seeking help. What is bridge phobia? How common is it? How is it treated? What is systematic desensitization?

Dr. MARK DYKEWICZ, SLU Care allergist and chair of the Department of Allergy and Immunology at Saint Louis University School of Medicine. A United Nations climate group says there is clear evidence to show global warming is making our pollen seasons arrive earlier, last longer, and be more potent.

Dr. JON LAPOOK, CBS News Chief Medical Correspondent -- on Princess Catherine's cancer announcement from last week. What is preventive chemotherapy? What type of cancer is this? How early might this have been detected? How do cancer patients react once they hear the diagnosis?
