

There follows a listing of some of the significant issues responded to by WRAM, along with the most significant programming treatment of those issues for the period of: October 1, 2018 to October 31, 2018. The listing is by no means exhaustive. The order in which the issues appear does not reflect any priority or significance.

Description of Issue	Program/Segment	Date	Time	Duration	Narration of Type and Description of Program/Segment
Education	Morning Show Interview	1-Oct	8:15 AM	15 MINUTES	<p>The Monmouth Kiwanis Club is starting up a new program to provide socks and shoes to children in the Monmouth-Roseville school district. Member Julie Shaw reports on the program: "This our first year. It's a program called Kiwanis Kicks. This is supported by Kiwanis 210 foundation, Footwear Foundation. We are wanting to raise money for kids' grades 1 through 3 here in the Monmouth-Roseville school district. Those kids whose families may have difficulty providing proper footwear for their children. So we would like to provide a pair of shoes and a pair of socks for those children. To do that, we are asking businesses or anyone interested, to donate \$25 per child, or to sponsor a child for \$25. Our goal is to reach about \$3,000 for the first year," Shaw shares.</p> <p>Their future goal is to eventually provide socks and shoes to children in grades 1st through 8th grade and expand into other</p>
Agriculture	Morning Show Interview	5-Oct	8:15 AM	15 MIN	<p>Harvest has started off to a slower start this season and Agronomist of Cornelius Seed, Craig Allaman, believes that is due to the farmers waiting for their crops to dry out: Beans are also beginning to come out, which is ideal before the moisture gets too high. Allaman states that with one more rain, the lower leaves will be knocked off and the beans will be fully ready for harvest. Diseases are never a good thing, especially when it comes to a farmers' crop. Allaman, reports that our area had some grey leaf spots set in late this season, which caused some of the corn to shut down a little bit early. Looking in surrounding areas, Allaman has heard reports of a fairly new disease called 'tar sports': Most of these diseases that are present are due to</p>
Community	Morning Show Interview	13-Oct	8:15 AM	15 MINUTES	<p>It's National Fire Prevention Week and this year's theme is 'Look, Listen, Learn, Be Aware, Fire Can Happen Anywhere'. With colder weather setting in, space heaters and fireplaces will be put to use again. Monmouth Fire Chief Casey Rexroat, offers safety tips to avoid fires in your home:"Especially with space heaters and such, you want to keep that away from furniture and things like that. No extension cords, you want to plug it right into the outlet. Keep away from furniture and walls and don't run the cords</p>

					<p>Keep away from furniture and walls and don't run the cords under rugs.</p> <p>Chief Rexroat also wants to remind listeners to also be careful and aware when hanging decorations and while using candles. Fall is here and that means leaves will be falling from the trees. For those that like to burn the leaves in their yard, Monmouth Fire Chief Casey Rexroat reminds listeners of when to safely burn:</p> <p>"Leaf burning you can do Monday through Saturday from noon until 8 pm. No burning on Sunday. The only thing you can do on Sunday is have a wiener roast, as long as its a recreational fire. No yard waste burning on Sunday. As long as your keep it small and stay with it. Don't light the fire and go in the house. Don't</p>
Education	Morning Show Interview	17-Oct	8:15 AM	20 minutes	<p>The Monmouth-Roseville Board of Education met earlier this week and one item discussed was the hiring of two Student Support Specialists, Dave Giles and Amy Rogers, and how they have been a great addition to the district. Since the addition of the Student Support Specialists, Fletcher has already seen families reaching out and building new relationships with each other. On November 15th, the Monmouth-Roseville school district is teaming up with the Regional Office of Education and the Warren County Public Library to host a family reading night. The event will be held at Lincoln School.</p> <p>The Monmouth-Roseville School District has hired a third</p>
City	Morning Show Interview	18-Oct	8:15 AM	20 minutes	<p>The North Pre-Treatment Plant in Monmouth, which handles the processing of specific waste products that are produced by Smithfield Foods before entering the main facility, will be undergoing to repairs. Woodard & Curran is currently handling the design and implementation of the improvements. One item discussed was the appointment of Joe Clark as the new Building Official and Zoning Director for the city. Lew Steinbrecher, City Administrator, reports more: Clark was currently serving as the 84th Alderman and with his new employment, he had to resign as Alderman. To view the full summary of the meeting minutes, visit</p>
Health	Morning Show Interview	24-Oct	8:15 AM	15 MINUTES	<p>October is breast cancer awareness month, but it is important to be aware all year long. Director of Diagnostic Imaging at OSF Holy Family Medical Center, Mary Mowen, shares it is important to perform self-exams monthly, beginning at a young age, and it is suggested to have a yearly mammogram. Mowen shares screening guidelines offered by the American Cancer Society:</p> <p>Treatment options have grown over the years and Mowen believes new technology is on the horizon. Be aware of your</p>

					<p>believes new technology is on the horizon. Be aware of your body and make sure to call and schedule an appointment today at 734-1446. Walk-ins are always welcomed on Wednesday afternoons from 1 to 4pm.</p> <p>"Their screening guidelines recommend women aged 40 to 44 should start having mammograms if they chose to do so. Women aged 45 to 54 should have a screen every year and those 55 and</p>
