The above is a listing of the significant issues responded to by the stations, along with the most significant programming treatment of those issues for the period 4/1/23 – 6/30/23. The listing is by no means exhaustive. The order in which the issues appear does not reflect any priority or significance.

**Other programming of note to the community included:**

- KELD-FM / KVMZ-FM also ran a combined total of 377 recorded PSA's between 4/1/23 – 6/30/23 with announcements for the following organizations and topics: This does not include the national PSA's we run when possible that are inserted randomly as time permits in evening and weekend programming. **Due to a Master Server failure and loss of data and replacement of that server, PSA count only reflect 6/12/23 – 6/30/23. The number above can safely be multiplied x 3 months for a ballpark figure.**
