

FCC website issues. I tried to upload a revised political order for Codington CO Republican Women on 10-26-20. The FCC website kept returning error messages and would not let me upload. I tried most of the afternoon and into the evening with no luck. I tried the website again the morning of 10-27-20 but the site was still returning error messages. I called the FCC and the customer service person told me they were aware of the problem and were trying to fix it. I confirmed the problem was the FCC's and not mine. Here is a screen shot of one of the messages from 10-26-20:

The FCC website is still down as of 10:30am 10-27-20. Unable to upload political information. Here is a screen shot from 10-27-20
