Mr. Lewis Pulley  
Assistant Chief, Policy Division  
Media Bureau  
Federal Communications Commission  
445 12<sup>th</sup> Street S.W.  
Washington, D.C. 20554

Dear Mr. Pulley:

This letter, together with attached Exhibits 1 through 12, serves as the response by Stonecom Cookeville, LLC (the “Licensee”), licensee of WBXE(FM) in Baxter, Tennessee, to the Media Bureau’s request for audit data relating to the station’s EEO program dated February 26, 2018.

WBXE(FM) is part of the employment unit comprised of the following commonly owned radio stations (the “Employment Unit” or the “Unit”):

- WBXE(FM), Baxter, Tennessee (Facility Id: 31426)
- WUCT(AM), Algood, Tennessee (Facility Id: 39797)<sup>1</sup>
- WLQK(FM), Livingston, Tennessee (Facility Id: 73212)
- WKXD(FM), Monterey, Tennessee (Facility Id: 31387)

These four stations operate in and serve primarily the Cookeville, Tennessee, market.

The responses to the relevant audit data requests are set forth below, and the required documentation is provided in the attached Exhibits.

\*\*\*\*\*

***Audit Data Request 3(a).*** *[Provide] [c]opies of the Unit’s two most recent EEO public file reports, described in Section 73.2080(c)(6). For any stations in the Unit that have websites,*

---

<sup>1</sup> WAXT(AM), as this station is listed in the EEO Public File Reports, changed its call sign as of January 1, 2017 to WUCT(AM).

*provide each web address. If the Unit's most recent EEO public file report is not included on or linked to on each of these websites, indicate each station involved and provide an explanation of why the report is not so posted or linked, as required by Section 73.2080(c)(6). In accordance with Section 73.2080(c)(5)(vi), provide the date of each full-time hire listed in each report provided. If the unit does not have its own website, but its corporate site contains a link to a site pertaining to the unit, then the unit's most recent EEO public file report must be linked to either the unit's site or the general corporate site, pursuant to 47 C.F.R. § 2080(c)(6).*

**Response:** The Employment Unit's EEO Public File Reports covering April 1, 2015 through March 31, 2016, and April 1, 2016 through March 31, 2017, are attached as Exhibits 1 and 2, respectively. With respect to any inconsistencies between the information provided in the Unit's EEO Public File Reports and the instant response, the information contained herein shall control and, to the best of the Unit's knowledge, is true and correct.

WBXE(FM)'s website is located at: <http://rock937online.com/>. WUCT(AM)'s website is located at: <http://newstalk941.com/>. WLQK(FM)'s website is located at: <http://literock959.com/>. WKXD(FM)'s website is located at: <http://1069kickscountry.com/>.

For each website, the Unit's most recent EEO Public File Report is, and at all relevant times has been, available from the *Contact Us* dropdown menu, *Public File* link on each website listed above.

The Employment Unit filled the following full-time positions on the indicated dates, as reported in the attached Exhibits:

<b>POSITION</b>	<b>DATE FILLED</b>	<b>RESPONSE EXHIBIT NO.</b>

\*\*\*\*\*

**Audit Data Request 3(b).** *For each Unit full-time position filled during the period covered by the above EEO public file reports, or since your acquisition of the Station, if after that period, [provide] dated copies of all advertisements, bulletins, letters, faxes, e-mails, or other communications announcing the position, as described in Section 73.2080(c)(5)(iii). However, to reduce your burden of responding to this audit, if you have sent a job notice to*

*multiple sources, you may send us only one copy of each such notice, along with a list of the sources to which you have sent the notice. In addition, indicate in your response whether you retain copies of all notices sent to all sources used, as required by Section 73.2080(c)(5)(iii). For on-air ads that aired multiple times, you may send us one log sheet indicating when the ad aired and tell us the other times it aired instead of providing multiple log sheets. Also, tell us whether you have retained all the log sheets for each time the ad aired. We may ask for them for verification, but you need not provide them at this time. Include, however, copies of all job announcements sent to any organization (identified separately from other sources) that has notified the Unit that it wants to be notified of Unit job openings, as described in Section 73.2080(c)(1)(ii).*

**Response:** The Employment Unit filled ten (10) full-time vacancies during the applicable period. For these job openings, the Employment Unit has attached (as Exhibits 3-10) all available copies of advertisements, bulletins, letters, faxes, emails, or other communications announcing the job opening and all available documentation that such communications were sent to recruitment sources used by the Employment Unit—the Exhibits consist primarily of job descriptions. No recruitment source has requested to be notified of Unit job openings pursuant to FCC Rule 73.2080(c)(1)(ii). The job descriptions/vacancy announcements in the attached Exhibits 3-10 were sent to each recruitment source listed on page 1 of the applicable EEO Public File Report.

The Unit does not have available copies of all vacancy notifications sent to recruitment sources at this time. The Unit kept records of vacancy notifications as they were sent and referral sources for its interviewees on an annual basis. In other words, the Unit retained required records for the 2015-2016 reporting period until it completed and placed in the public inspection files the annual EEO Public File Report, and then, in error, discarded these records some time thereafter. The Licensee failed to retain the required records due to a misunderstanding about the Commission's recordkeeping requirements. The Licensee was unaware that records needed to be retained for the entire license term rather than the annual EEO reporting period. The President/General Manager has been advised of the requirements by counsel and additional training on the recordkeeping rules will be provided.

As stated in Exhibits 5, 6, and 7, these positions were filled with existing part-time or full-time employees who went through widespread recruitment earlier. Accordingly, these positions were not subject to the widespread recruitment requirement with respect to their promotions.

The Unit used on-air announcements to advertise the Marketing Executive positions that were filled in July and September 2016 (Exhibit 8). Records demonstrating when these on-air announcements aired are included with Exhibit 8. These are the only log sheets for vacancy announcements that are available.

\*\*\*\*\*

***Audit Data Request 3(c).*** *In accordance with Section 73.2080(c)(5)(v), [provide] the total number of interviewees for each vacancy and the referral source for each interviewee for*

*all full-time Unit vacancies filled during the period covered by the above-noted EEO public file reports.*

**Response:** The total number of interviewees for each vacancy and the referral source for each interviewee for all full-time vacancies filled during the applicable period are as follows:

<b>POSITION FILLED</b>	<b>DATE FILLED</b>	<b>NO. OF INTERVIEWEES</b>	<b>REFERRAL SOURCES FOR INTERVIEWEES</b>

**Audit Data Request 3(d).** *[Provide] [d]ocumentation of Unit recruitment initiatives described in Section 73.2080(c)(2) during the periods covered by the above-noted EEO public file reports, such as participation at job fairs, mentoring programs, and training for staff. Specify the Unit personnel involved in each such recruitment initiative. Also, provide the total number of full-time employees of the Unit and state whether the population of the market in which any station included in the Unit operates is 250,000 or more. Based upon these two factors, determine and state whether the Unit is required to perform two or four initiatives within a two-year period, pursuant to Sections 73.2080(c)(2) and (e)(3). If you have performed more than four initiatives, you may provide documentation for only four and summarize the rest instead of providing documentation for all of them. If we believe any of the initiatives you have documented are inadequate, we may ask for more information, but documentation for four is all we need at this time.*

**Response:** The total number of full-time employees of the Employment Unit varies over time. The total number of full-time employees in the Employment Unit as of April 12, 2018 was eighteen (18). The Employment Unit is located in Cookeville, Tennessee, which is located in the Cookeville, Tennessee Micropolitan Statistical Area (“MSA”). The MSA has a population fewer than 250,000 people. By the Employment Unit’s calculation, the Employment Unit is required to perform two (2) initiatives in each applicable two-year period.<sup>2</sup>

During the period of time covered by the two most recent EEO Public File Reports, the Employment Unit engaged in the following outreach initiatives described under Section 73.2080(c)(2) and has attached, as Exhibits 11 and 12, documentation demonstrating performance of the following recruitment initiatives:

<b>Scholarship Program (47 C.F.R. § 73.2080(c)(2)(vii))</b>

<sup>2</sup> As a station with more than 10 full-time employees, but located entirely in a smaller market, the Unit must perform two initiatives every two years. See 47 C.F.R. § 73.2080(c)(2).

***Audit Data Request 3(e).*** Disclose any pending or resolved complaints involving the Station filed during the Station's current license term before any body having competent jurisdiction under federal, state, territorial or local law, alleging unlawful discrimination in the employment practices of the Unit on the basis of race, color, religion, national origin, or sex. For each such complaint, provide: (1) a brief description of the allegations and issues involved; (2) the names of the complainant and other persons involved; (3) the date the complaint was filed; (4) the court or agency before which it is pending or by which it was resolved; (5) the file

or case number; and (6) the disposition and date thereof or current status. Note that all complaints must be reported, regardless of their status or disposition.

**Response:** There are no such pending or resolved complaints during the specified time period.

\*\*\*\*\*

**Audit Data Request 3(f).** *In accordance with Section 73.2080(b), from the first day of the Station's current license term (or the date the licensee became the owner, if after that date) until the date of this letter, describe the responsibilities of each level of Unit management responsible for implementing Unit EEO policies and describe how the Unit has informed employees and job applicants of its EEO policies and program.*

**Response: Enforcement of EEO Policies.** The Unit is managed by the President/General Manager and three (3) other Department Heads. The Employment Unit's President/General Manager, in consultation with the Business Manager, is responsible for ensuring enforcement of the Unit's EEO policies. The President/General Manager oversees the hiring, terminating, and daily supervising of employees.

The President/General Manager has taken steps to monitor and enforce the Employment Unit's EEO policies on a continuing basis and is actively involved in the preparation of EEO Public File Reports. The Business Manager keeps records of who is interviewed and what referral source the interviewee was referred from, and provides summaries to the President/General Manager for his use in preparation of the EEO Public File Report each year. Annually, during a first quarter meeting, the President/General Manager discusses EEO procedures with each Department Head. The Unit has created an "Employment Opportunity Template" to be used as a guideline when posting job vacancies—this template describes the procedures for opening a position, creating a job description, notifying recruitment sources, gathering records, and making a hire. The Department Heads, along with the President/General Manager, discuss job vacancies and hiring needs, and the President/General Manager approves each job vacancy listing.

*Unit's Efforts to Inform Employees and Applicants of EEO Policies and Program.* Each candidate for employment is informed during the job application process of current EEO policies. Candidates are also informed that an ongoing EEO program is in force so that each employee is aware of federal, state, and local employment laws. The Unit holds Department Head meetings each year where EEO policies and issues are discussed.

The corporate website [www.stonecomradio.com](http://www.stonecomradio.com) and each station website, on-air announcement, and job vacancy announcement states that the Unit is an Equal Opportunity Employer.

For example, WBXE's website, [www.rock937online.com](http://www.rock937online.com), contains a link to "Job Opportunities," at the bottom of the page as shown below:

When potential applicants click on “Job Opportunities” they are taken to a webpage where they can view Employment Unit job opportunities. This webpage features a statement concerning the company’s status as an equal opportunity employer, as shown below:

**EMPLOYMENT OPPORTUNITIES**

Rock 93-7 is an Equal Opportunity Employer. Rock 93-7 and its parent company Stonecom are always looking for outstanding air talent, sales and marketing professionals, and support personnel. We are very interested in giving local high school students the chance to begin an exciting career in broadcasting.

It is the policy of Rock 93-7 not to discriminate against any employee or any applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability, sexual orientation or national origin.

This policy shall include, but not be limited to, the following: recruitment and employment, promotion, demotion, transfer, compensation, selection for training including apprenticeship, layoff and termination.

**Current Stonecom Employment Opportunities:**

[Link: EEO Reports](#)

For job applicants, the Employment Unit generally includes on vacancy recruitment notices the following statement: *Stonecom Cookeville LLC Is An Equal Opportunity Employer.*

A similar statement is also included in the Employment Unit’s on-air announcements of job vacancies and on employment applications.

Thus, in the aggregate, the Employment Unit educates, at numerous points and through various media, its employees and applicants about its non-discrimination and equal opportunity policies.

\*\*\*\*\*

***Audit Data Request 3(g).*** *In accordance with Section 73.2080(c)(3), from the first day of the Station’s current license term (or the date the licensee became the owner, if after that date) until the date of this letter, describe the Unit’s efforts to analyze its EEO recruitment program to ensure that it is effective and to address any problems found as a result of such analysis.*

**Response:** The Employment Unit routinely monitors and analyzes its EEO recruitment program to verify that it reaches as many potential candidates as possible. The President/General Manager prepares the annual Public File Reports and actively participates in the recruitment and interview process to ensure the Unit is following its EEO program. Any concerns or issues are addressed promptly by the President/General Manager.

Recently, in an effort to target the “next generation” of broadcast employees, the President/General Manager and Department Heads developed a three-year plan with respect to outreach initiatives—under this plan, this group of managers has developed a cycle of visiting one of three different area schools per year to interview potential talent. The Unit also began targeting online recruitment sources, such as Facebook and other websites to reach potential job candidates. Additionally, this group of managers periodically, informally evaluates the effectiveness of this “next generation” focus, adding new recruitment sources and removing older sources that are no longer useful.

Finally, in January 2018, the Unit’s Business Manager began updating the Unit’s EEO mailing list, expanding the Unit’s efforts to include southeastern universities that offer a broadcast curriculum. In addition to existing recruitment sources routinely utilized for vacancies, the President/General Manager has begun a monthly search of indeed.com to search for potential candidates who might fulfill roles in sales and news for the Unit. Similarly, the Unit’s programming staff annually reaches out to prospective part-time announcers across the Upper Cumberland area who could grow as announcers within the Unit. These efforts are made as a result of the Unit’s evaluation and analysis of its outreach initiatives and in an effort to inform and reach a broader and more varied segment of the community.

\*\*\*\*\*

***Audit Data Request 3(h).** In accordance with Section 73.2080(c)(4), from the first day of the Station’s current license term (or the date the licensee became the owner, if after that date) until the date of this letter, describe the Unit’s efforts to analyze periodically its measures taken to examine pay, benefits, seniority practices, promotions, and selection techniques and tests to ensure that they provide equal opportunity and do not have a discriminatory effect. If the Unit has one or more union agreements, describe how the Unit cooperates with each union to ensure EEO policies are followed for the Unit’s union-member employees and job applicants.*

**Response:** *Compensation and Benefit Levels.* The President/General Manager, in consultation with the Business Manager, evaluates compensation levels on an annual basis to ensure the levels provide equal opportunities for all employees and do not have a discriminatory effect.

*Seniority Practices and Promotions.* The President/General Manager conducts verbal performance appraisals for each employee at least once each year and otherwise on an as-needed basis. Internal promotions are based upon the results of the performance appraisals as well as commitment to the work of the stations in the Unit. The President/General Manager keeps

current employees informed of job growth and new positions. Any current employee interested in an opening is interviewed and considered.

*Selection Techniques.* After providing notices of job vacancies to the community, the selection process is based upon the experience, qualifications, and talents of the candidates. The President/General Manager, in consultation with relevant Department Heads, makes hiring decisions.

*Union Agreements.* There are no unions present at the Employment Unit, but, if there were, the Licensee would cooperate with any union to ensure EEO policies are followed for the Employment Unit's union-member employees and job applicants.

\*\*\*\*\*

The remaining audit data requested is not applicable. The Licensee is not a religious broadcaster, and none of the stations in the Unit are brokered.

The Employment Unit is placing a copy of this letter and the attached Exhibits in its Public Inspection Files.

### BILL PENN SCHOLARSHIP

Lite Rock 95.9 and our Stonecom radio family wanted to recognize a member of our team celebrating 30 years of commitment to the broadcast community in the Upper Cumberland. That commitment went far beyond the doors of our building as it included work with local businesses, local listeners, and the community as a whole.

Bill Penn has worked for at least one of the stations in our group for more than 30 years. We believed that the best way to honor him was to find the next Bill Penn.

We established the **Bill Penn Scholarship**, giving a deserving student in the Upper Cumberland the chance to follow in his footsteps through a career in radio, television, journalism, marketing or public relations. The scholarship provides a beginning to a student interested in our business — someone who could build their own career in the tradition of caring, honesty, friendliness, integrity and dedication to the profession that Bill embodies.

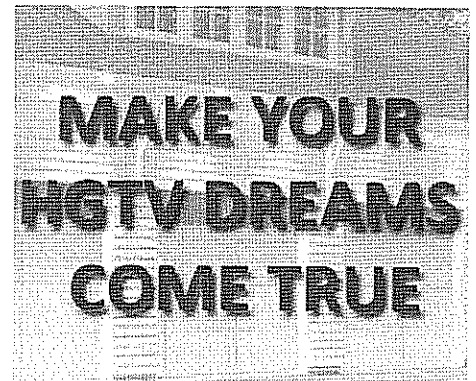

The Bill Penn Scholarship will be presented each spring and is open to seniors who plan to pursue a college degree in the areas of broadcasting, journalism, marketing and public relations. A plaque hangs in our Stonecom lobby honoring all recipients of the award. To apply for the scholarship, simply fill out the Bill Penn Broadcast Scholarship Application Package.

### DEKALB COUNTY'S HANNAH JAMES WINS BILL PENN BROADCAST SCHOLARSHIP

Dekalb County High School Graduate Hannah James has been named the winner of the Bill Penn Broadcast Scholarship.

James will receive \$1,000 toward her secondary education from the team members at Stonecom Radio, Rock 93-7, Lite Rock 95.9, 106-9 Kicks Country, and Cookeville's News Talk 100.9/AM 1600.

During her time at DeKalb County High School, James held the offices of FBLA State Office Secretary, Student Council Vice President, and Liberty Club President. Furthering her extracurricular work, she was the Co-Captain of the soccer team, and went to Journalism Conference in Washington D.C.

The award honors the long broadcast career of Bill Penn, who announced his retirement in June following more than 35 years serving Cookeville and Putnam County through his radio work. Penn most recently served as traffic director/business manager for the stations of Stonecom.

"Our team wanted to do something to honor Bill's long-time service to this community, his loving nature, and his just plain goodness," Stonecom President Larry Stone said at Penn's retirement dinner. "His teammates believed that the best way to honor Bill was to find the next Bill Penn - by giving a student in the Upper Cumberland the chance to follow in his footsteps through a career in radio, television, journalism, marketing or public relations. Someone who could build their own career in the tradition of caring, honesty, friendliness, integrity and dedication to the profession that Bill embodies."

James becomes the second winner of the scholarship, which will be presented each spring. This fall, James travels east to attend the University of Tennessee at Knoxville where she will pursue a degree in Public Relations.

Penn began his broadcast career in 1974 in Vevay, Indiana. He worked in radio in east Tennessee including stops at Knoxville's WNOX. Penn arrived in Cookeville in 1981 working for owners including Dwight Henry and Joe Wilmoth.

"Bill Penn has been that glue for so many years," Stone said. "In my time in Cookeville, I've seen first-hand just how Bill could pull it all together and keep radio people working in harmony. And that, in itself, is a

Larry,

First of all, thank you for coming to speak to our students; we are so GRATEFUL to have you speak. The students you are speaking to are young business students trying to decide their major concentration in business...they have much to choose from: finance, acctg, business information systems, general management, operations management, human resources, international business.

I think your personal story is compelling, talking about your dealings with hiring, firing, interviewing, recruiting your team would also be interesting. What are you looking for in a new hire? Why do you hire the ones you do and why would you not hire someone? Advice on building your brand is also a great story. If you want to bring promotional items to give out or bring folks from your team with you, that's awesome too. If you have a site you want to go to or a short PowerPoint to show, we have two large projection screens that pull down for you to use, just bring your presentation on a flash drive so you can "plug and play".

You will need to speak about 35 minutes and leave about 10 open to questions. The session starts at 4:30 in Johnson Hall auditorium on TTU campus. I will have a parking spot reserved for you with a white sawhorse stating that it is reserved for a college of business special guest on the library side of Johnson Hall.

Here is my cell number 931-303-3059. Please feel free to call if you have any questions.

Thanks, Larry.

Best,

Amy Jo
