## **ISSUES**

### **Politics & Government**

Several political stories dominated the final months of 2013. This quarter WZVN followed a national political story developing in the heart of Southwest Florida. District 19 Representative Trey Radel admitted to buying and doing cocaine in Washington, D.C. He is the first congressman ever to face these types of charges. WZVN extensively covered his federal hearing, his public apology to his constituents in Southwest Florida, and his recovery in rehab. WZVN uncovered potential politicians who may run for his seat if he resigns. Congressman Radel's former opponents like Chauncey Goss, Gary Aubuchon, and Paige Kreegel are likely candidates. For the first time since 1994, the federal government shutdown. WZVN uncovered which agencies would begin furloughs as well as the potential impact to Southwest Florida's economy. We also cover one of the most anticipated political races of 2014. Governor Rick Scott and former governor Charlie Crist officially file to run. The gubernatorial race is expected to be one of the most expensive of 2014.

### **Health & Medicine**

Doctors in Southwest Florida are seeing an alarming trend in flu cases. A doctor in Fort Myers tells WZVN he has seen the flu virus year-round for the first time in 30 years. Health officials are urging families to get vaccinated with this season's flu shot. A Collier County student makes national headlines after receiving a so-called fat letter from her

school district. The 11 year old girl is 5'3" and 127 pounds. The school letter said Lily's weight was in the at-risk category. Florida state law requires students to get health screenings at the start of the school year.

### Economy & Local Development

WZVN discovers Lee County commissioners will consider using millions of taxpayer dollars to lure a business to the area. However, officials do not know the name of the company. The consideration comes shortly after a very similar deal to lure global car rental company, Hertz to Lee County. Hertz is scheduled to launch its new headquarters in 2015. WZVN also covered Hertz' groundbreaking live during our 9am newscast. Hertz is expected to bring more than 700 jobs to the county. Governor Rick Scott attended the ceremony saying that this is an example of the type of economy communities want to build, by drawing large companies into the state.

### Crime & Personal Safety

WZVN closely covers a mysterious disappearance of a West Palm Beach mother with ties to Southwest Florida. Kimberly Lindsey was last seen at Florida Gulf Coast University with her daughter for parents' weekend. Investigators later discovered her body in a sugarcane field in Hendry County. Detectives say her ex-husband killed her. We also highlight an unsettling case of stalking in Lee County. A middle-aged man followed two Cape Coral teens for several miles after a late-night movie. The man told police he thought the girls wanted him to spend time with him because they smiled at him. A record number of animal abuse charges have been filed in Charlotte County. Thirty-eight cases ended with sentencing during the 2012-2013 fiscal year. WZVN discovers that's 29 more than the previous year. Also, ABC News was the first network to offer a special report after a shooter begins firing inside the crowded LAX airport. A TSA agent was killed

### Weather & the Environment

WZVN tracks a red tide bloom off the coast of Lee County. The bloom threatens tourism and begins to kill marine life. WZVN found several dead fish lining the coast, from Captiva south to Bonita Springs beach. The bloom not only harms the environment but can also exacerbate breathing problems for people. WZVN takes viewers to the center of a national story. Dozens of pilot whales are found stranded in the Everglades. Wildlife officials don't know why the whales have beached themselves. Several have died and others refuse to head into deeper water. WZVN broadcast live from the Everglades to show how environmentalists were working to save the animals. Also, unseasonably warm temperatures could damage Florida's citrus crop. The trees are not preparing for cooler temperatures, so a cold snap could kill the trees.

## Community Services

This quarter WZVN covered several events of volunteers coming together to offer Thanksgiving meals to the less fortunate in Southwest Florida. This year, officials with “Feeding the 5,000” believe they actually fed close to 8,000 people. The Thanksgiving meals are possible through monetary donations and more than 1,000 volunteers. Also more than 2,000 Immokalee farm workers and their families received a Thanksgiving meal. It’s something the families likely could not afford themselves. WZVN also covered a heartbreaking story in Cape Coral. A 9 year old boy was orphaned after police say his father killed his mother, then tried to kill himself. We learned the boy’s neighborhood came together to help him celebrate the holiday after the tragedy. The neighbor who organized the donations, Robert Soler, says he was overwhelmed by the response of the community.

The following brief entries outline a sampling of the coverage provided by WZVN during this quarter. This is meant to be a sampling only and not an exhaustive list of the coverage of the previously cited community issues.
