Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer, Brandon McMillan operates a training facility known as the Lucky Dog Ranch where his mission is to rescue hard-to love and untrained dogs and find them homes. The show focuses on exercising responsibility and developing a sense of appreciation for life and animals. Life lessons are an integral part of the theme of rescuing these animals from death and providing a second chance for life. In order to accomplish his goal, McMillan must investigate what each animal needs to find the appropriate method to retrain them, so that the animals will make welcome family members. Through watching his interactions with these animals, the viewer is encouraged to be sensitive to our own and other's behavior, and shown how we as individuals can make a difference. This program aired on the KGAN main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hosted by Mo Rocca, this program is a weekly celebration of the inventor's spirit; from historic scientific pioneers throughout past centuries to the forward-looking visionaries of today. Each episode inspires young viewers to dream, create and innovate by telling the dramatic stories behind the world's greatest inventions and the perseverance, passion and price required to bring them to life. Episode examples include innovators who have condensed a TV satellite truck into a backpack, how solar roads could power the world, and a 16- year-old who invented a battery-free flashlight. This program aired on the KGAN main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America's animal species. This program aired on the KGAN main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. This program explores the marine ecosystem from tributaries, rivers, and oceans. Viewers will develop an understanding that we are "key" in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population, such as marine mammals dying from the ingestion of plastic, and toxic waste in our waterways, which can destroy the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program aired on the KGAN second digital channel 2.2.

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

This program is inspired by real-life cases handled by the United States Postal Inspection Service. In the program, a teenage boy who is paralyzed due to a car accident, works as an intern at the U.S. Postal Inspector's lab assisting his U.S. Postal Inspector mom in solving crimes which include internet scams, identity and mail theft, and consumer fraud. The program educates young people about making the right choices in their daily lives, encourages open communication between teens and parents and includes positive messaging regarding living with disabilities, overcoming challenges, beating the odds and the power of perseverance. This program will air on the KGAN main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North America's animal species. This program will air on the KGAN main digital stream.

Program Title	Aqua Kids Adventures
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays, 1/5/19-3/30/19, 11:00-11:30am, 11:30am-12:00pm
Total times aired at regularly scheduled time	26
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program explores the marine ecosystem from tributaries, rivers, and oceans. Viewers will develop an understanding that we are "key" in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population, such as marine mammals dying from the ingestion of plastic, and toxic waste in our waterways, which can destroy the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program will air on the KGAN second digital channel 2.2.
