

## **KSJT –FM San Angelo, Texas & KPTJ –FM San Angelo, Texas**

### **Problems (Issues) & Programs List**

#### **June 2022 Q2**

Both stations are locally managed and involved in the community daily. The two stations serve the community by providing information on local events, changes within our community and creates awareness on issues within the city.

We have live/local DJ's who broadcast:

AM - News, charity fundraisers, school menus, garage sales, hiring, and community bulletin board.

PM – New, weather, live interviews informing on a topic such as politics

Problems that have been identified by company management include:

1. Upcoming Voting
2. City road closures
3. Continued issue with staffing in businesses

Programs aired to address issues

1. Announcing information on where to register to vote
2. Working with announcing for the city the info on the road maintenance and closures
3. Live Program that talks and airs certain job listing and companies looking to hire

Both stations also air weekly church programming for a total of six hours per station.

Most PSA's are provided by the Ad council or recorded within our studio.
